Last year, we introduced TechMNXT to build a future ready Tech Mahindra.

Among other dimensions of TechMNXT, in the year 2018-2019, we extended that philosophy to the people function powered by our own drive to FUTURise together, to build TECHMHRNXT. This was envisaged as being disruptive, challenging all conventions and building a culture of innovation and empowerment for all our associates. We embarked on a journey focused on convergence of technology and empathy powering the next generation of human experiences. We embraced and empowered diversity, we launched programs that help our associates to live, learn and lead better lives.

Together we created our culture statement,
our light house to guide us everyday as TechMighties,

“We drive positive change, celebrate each moment
and empower all to RISE™.”

MANAGING DIRECTOR & CHIEF EXECUTIVE OFFICER'S COMMUNIQUE

**C. P. Gurnani**

Managing Director & Chief Executive Officer

Creating a Company with a Purpose

Dear Shareholders

Last year, we commenced on a journey of transformation where we relentlessly focused on execution while maintaining our goal of being a Next Gen Services Partner through TechMNxt. It is with great pride that we look back at our FY19's digital transformation journey. We had a significant uptick in our digital share, our digital revenues registered a growth of over 41% annually and we were recognized with one of the biggest rankings worldwide - listed among the top 15 companies in the Forbes Digital 100, a ranking of organisations that are shaping the digital economy. Your company was also the highest-ranked non-US company in the list.

Partner Ecosystem: Grow beyond the sum

Technology drives demand, and demand drives more technology. We live in a world where customer needs are getting more specialized, more complex and collaboration is the key to managing this new ecosystem. Today, through TechMNxt, we work with some of the best startups in emerging technology areas like Artificial Intelligence, Machine Learning, IoT, Blockchain and many others. Our rich partner program enables adoption of assorted technologies creating better solutions and services for customers and more importantly, paving the way for collaborative disruption.

We had a satisfactory year with revenue growth coupled with significant margin expansion. We ended the year with a revenue growth of 12.9% at INR 34,742 crores and our profit after tax was INR 4,298 crores up by 13% from FY18. In dollar terms, we ended the year with revenue of USD 4,970.5 Mn representing a growth of 4.2% and constant currency growth of 5.8%. This year has been a milestone year in many aspects. We ended the year with 290 bps improvement in EBITDA margin over FY18. Our strategy of growing verticals outside of Communications has paid off, with the Manufacturing vertical now crossing one billion dollars in Revenue in FY19. With our relentless focus on cash conversion, we generated a record free cash flows of INR 3,708 crores in FY19. We also initiated our maiden Share Buyback this year as part of our capital allocation policy.

During the course of the year, we saw a turnaround in our communication business with a growth of 3.8% CQGR between Q1 & Q4 FY 2019. We continue to expand our industry leading capabilities in Communication business as we position ourselves to capture the '5G Wave'. We have been investing in developing capabilities and partnerships addressing multiple facets of 5G roll-out and our investments in AltioStar or Rakuten 5G testing lab are examples of our commitment in this area.

Our Enterprise business grew at industry rates of 8.0% YoY and growth of 9.7% on constant currency basis in FY19. We continue to add capabilities through acquisitions such as in Inter-Informatics Group and Dynacommerce that are focused on sharpening our abilities in key areas. We also optimized efficiency in our

portfolio companies while driving synergy deals leading to improvement in growth and margins.

Sustainability : Key Focus

Creating sustainable value and outperforming the competition has never been more challenging. Empowered customers are defining business on their own terms. Business leaders need to ask themselves:

- How can I increase profitability by doing more with less?
- What does it mean to be a responsible business in a digital world?
- How can I measure and share a positive impact on society?

To address these, we have integrated sustainability into our company's core strategy. Tech Mahindra believes in extending its radius of responsibility beyond immediate benefit to long-term good.

At the Global Climate Action Summit 2018, anchored by Mission 2020 consortium, your Company, along with twenty-one global digital powerhouses, announced the launch of the Step Up Declaration, a new alliance dedicated to harnessing the power of the fourth industrial revolution, to help reduce greenhouse gas emissions across all economic sectors and ensure a climate turning point by 2020.

We are focused on leveraging technology to provide green solutions that spur responsible growth, and in India, we are actively engaged in various Smart City projects in Gandhinagar, Kanpur, Jaipur and the Pimpri Chinchwad belt in Maharashtra. Combined with our global Managed Services capabilities and an industry-leading ecosystem of partners, we are a single window partner for concept to roll out to management for Smart City solutions.

Rise for Good

Tech Mahindra Limited implements all its Corporate Social Responsibility activities through Tech Mahindra Foundation, a Section 25 company (referred to as a Section 8 Company in the Indian Companies Act, 2013). The Foundation's social work currently focuses on school and higher technical education, employability, and disability. As on March 31, 2019, the Foundation was running more than 150 projects across 11 locations in India and during 2018-19, the Foundation impacted over 36,723 primary beneficiaries. The initiatives under the higher technical education are carried out through Mahindra Educational Institutions (MEI).

Employability: SMART (Skills for Market Training) is the Foundation's flagship employability programme, currently at 100 centres and growing. The employability programme trained close to 19,000 youth in 2018-19 who completed their training in various courses.

Education: Initiatives in ARISE (All-Round Improvement in School Education) and ARISE+ positively impacted 16,000 students. We also trained 2,493 teachers under the Shikshaantar project in 2018-19.

Disability: During 2018-19, the Foundation supported 3,960 persons with disabilities. SMART+ trained 1,477 young men and women and helped them find dignified jobs. ARISE+ supported 2,483 children with disabilities enabling them to continue with their choice of education.

Corporate Volunteering: In 2018-19, 31,830 Tech Mahindra associates contributed 164,278 hours of volunteering through a robust corporate volunteering programme across locations.

Company With a Purpose

Finally, I wish to share that our journey towards being and becoming a *Company with a Purpose* found new strengths as we adopted sustainability as a way of life and made people embrace greater responsibility at Tech Mahindra this year. 2018-19 returned us hundreds of stories of TechMighties coming forward in the areas of corporate sustainability as well as corporate and individual social responsibility. We have been able to both do well and do good, and earn recognition and appreciation for that. Whether it is sustained efforts in the areas of green and blue, focused efforts in schools and skills as a Company, or personal acts of responsibility in everyday life, we have been successful in building a better world than the one we found. It is one of the most satisfying, humbling and gratifying aspects of what we do at TechM.

I sincerely thank all our stakeholders, our customers, our employees and our shareholders for their unstinting support and guidance. As I look into the new Fiscal 19-20, I am excited about the disruptions that lie ahead and the opportunities that your company can leverage.

Sincerely

Place: Mumbai
Date: May 21, 2019

Consequently the issued, subscribed and paid-up equity share capital has increased from ₹ 4,898.67 Million divided into 979,733,808 equity shares of ₹ 5/- each to ₹ 4,916.81 Million divided into 983,362,470 equity shares of ₹ 5/- each.

BUSINESS PERFORMANCE / FINANCIAL OVERVIEW

Your Company's goal is to enable connected experience in the connected world, by offering innovative and

customer-centric information technology experiences, enabling Enterprises, Associates and the Society to Rise. The Company has presence across 90 countries and helps over 900 global customers including Fortune 500 Companies. The Company's convergent, digital, design experiences, innovation platforms and reusable assets connect across a number of technologies to deliver tangible business value and experiences to the stakeholders.

During the Financial Year 2018-19, the Company's consolidated revenues increased to ₹ 347,421 Million from ₹ 307,729 Million in the previous year, a growth of 12.9%. The geographic split of revenue is well balanced across regions, with 47.3% share from the Americas, 29.3% share from Europe and 23.4% from the Rest of the World.

The consolidated Profit including other income before Interest, Depreciation and Tax was at ₹ 68,056 Million, against ₹ 61,262 Million in the previous year.

The consolidated Profit after Tax, amounted to ₹ 42,888 Million as against ₹ 37,862 Million in the previous year.

In the demanding, new digitally connected world, Tech Mahindra is helping its clients navigate their transformational journey with its wide range of offerings in Blockchain, Machine Learning, Artificial Intelligence, Cloud, Cyber Security, Quantum computing and IoT. The Company has also progressed in building intellectual property through various Products & Services and Platforms. The Company is committed towards building a synergistic relationship with its partners to enable deliver complete and customized solutions to its customers.

There are no material changes or commitments affecting the financial position of the Company between the end of the financial year and the date of the report.

ACQUISITIONS

Inter Informatics Group (IIG)

The Company, on August 22, 2018, through its wholly owned subsidiary Mahindra Engineering Services (Europe) Limited, acquired 100% of the share capital of Inter-Informatics spol. s.r.o, a Czech entity providing design and engineering services to clients in the Aerospace, Rail and Machinery industries. IIG has offices in the Czech Republic and Romania and is expected to bolster Tech Mahindra's capabilities and presence in Europe.

Dynacommerce

The Company, on February 01, 2019, entered into an agreement to acquire 100% of the share capital of Dynacommerce Holding B.V, a Dutch entity engaged in providing platforms and services to telecom end clients. The turnover of Dynacommerce for its fiscal year ended December 31, 2018 was ~EUR 9.15 Million. Dynacommerce has offices in The Netherlands, Germany and India. The transaction was concluded on May 9, 2019.

K- Vision

The Company, on March 14, 2019, through its wholly owned subsidiary Mahindra Engineering Services (Europe) Limited entered into an agreement to acquire 100% of the share capital of K-Vision Co., Ltd, a Japanese corporation engaged in providing network services to telecom clients in Japan. For the 12-month period ending January 31, 2019, K- Vision earned revenue of USD 4.8 Million. Tech Mahindra expects to leverage the local presence and expertise of K-Vision to build its network services business in Japan. In the near term, it will help the Company in supporting the 4G and 5G network build and roll-out in Japan for large telecom players.

DETAILS OF SUBSIDIARIES/JOINT VENTURES/ ASSOCIATE COMPANIES

The performance and financial position of the subsidiaries, associate Companies and joint venture companies included in the consolidated financial statement is provided in accordance with the provisions of Section 129 read with Rule 5 of the Companies (Accounts) Rules, 2014 containing the salient features of the financial statement of Company's subsidiaries/joint ventures or associate companies in Form AOC – 1 in "Annexure II" to this report.

Pursuant to Rule 8(5)(iv) of the Companies (Accounts) Rules, 2014, the names of the Companies which have become or ceased to be the subsidiaries, joint ventures or associate Companies during the year are provided in "Annexure III" to this report. The Company is actively pursuing the initiative on consolidation of its subsidiaries/branches to optimise the operational costs and reduce the compliance risks. During the year under review, your Company has closed/merged /filed for strike off/liquidation of 29 subsidiaries.

Tech Mahindra (Americas) Inc. has been identified as material subsidiary of the Company. The policy for determining Material Subsidiaries formulated by the Board of Directors is hosted on the Company's website and is accessible on <https://www.techmahindra.com/sites/ResourceCenter/brochures/investors/corporategovernance/Policy-For-Determining-Material-Subsidiaries.pdf>.

BUY BACK OF EQUITY SHARES

Pursuant to the approval of the Board of Directors on February 21, 2019, your Company announced the maiden share buyback of 20,585,000 equity shares of the Company representing approximately 2.09% of the total number of equity shares in the paid up capital of the Company, for an aggregate amount of ₹ 19,555,750,000/-, being 9.551% of the total paid up equity share capital and free reserves of the Company, at a price of ₹ 950 per equity share from the existing shareholders of the Company on a proportionate basis under the Tender Offer method in accordance with the provisions of Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998, the Companies Act, 2013 and rules made thereunder. The process was completed on April 15, 2019 and in compliance with Securities and Exchange Board of India (Buy Back of Securities) Regulations, 2018 and Securities and Exchange Board of India (Depositories & Participants) Regulations, 2018 and the bye-laws framed thereunder the shares bought back were

extinguished on April 17, 2019 by reducing the issued and paid up capital of the Company.

HUMAN RESOURCES

In the year 2018-19, the Company focused on building TechMNxt, the future ready Tech Mahindra. This envisaged being disruptive, challenging all conventions and building a culture of innovation and empowerment for all our associates. Various initiatives undertaken have touched all facets of our associate's journey from launching the world's first Artificial Intelligence (AI) based Talent Exchange Marketplace for better job opportunities and to making better systems for our employees for open conversations at C.A.R.E. Your Company has driven positive changes on learning, re-skilling and upskilling on top priority with focus on cutting-edge digital and niche skills.

CULTURE

Your Company has consulted stakeholders far and wide and articulated/proliferated its culture as "We drive positive change, celebrate each moment and empower all to RISE." in alignment with the Mahindra core values. A culture of innovation, disruption, alternative thinking, mindfulness and most importantly empathy is in our culture code.

GREAT PLACE TO WORK

Great Place to Work® Institute conducts research on workplace culture and recognizes leading workplaces in close to 60 countries.

Great Place to Work Certification is a gold standard that organizations aspire to achieve. Business leaders and researchers rely on Great Place to Work® metrics - the Trust Index and Culture Audit® to establish the standard that defines a great workplace. Your Company has been certified as a Great Place to Work.

DIGITAL EXPERIENCE

Your Company is changing the way things work and has moved one step ahead of the edge.

Your Company has built the world's first AI based Talent Exchange marketplace to enable better fitment of employee skills with opportunities in the Company.

Your Company has taken another big step towards the future by rolling out Facial Recognition based attendance system across locations in India. Your face is now your digital identity. The recognition does not end there and goes on to capture moods of the employees through mood-o-meter, allowing the Company to assess the happiness at each location and fine tune right interventions as needed.

In line with the digitization focus, the entire Reward and Recognition process is digital and associates can share their rewards and pride on their respective social networks.

CHANGING THE WAY WE LEARN

Learning is imbibed in the culture and DNA of your company. In addition to our traditional mechanisms, we have learnt new ways of learning. We learn from the young, we learn from the best in the world, we learn device-agnostically, we learn at our own pace, we enhance our learnings by working on real-time projects and we un-learn. We have invested in re-skilling and upskilling significantly in alignment with your Company vision of Digital Transformation.

Reverse Mentoring is the flagship programme where the senior leaders reach out to young leaders for learning, especially around social media and technology. This allows the senior leadership to stay abreast of latest happenings in the world.

Your Company is training its employees on the most sought-after and latest technologies. Ride With Pride is the future skilling initiative which covers 13 skills of the future including AI, RPA, Big data/ Analytics, CX, AR/VR, Cloud, IoT, Block Chain, BE, Platforms, Security, SDN/ NFV.

Your Company has created DEXT, a state-of-the-art learning platform for all its employees, which allows employees to learn courses from various platform such as EdX and Future skills where courses are taught by best in the world professors from MIT, Harvard and Stanford etc. DEXT is device agnostic allowing employees to access it from phone as well as desk at their own pace. It is the unified gateway for all learning contents from internal and external sources.

Your Company has also gone the extra mile through its innovative platform ExtraMile which helps employees to work on real-time company projects and prove their prowess.

COMPANY THAT CARES

Your Company believes in the fundamentals of transparency and empathy which has helped it build a culture of recognition, open conversation and celebrations.

The Company launched C.A.R.E. a platform which provides a platform for associates to raise all types of non-operational issues from mental health to policy violations. The focus is on open conversation and providing quality resolutions. The resolutions are monitored by Chief People Officer.

Your Company believes in recognizing every great work done by its employees, about 44% of the employees were rewarded during the year against an industry average of 40%.

QUALITY

Your Company continues its focus on quality and strives to exceed customer expectations at all times. During the year, it undertook CMMI Dev v1.3 (Capability Maturity Model Integration) (Development) assessment and was successfully assessed at L5. Similarly it underwent various upgrade and continuous evaluation audits for various standards during the year to meet client demands and enhance value delivery – Successfully assessed for, CMMI Dev v 1.3, Level 5, ISO 9001:2015 (Quality Management System), ISO 20000-1:2011 (Information Technology Service Management System), ISO 27001:2013 (Information Security Management System), TL9000 R 6.1/ R5.5 (Quality Management Systems for Tele Communications industry), ISO 13485:2016 (Quality Management Systems for medical devices), AS9100 Rev D (Standard for Aerospace domain – scope of certification limited to the aerospace business within Tech Mahindra). In addition to these, your Company also maintains its commitment to health, safety and environment by continually improving its processes in accordance with ISO 14001:2015 (International Organization for Standardization) and OHSAS 18001:2007 (Occupational Health and Safety Assessment Series) standards. Your Company is also certified on ISO 22301:2012 (Societal Security and Business Continuity Management System) and has a comprehensive Business Continuity and Disaster Recovery framework, to prevent potential business disruptions in the event of any disaster. It has processes that will help resume services to customers' acceptable service levels. Automated Service Desk with SLAs for enabling business and Vulnerability Assessment and Penetration Testing Lab for secured corporate network operations are highlights showcasing information security posture of the Organization.

Tech Mahindra (IT Division) has been assessed for implementation of high maturity business excellence practices' at Mahindra Group (Services Sector). It has been assessed at TMW Maturity Stage 6 (on scale of 1-10 stages) of Mahindra Business Excellence Framework – The Mahindra Way. These certifications are testimony of the robustness of business processes and at large the quality culture imbibed in the organization.

Your Company has also strengthened Process/Practice and Tools Industrialization of various Engineering activities for Development, Testing and Managed service portfolio to achieve standardization, better efficiency and best practices being implemented

across the businesses.

Your Company has continued to strengthen the process for transforming Quality Assurance processes to New Age Delivery processes with focus on re-usability and automation to achieve better customer experience and faster quality delivery. Your Company is putting all the initiatives in place in order to ensure we deliver as stated in Quality Policy.

DIRECTORS

During the year under review, all Independent Directors have given declarations that they meet the criteria of independence as laid down under Section 149(6) of the Companies Act, 2013 and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations And Disclosure Requirements) Regulations, 2015.

Pursuant to the provisions of Section 152(6)(c) of the Companies Act, 2013, Mr. V. S. Parthasarathy, Director (DIN: 00125299) is liable to retire by rotation and offers himself for reappointment.

The tenure of Mr. Anupam Puri, Mr. M. Damodaran, Mr. T. N. Manoharan, Ms. M. Rajyalakshmi Rao and Mr. Ravindra Kulkarni who were appointed as Independent Directors of the Company on 1st August, 2014 would end on 31st July, 2019. Board of Directors has recommended the re-appointment of Mr. M. Damodaran (DIN: 02106990) up to 31st March, 2022 as Mr. Damodaran would attain the age of 75 years in the year 2022 and re-appointment of Mr. T. N. Manoharan (DIN: 01186248) and Ms. M. Rajyalakshmi Rao (DIN: 00009420) for a further period of 5 years subject to the approval of shareholders at the ensuing Annual General Meeting.

Your Directors co-opted Ms. Mukti Khaire (DIN: 08356551) as an Additional Director with effect from 19th April, 2019 whose term will end at the ensuing Annual General Meeting. Since Ms. Mukti Khaire meets the criteria of Independent Director, the Board recommended her appointment as an Independent Director for a period of 5 years subject to the approval of shareholders at the ensuing Annual General Meeting.

Mr. Anupam Puri and Mr. Ravindra Kulkarni Independent Directors have opted not to be re-appointed considering they would be attaining 75 years of age.

The Board places on record its sincere appreciation for the valuable advice and guidance of Mr. Anupam Puri and Mr. Ravindra Kulkarni during their tenure as Directors of the Company.

Familiarisation Programme

These Programs aim to provide insights into the Company to enable the Independent Directors to understand its business in depth and contribute significantly to the Company. The details of program for familiarisation of the Independent Directors with the Company are available on the Company's website and can be accessed at the web-link: <https://www.techmahindra.com/sites/ResourceCenter/brochures/investors/corporategovernance/Familiarization-Programme-to-Independent-Directors.pdf>.

The Board members are also regularly updated on changes in Corporate and Allied laws, Taxation laws and related matters through, presentations and updates made by the respective functional leaders. MD & CEO along with Senior leadership conducts quarterly session with board members sharing updates about the Company's business strategy, operations and the key trends in the IT industry relevant for the Company. These updates help the board members to abreast themselves with the key changes and their impact on the Company.

Board Evaluation

Pursuant to the provisions of the Companies Act, 2013 and Regulation 19 read with Schedule II, Part D of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has devised a policy on evaluation of performance of Board of Directors, Committees and Individual directors. Accordingly, the Chairman of the Nomination and Remuneration Committee obtained from all the board members duly filled in evaluation templates for evaluation of the Board as a whole, evaluation of the Committees and peer evaluation. The summary of the evaluation reports was presented to the respective Committees and the Board.

Number of Meetings of the Board

The Board met 5 times during the financial year. The meeting details are provided in Corporate Governance report that forms part of this Annual Report. The maximum interval between any two meetings did not exceed 120 days as prescribed in the Companies Act, 2013.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES

All transactions entered into with Related Parties as defined under Section 2(76) of the Companies Act, 2013 and Regulation 23 of the Securities and Exchange Board of India (Listing Obligations And Disclosure Requirements) Regulations, 2015, ("The Listing Regulations"), during the financial year were in the ordinary course of business and at an arm's length pricing basis and do not attract the provisions of Section 188 of the Companies Act, 2013. There were no transactions with related parties in the financial year which were in conflict with the interest of the Company and requiring compliance of the provisions of Regulation 23 of the Listing Regulations. Suitable disclosure as required by the Indian Accounting Standards (Ind AS 24) has been made in the notes forming part of the Financial Statements.

The Company has formulated a policy on materiality of Related Party Transactions and dealing with Related Party Transactions which has been uploaded on the Company's website which can be accessed at the web-link: <https://www.techmahindra.com/sites/ResourceCenter/Brochures/investors/corporategovernance/Related-Party-Transactions-Policy.pdf>.

The particulars of related party transactions in prescribed Form AOC - 2 are attached as "Annexure VIII".

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

The particulars as prescribed under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014 are provided in "Annexure IX" which forms part of this report.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The CSR vision of your Company is "Empowerment through Education."

In compliance with the guidelines prescribed under Section 135 of the Companies Act, 2013, your Company has constituted a Corporate Social Responsibility Committee. Your Board of Directors

laid down the CSR Policy, covering the Objectives, Focus Areas, Governance Structure and Monitoring & Reporting Framework among others. The Company has spent on CSR more than 2% of the average net profits of the Company. The policy is available at: <https://www.techmahindra.com/society/default.aspx>.

Your Company's social initiatives are carried out by Tech Mahindra Foundation and Mahindra Educational Institutions Section 8 (erstwhile Section 25) Companies promoted by the Company.

TECH MAHINDRA FOUNDATION (TMF)

The Foundation was set up in 2007, as a Section 25 Company (referred to as a Section 8 Company in the Companies Act, 2013). Since then, it has worked tirelessly towards the vision of "Creating educated, skilled and able women and men as the country's true strength", establishing itself as a prominent CSR player within the Mahindra Group as well as a leading social organization at the national level. The Foundation essentially works with children, youth from urban locations, disadvantaged communities in India, with a special focus on women and persons with disabilities. During the year under review, Tech Mahindra Foundation has successfully steered 167 high-impact projects with 90+ partners, reaching out to 150,000+ children, teachers and youth across these locations.

The key initiatives in the area of School Education include:

All Round Improvement in School Education (ARISE)

Tech Mahindra Foundation's educational initiatives under ARISE are long-term school improvement programmes, in partnership with local governments and partner organisations. The Foundation in 2018-19 worked with approximately 40+ partner schools to turn them into model schools of excellence. ARISE+ is a variant of ARISE in which children with disabilities are provided chronic therapy as well as special education to help them lead more fulfilling lives.

Shikshaantar

Shikshaantar, envisioned as a programme for enhancing capacity of government school teachers, has taken rapid strides during the year. TMF has been working with the East Delhi Municipal Corporation since 2013 to manage its In-Service Teacher Education Institute (ITEI), where teachers from nearly 400 primary schools receive quality training on a regular basis. Looking at the success of this intervention, the Foundation was invited by the North Delhi Municipal Corporation, which has over 700 schools, to run its ITEI as well. With this, the Foundation has the responsibility of training over 60% of primary school teachers in Delhi. In addition to these, the Foundation has also worked with Municipal Corporations in

Chennai, Hyderabad, Pune & Thane for strengthening capacities of government school teachers. Finally, the Foundation piloted an innovative program called English-Winglish under the Shikshaantar umbrella with the objective of imparting English communication skills to teachers from government schools that have recently been converted to English medium.

Employability

Skills-for-Market Training (SMART) is the Foundation's flagship programme in employability. It is built on the vision of an educated, enlightened and employed India, and a belief that educated and skilled youth are the country's true strength. The programme started with 3 Centres in 2012 and is currently running 100 Centres at 11 locations across India. These include SMART Centres, SMART+ Centres (training for people with disabilities), and SMART-T Centres (training in technical trades).

In 2018-19, your Company trained close to 19,000 young women and men under its SMART program, of which 1,477 were persons with disabilities. More than 70% of the graduates are placed in jobs upon successful completion of the training, across multiple industries.

The feather in the Foundation's employability cap has been the Tech Mahindra SMART Academies for Healthcare that are operating in Delhi, Chandigarh and Mumbai. These Academies are setting a new benchmark in the country when it comes to the professional development of paramedical staff. During FY 2018-19, over 850 youngsters were admitted to these Academies. The Foundation has also been operating the SMART Academy for Digital Media and Logistics in Vizag, in which another 200 youth were admitted.

MAHINDRA EDUCATIONAL INSTITUTIONS (MEI)

Mahindra École Centrale (MEC), College of Engineering, established by MEI in collaboration with École Centrale Paris (now CentraleSupélec) and JNTU Hyderabad, is set to graduate its second batch of students this year, after a successful five-year presence on the technical education landscape of the country, characterized by its rising popularity.

This high impact, Indo-French collaboration in engineering education has emerged as a disruptive player with its keen focus on Industry-aligned and industry-sponsored education; all Ph.D. faculty roster; global internships; international placements; and a distinct curriculum that includes the French language.

The Executive Council of MEC features leaders both from Tech Mahindra and the Mahindra Group. The MEC campus, surrounded by the sprawling green Tech

Mahindra Technology Centre in Hyderabad, India, is equipped with state-of-the-art academic infrastructure. To support its strong research vision, MEC has set up relevant high technology laboratories like the Robotics Lab, Super Computer Lab and Incubation Centre; in addition to Media and Design Thinking labs.

During the year 2018-19, MEC has signed MoU's with multiple universities in the USA like University of Florida, University of Nebraska at Omaha and it's in the process of signing MoU's with University of Texas at Austin, Georgia Tech, Atlanta, University of Wisconsin at Madison and many more. These MoU's are opening doors to MEC students to undertake 8-10 weeks of summer internships and faculty development programs overseas.

The Annual Report on CSR activities is provided as "Annexure X".

SUSTAINABILITY

Sustainability for your Company is not just a business case but an imperative for the long-term success and growth of the Company. The focus on sustainability helps the Company manage its social and environmental impacts, improve operational efficiency and ensure that corporate decisions lead to a transparent, fair and equitable growth that does not infringe on the rights of the others.

Your Company is aware of its environmental and social responsibilities and work in collaboration with our stakeholders to build solutions that enable it to tread on the path of responsible growth. With a structured stakeholder engagement process, the company has been able to design strategies and initiatives, which does not just improve its sustainability credentials but reinforce its overall business philosophy too.

Tech Mahindra is moving towards carbon neutrality through various Sustainability initiatives and best practices. Making Sustainability Personal and Individual Social Responsibility are fundamental at Tech Mahindra. The emphasis on the green ecosystem is seen through its commitment to go carbon neutral, making optimum use of resources and moving towards a low emission technology. Your Company has taken ambitious emission targets, which have been approved by the SBTI (Science based Targets Initiative) and are taking various steps to achieve them.

The Company aims to reduce its carbon footprint by installing solar modules, retrofitting LEDs, installing motion sensors, using star-rated and efficient equipment and reducing, recycling and reusing waste. The Company also aims to decrease transport emissions by using improved logistics policies and through inventory control measures. Your Company has digitalized internal communications with virtual meetings through tele-

audio-conferencing that bring down meeting-related travel and other costs considerably.

Your Company's sustainability-focused areas are:

- **Going Carbon Neutral:** Increasing use of renewable energy; Improving Energy Efficiency; implementing carbon price; decreasing business travel; optimising logistics; moving towards low carbon economy and ensuring environmental stability
- **Saying No to plastic:** Using Biodegradable materials, encouraging associates also to use eco-friendly products, awareness on preventing single-use plastic
- **Reduce, Reuse, Recycle, Recover:** Implementing process of Reduce, Reuse, Recycle and Recover across the value chain to decrease waste
- **Sustainable supply chain:** Ensuring our suppliers follow the highest standards of sustainable and ethical best practices
- **Work-life balance:** Providing an assured career development path and a feasible work-life balance to our associates
- **Innovation:** Becoming future-ready by proactively encouraging Innovative thinking across the organization and going digital
- **Transparency:** Showcasing our organizational policies and processes in the TCFD based IR available online

Your company aims to pioneer new solutions for sustainable development while continuing to shape its business responsibly and increasing its economic success. Your company has invested in green solutions like smart grid, smart cities, smart waste management systems and electric vehicle charging systems. The company is also working with suppliers and vendors to cut down on logistics and transportation to reduce its emissions.

Your Company's commitment and performances are validated by the external recognition it has received. The leadership positions and achievements across platforms encourage the Company to strive for excellence even more.

- Identified as a global leader for Supplier Engagement by CDP 2018
- Member of DJSI World Index for 2018- one amongst only 4 Indian Companies to be listed
- One of the 10 Indian Companies who are part of the DJSI 2018 Emerging markets category

(DIN: 00004695)

ANNEXURE I

DIVIDEND POLICY

The dividend policy of the Company balances the objectives of rewarding the shareholders through dividends and retaining capital to invest in the growth of the Company.

The Board considers the yearly dividend based on the Net Profit after Tax (PAT) available for distribution as reported in the consolidated statutory financial statements prepared in accordance with the applicable Accounting Standards. In addition, the Board reviews the capital expenditure needs, cash requirements for investments in capability enhancements and future non organic growth initiatives.

The dividend is declared at the Annual General Meeting of the shareholders based on the recommendation by the Board. The Board may also declare an interim dividend for the benefit of the shareholders.

Your Company has a track record of steady increases in dividend declarations over its history. The current dividend policy is to distribute a minimum of 20% of the Profits after Tax each year under normal circumstances. The Board has the discretion to recommend a lower dividend in case the business demands it.

The Board may recommend special dividend on occasions of significance.

The dividend policy of the Company is reviewed periodically by the Board.

ANNEXURE IV**POLICY FOR APPOINTMENT AND REMOVAL OF DIRECTORS, KMPs AND SENIOR MANAGEMENT****Directors**

The Nomination & Remuneration Committee (NRC) determines the criteria for appointment to the Board and is vested with the authority to identify candidates for appointment to the Board of Directors. In evaluating the suitability of individual Board member, the NRC will take into account multiple factors, including general understanding of the business, education, professional background, personal achievements, professional ethics and integrity.

Based on recommendation of the NRC, the Board will evaluate the candidate(s) and decide on the selection of the appropriate member. The Board through the Chairman / the NRC / VC / MD & CEO will interact with the new member to obtain his/her consent for joining the Board. Upon receipt of the consent, the new Director will be co-opted by the Board in accordance with the applicable provisions of the Companies Act 2013 and Rules made there under.

KMPs

The authority to identify right candidates for the appointment of CFO and CS is vested with the MD & CEO. The HR will facilitate in identifying the candidates internally or externally. NRC will consider the candidates proposed by the MD & CEO and recommend to the Board for its consideration and appointment in accordance with the applicable provisions of the Act and Rules.

In case of EVC / MD / CEO's appointment, NRC will initiate the process of identifying the new candidate, which can be an internal or external candidate, for the respective position. After identification and screening of the candidate, NRC will propose the candidature to the Board for its consideration and for appointment subject to the approval of the Shareholders and Regulatory Authority, if any.

Senior Management Personnel

The Senior Management personnel are appointed and removed/relieved with the authority of EVC / MD & CEO based on the business need and the suitability of the candidate. The details of the appointment made and the personnel removed/relieved during a quarter shall be presented to the Board as part of update on Corporate Governance.

Removal of Directors and KMPs

If a Director or a KMP is attracted with any disqualification as mentioned in any of the applicable Act, rules and regulations thereunder or due to non-adherence to the applicable policies of the Company, the NRC may recommend to the Board with reasons

recorded in writing, removal of a Director or a KMP subject to the compliance of the applicable statutory provisions.

REMUNERATION TO DIRECTORS, KMPs, SENIOR MANAGEMENT PERSONNEL & OTHER EMPLOYEES**Non Executive Directors:**

The NRC shall decide the basis for determining the compensation to the Non Executive Directors, including Independent Directors, whether as commission or otherwise. The NRC shall take into consideration various factors such as director's participation in Board and Committee meetings during the year, other responsibilities undertaken, such as membership or Chairmanship of committees, time spent in carrying out their duties, role and functions as envisaged in Schedule IV of the Companies Act 2013 and Clause 49 of the Listing Agreement with Stock Exchanges and such other factors as the NRC may consider deem fit for determining the compensation. The Board shall determine the compensation to Non-Executive Directors within the overall limits specified in the Shareholders resolution.

Executive Directors:

The remuneration of MD & CEO shall be recommended by NRC to the Board. The remuneration consists of both fixed compensation and variable compensation and shall be paid as salary, commission, performance bonus, perquisites and fringe benefits as approved by the Board and within the overall limits specified in the Shareholders resolution. While the fixed compensation is determined at the time of appointment, the variable compensation will be determined annually by the NRC based on their performance.

The Company may also grant Stock Options to the Directors subject to the compliance of the applicable statutes and regulations.

Remuneration to Senior Management Personnel and Other Employees

The Company follows an extensive performance management system to review the performance of the employees / Senior Management and provide rewards on the basis of meritocracy.

The overall remuneration to the employees includes a fixed component (Guaranteed Pay) and a variable component (Performance pay). The percentage of the variable component increases with increasing hierarchy levels, as the Company believes employees at higher positions have a far greater impact and influence on the overall business result. The CTC is reviewed once every year and the compensation strategy for positioning of individuals takes into consideration the following elements:

Performance

Potential

Criticality

Longevity in grade

The remuneration for KMPs - CFO and CS will be proposed by the MD & CEO to the NRC consistent with the strategy of the Company and their Qualifications, Experience, Roles and Responsibilities. Pursuant to the provisions of section 203 of the Companies Act 2013 the Board shall approve the remuneration.

The remuneration for the Senior Management personnel shall be proposed by CPO, approved by MD & CEO, and reported to NRC periodically.

Remuneration for the new employees other than KMPs and Senior Management Personnel will be decided by the HR, in consultation with the concerned business unit head at the time of hiring, depending upon the relevant job experience, last compensation and the skill-set of the selected candidate.

The CPO shall make a presentation to the NRC on the proposed annual increments based on the performance of the Company, general trends in the Industry etc. the annual performance appraisal process of the employees conducted by the Human Resources department, during the financial year. Eligible employees will be rewarded with the annual increment. Before taking the proposal to the NRC, the CPO shall obtain the approval of Vice Chairman/ MD and CEO.

The Stock Option grants to the employees are approved by the NRC based on the recommendation of the Advisory Council.

SECRETARIAL AUDIT REPORT**FOR THE FINANCIAL YEAR ENDED 31 MARCH, 2019**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To:
The Members,
Tech Mahindra Limited,
Gateway Building, Apollo Bunder,
Mumbai – 400 001.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Tech Mahindra Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March, 2019 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment; [There were no Foreign Direct Investment (except remittances from overseas employees for ESOP exercise) and External Commercial Borrowings transactions in the Company, during the Audit Period];
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): —

ANNEXURE V

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and 2018 **(Not applicable to the Company during the Audit Period)**;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 **(Not applicable to the Company during the Audit Period)**;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 **(Not applicable to the Company during the Audit Period)**; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 and 2018.
- (vi) **I further report that**, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof on test-check basis, the Company has complied with the following laws applicable specifically to the Company:
- (a) The Information Technology Act, 2000, and
 - (b) The Special Economic Zones Act, 2005.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards (SS-1 and SS-2) issued by The Institute of Company Secretaries of India; and
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings were carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

This report is to be read with my letter of even date which is annexed as Annexure and forms an integral part of this report.

Annexure to the Secretarial Audit Report

To:
The Members,
Tech Mahindra Limited,
Gateway Building, Apollo Bunder,
Mumbai – 400 001.

My report of even date is to be read along with this letter:

1. Maintenance of secretarial records is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test-check basis to ensure that correct facts are reflected in secretarial records. I believe that the process and practices, I followed provide a reasonable basis for my opinion.

I further report that during the audit period:

In terms of the provisions of Sections 68, 69, 70 and applicable rules under the Companies Act, 2013 and Securities and Exchange Board of India (Buy-Back of Securities) Regulation, 2018 and subject to such other approvals, permissions and sanctions, the Board of Directors of the Company at its meeting held on 21 February, 2019 approved and completed buy back of 2,05,85,000 Fully Paid up Equity Shares of ₹ 5/- each of the Company, representing 2.09% of the total number of shares through tender offer route at a price of ₹ 950/- per share aggregating to ₹ 19,55,57,50,000/- (Rupees One Thousand Nine Hundred Fifty Five Crores Fifty Seven Lakhs And Fifty Thousand Only); being 9.55% of the aggregate of the fully paid-up Equity Share capital and free reserves. The Promoters also participated in the buyback of equity shares of the Company. The buyback offer period was from 25 March, 2019 to 5 April, 2019.

Place: Pune
Date: May 21, 2019

Dr. K R Chandratre
FCS No.: 1370, C. P. No.: 5144

3. I have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, I have obtained Management Representation about the compliance of laws, rules and regulations and happening of events, etc.
5. The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test-check basis.
6. The Secretarial Audit report is neither an assurance as to future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE IX

PARTICULARS OF ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO AS REQUIRED UNDER COMPANIES (ACCOUNTS) RULES, 2014

A) CONSERVATION OF ENERGY

Tech Mahindra uses electrical energy for their equipment such as air conditioners, computer terminals, lights and other utilities at work places. As an on-going process, we continued to undertake the following measures to conserve energy and environment:

1. Energy emission intensity reduced by 19% per associate per annum in 2018-19 when compared to last year through effective operational controls, renewable energy sourcing and close monitoring of utilization.
2. Generated and purchased Solar power of more than 23,729,084 kWh (including savings from Solar Water heaters) that led to the reduction of more than 19457 MTCO2 GHG emissions.
3. Commitment towards low emission technology and plans to achieve SBT targets resulted in the increase of Renewable energy from 2.8% to 15.2%.
4. Installation of 28000+ LEDs, 6100+ occupancy sensors and efficient VRV and HVAC equipment at various locations to conserve energy and reduce GHG emissions.
5. Conducted Energy simulation and use of automatic sensors integrated with lighting and aircon units.
6. Teleconferencing and Video Conferencing Systems installed to enable virtual meetings and reduce Business travel.
7. Conservation of energy through data centre consolidation, server virtualization and use of modular energy efficient equipment for data Centre designs. Natural and adiabatic cooling methods used to increase Energy efficiency.

B) TECHNOLOGY ABSORPTION

(i) & (ii) The efforts made by your Company towards technology absorption and the benefits in different segments are given below:

Towards accelerating the Digital Transformation programs for our customers, our company has mapped the full spectrum of technologies that enable Digital transformation and built best-in-class competencies to help our clients become future-ready and future-proof digital enterprises. Accordingly, we have aligned our go-to-market offerings against **six business led themes** as below, that addresses every enterprise functions to *Run-better, Change-faster* and *Grow-greater* (RCG)

Strategy & Design: Guide organizations through uncertainties of the digital age by defining the right digital strategy aligned with core business strategy. Design right experiences for internal and external stakeholders.

Digital Customer: Redefine connected experience across the customer lifecycle with an interplay of digital strategy across sales, service and marketing, enabled by process orchestration and powered by user experience.

Intelligent Operations: Realign end-to-end business operations to deliver desired customer experiences through integrated, connected, and intelligent ecosystems.

Future Enterprise & Innovation: Envision a disruptive future by leveraging emerging technologies to exploit open opportunities, incubate disruptive business models and deliver experiences to "tomorrow's customers".

Digital Insights: Foster data-driven decision making by harnessing the power of data, analytics and cognitive technologies to derive actionable and impactful insights.

Digital Foundation: Lay a robust, secure, and future-proof foundation for your digital enterprise by adopting cutting-edge technology frameworks and software delivery methodologies.

To further strengthen these business led themes, we continue to invest into those evolving technology competencies like Block chain, 5G, AI/Automation, Cyber Security, New age Delivery and our flag-ship Innovation powerhouse called Makers Labs.

BLOCKCHAIN

We have architected and implemented a comprehensive strategy to position ourselves as the world's leading Blockchain company. As part of this strategy, we have identified and is working on a holistic framework called 'Block Ecosystem' that consists of various levers; Block Studio, Block Engage, Block Talks, Block Geeks, Block Accelerate, Block Access & Block Value, which create industry leading applications that are architected on innovation and human excellence to unlock significant value for all stakeholders. These strategy levers have not only enabled us to promote Blockchain adoption by clients but also successfully deploy several cutting-edge solutions across our client's businesses during the last 12 months.

In response to TRAI guidelines, mandating Telcos to adopt Blockchain technology to combat Unsolicited Commercial Calls (UCC), we have successfully deployed a cutting-edge solution for one of the leading Telcos in India to protect their 300 Mn+ mobile subscribers. This is the largest commercial deployment in the world till date.

5G

Considering the fact that 5G networks will be powered more by software, than hardware, we have invested in Altiostar earlier and further acquired K-vision, a Japan-based network solutions firm to help CSPs transition from 4G to 5G. Additionally, we acquired the assets of 'Nuovo Solutions' (a leading video integration & engineering provider) and Dynacommerce

(end-to-end omni-channel solutions provider simplifying digital transformation for enterprises). These will accelerate the 5G enablement across Enterprises. 5G labs instituted globally to promote co-innovation with our customers and industry bodies. We continue to expand our partner eco-system around 5G and the focus on open-source technologies. To combat with several challenges brought in by 5G, we recently launched 'netOps.ai' to accelerate 5G Adoption for Communication Service Providers. It is a Network Automation and Managed Services Framework, geared to accelerate 5G Network adoption by automating all the key network life cycle stages.

AI & AUTOMATION

Artificial Intelligence is enabling every industry with insights and knowledge centric automation and transformation. We continue to adopt and invest into our Intelligent Automation Platform AQT, which integrates best of the breed Partner products/solutions and in-house platforms. Co-creation and open-source continue to be the focus. Towards this, we released our AI/ML Platform GAiA, which provides an accelerated and industrialised approach to adoption of Machine Learning in Enterprises. We have instituted several re-skilling programs like BOTIFY and AQT Proficiency Framework that provides a structured reskilling plan for our associates and we have 2300+ Certified associates in the AI/Automation technologies.

NEW AGE DELIVERY

Catering to the needs of the new age, ever-demanding customer is one of the biggest challenges for technology service providers, and constantly, the question of how to fill these gaps to deliver a new age experience arises. Our AI-based #NewAgeDELIVERY engine enables customers to envision a new paradigm of technology solution delivery. This paradigm utilizes reusable data asset lakes to avoid work duplication, delivers value at scale, and uses the time saved towards innovation. #NewAgeDELIVERY gamifies productivity and provides plug & play cloud services. This new age of tech delivery allows for continuous innovation, path-breaking solutions and enables an IP multiplier to the entire eco-system, including customers, associates, partners and academia. The engine has been built on 6 key platforms seamlessly collaborating together to generate innovative, lightning fast delivery. With #NewAgeDELIVERY, Tech Mahindra has embarked on a journey to revolutionize the way technology solutions are envisioned, developed and delivered. The engine is live with more than 60 capability & upskilling partners on board, close to 200 reusable portfolios available and 60+ programmes already using the engine to deliver.

MAKERS LABS

Makers Labs are our R&D centres focused on applied Innovation, in collaboration with our

customers, partners, start-ups, academia and associates. During this year, we expanded these labs globally and added locations like Dallas, London, Munich and Tokyo in collaboration with customers and academia, which takes them to a total of 8 such Makers labs. Technology focus areas in these labs include AI, Machine Learning, Mixed Reality, Blockchain, Quantum Computing and so on and work on use-cases those are relevant to solve enterprise problems. One of our recent achievements include Quintessence Labs, Makers Lab and BT developing an End-to-End Video Messaging Solution Secured by Quantum Key Distribution (QKD). In our endeavour to embed the academia in our efforts, Maker's lab collaborated and signed MOUs with Symbiosis Institute of Technology, Pune, Royal Melbourne Institute of Technology, Melbourne, Australia to name a few.

CYBER SECURITY

While enterprises are embracing Digital transformations and public clouds towards bringing increased mobility and flexibility, cyber-attacks are on the rise endangering the enterprises and mission critical infrastructure. In an effort to scale our capabilities, we have partnered with Israeli Aerospace Industries (IAI), Silicon Valley incubated start-ups and Tier 1 OEMs to build platforms and offerings as Managed Services to enterprises by safeguarding capital expenditures. We have built multiple Platforms-as-a-Service to address Data Privacy and Protection acts of various countries, Industry 4.0 for Operational technology, Advanced Threat Management by building intelligent SOC (iSOC) for enterprises, 4G/5G and IoT Mobile threat management as a Service, Cloud security as a Service and Digital identities as a Service. We are leveraging the power of AI/ML, Deep Learning and Big Data in our portfolio of offerings. In partnership with IIT Kanpur and IAI, we have established a Centre of Excellence (CoE) for advanced Cyber Security learning and training for our enterprises. Enterprise Security and Risk Management (ESRM) practice has 1200+ certified and trained professionals deployed across the globe. In collaboration with various Engineering colleges, we are enabling a large pool of Cyber Security ready professionals to augment the growing need of the industry.

ANNEXURE X

ANNUAL REPORT ON CSR ACTIVITIES FOR THE FINANCIAL YEAR 2018-19

1. A brief outline of the company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs.

Tech Mahindra Limited (TML) is a leading provider of solutions and services in the Information, Communications & Technology industry. The CSR vision of TML is Empowerment through Education. All social investments of the company are accordingly aligned to the attainment of this overall vision.

TML has established Tech Mahindra Foundation (TMF) in 2007 and Mahindra Educational Institutions (MEI) in 2013 under Section 25 of Companies Act, 1956 (referred to as a section 8 Company in Companies Act, 2013) of dedicated professionals to carry out its CSR activities. TMF has been focusing on implementation projects related to education and employability while MEI implements higher education projects. A brief profile of the projects undertaken by TMF and MEI are given below.

Projects	Description
Tech Mahindra Foundation:	Promotes quality Education and Employability for vulnerable sections of society through vibrant and innovative partnerships with the government, NGO's, CBO's and other organisations across eleven major cities of India.
School Education:	Projects are aimed to improve the quality of school education, teacher training through infrastructure improvement, capacity building of all stakeholders and supplementary education.
ARISE	All Round Improvement in Special Education
ARISE+	ARISE for children with disabilities
Shikshaantar	Training/Capacity building of Primary School Teachers
Employability:	Projects support the Government of India's larger vision of skill development of youth through developing their market-oriented skills and linking them to potential employers. These projects seeks to benefit school drop-outs, people with disabilities and those unable to go into higher education, with specific focus on women and people with disabilities.
	The Projects strive to address to gap between the skilling sector and the industry requirement by bringing in renowned industry from the service, technical and manufacturing sector as knowledge partners.
	A placement rate of 75% is achieved annually.
SMART	Skills-for-Market Training Centres
SMART+	SMART Centres for youth with disability
SMART-T	SMART Centres with Technical trades
SMART Academy	Sector specific 'state of art' training institutes
Public Health:	The Foundation has supported a project called 'Last Mile Connect' as part of which a Public Cycle intervention in Delhi is supported on an end-to-end basis. In addition, the Foundation has also supported the infrastructure development of a Nursing College at Banasthali University in Rajasthan and another project in which affordable Dialysis care is being provided to patients. Finally, the Foundation has supported the cause of people with disabilities by contributing to one of the foremost prosthetic limb manufacturing organisations in India.
Mahindra Educational Institutions:	Established institutions of higher education, promoted research and development and collaborated with other renowned institutions to contribute towards the goal of high quality technical education systems in India.
Technical Education:	MEI has established a premier Engineering Institute viz., Mahindra École College (MEC) in collaboration with École, France. The MEC project provided high quality technical education in engineering and computer technology for the students.
	MEC is an international quality technology school with assured career progression for engineering aspirants. It focuses on multi-disciplinary knowledge, personality development, and critical-creative thinking. MEC College of Engineering, heralds the Rise of the New Engineer in India.

6. **In case, the company has failed to spend the two per cent of the average net profit of the last three financial years or any part thereof, the company shall provide the reasons for not spending the amount in the Board report.**

Not Applicable.

7. **A responsibility statement of the CSR committee that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the company.**

For Tech Mahindra Limited, Corporate Social Responsibility means responsible business practices through the involvement of all stakeholders in the decision making process and in operations. It entails having business policies that are ethical, equitable, environmentally conscious, gender sensitive, and sensitive towards the differently abled.

We have adequate systems and tools in place that go beyond regulatory requirement. In collaboration with our community, we analyze the potential impacts of our operations before setting up any new project and during any expansion of existing projects, so as to address the concerns of the community. At the end of a project, the implementing partner submits a report pertaining to the impact of the program, specifically highlighting the project milestones achieved and the quantitative and qualitative benefits generated. The project is also evaluated on milestones achieved by the CSR Committee formulated by TML. Independent Third Party Assessments are also conducted for major CSR initiatives of TML at regular intervals.

The CSR committee certifies that the implementation and monitoring of projects and programmes as per CSR Policy are in compliance with CSR objectives and policy of the company.

Mr. C. P. Gurnani
Managing Director & CEO

Mr. C. P. Gurnani

None of the Independent Directors of the Company are serving as an independent director in more than seven listed companies. Independent Directors meet every quarter, exclusively without the presence of management team. During the year 2018-19 no new Independent Director was appointed.

The details of the familiarization programmes imparted to the Independent Directors are available on the website of the Company www.techmahindra.com and can be accessed at the web-link: <https://www.techmahindra.com/sites/ResourceCenter/brochures/investors/corporategovernance/Familiarization-Programme-to-Independent-Directors.pdf>

III. COMMITTEES OF THE BOARD:

The Board has constituted various committees with specific terms of reference and scope. The details of the committees constituted by the Board are given below:

a) AUDIT COMMITTEE:

The Audit Committee of the Board of Directors meets the criteria laid down under Section 177 of the Companies Act, 2013, read with Regulation 18 of the SEBI Listing Regulations. The terms of reference to the Audit Committee inter alia includes:

- Oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statements are correct, sufficient and credible;
- Review and monitor the auditor's independence and performance, and effectiveness of audit process;
- Approval or preapproval or any subsequent modification of transactions of the Company with related parties except the transactions with a wholly owned subsidiary whose accounts are consolidated with the Company and placed before the shareholders at the General Meeting for approval;
- Evaluation of internal financial controls and risk management systems;
- Reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- To review the functioning of the Whistle Blower mechanism.

The composition of the Audit Committee, meetings held, and attendance of the members are given below:

There were four meetings held on May 24, 2018, July 30, 2018, October 29, 2018, and February 4, 2019 during the Financial Year 2018-19.

Name	Category	Number of Audit Committee meetings attended
Mr. T. N. Manoharan	Chairman, Independent Director	4
Mr. Anupam Puri	Independent Director	4
Mr. M. Damodaran	Independent Director	4
Mr. Ulhas N. Yargop	Non-Executive Director	4

The Company Secretary acts as the Secretary to the Committee.

The Managing Director & CEO, Chief Financial Officer of the Company, the Statutory Auditors and the Internal Auditors are the invitees to the meetings of the Audit Committee. The Chief Internal Auditor reports to the Audit Committee Chairman.

The Audit Committee holds discussion with statutory auditors without the presence of management at its quarterly meetings.

Mr. T. N. Manoharan, the Chairman of the Audit Committee, was present at the Annual General Meeting of the Company held on July 31, 2018.

b) NOMINATION & REMUNERATION COMMITTEE:

The Nomination & Remuneration Committee of the Board of Directors meets the criteria laid down under Section 178 of the Companies Act, 2013, read with Regulation 19 of the SEBI Listing Regulations.

The terms of reference to the Nomination & Remuneration Committee are as given below:

- Formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration of the directors, key managerial personnel and other employees;
- Formulation of criteria for evaluation of Independent Directors, Committees of Board and the Board;
- Devising a policy on Board diversity;
- Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal;
- The Committee will develop and review induction procedures for new appointees to the Board to enable them to become aware of and understand the Company's policies and procedures and to effectively discharge their duties;
- Recommending whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;
- Recommending to the board, remuneration payable to senior management.

The composition of the Nomination & Remuneration Committee and particulars of meetings attended by the members are given below:

There were four meetings held on May 25, 2018, July 30, 2018, October 30, 2018 and February 4, 2019 during the Financial Year 2018 -19.

Name	Category	Number of Nomination & Remuneration Committee meetings attended
Mr. Ravindra Kulkarni	Chairman, Independent Director	4
Mr. Anupam Puri	Independent Director	4
Mr. Ulhas N. Yargop	Non-Executive Director	4

The Company Secretary acts as the Secretary to the Committee.

The Managing Director & CEO, Chief People Officer and Chief Financial Officer of the Company are the invitees to the meetings of the Committee.

Performance Evaluation Criteria for Independent Directors:

The key areas of evaluation of individual directors, including Independent Directors are Knowledge of business, Diligence and preparedness, Effective interaction with others, Constructive contribution to discussion and strategy, Concern for stakeholders, attentive to the internal controls mechanism and ethical conduct issues.

Remuneration of Directors:

The details of remuneration paid to the Directors are given in Form MGT-9 forming part of the Directors Report.

The Governance Policies of the Company contains inter-alia policy on Remuneration to Directors.

The Non-Executive Directors are paid remuneration as recommended by the Nomination & Remuneration Committee considering the performance of the Company, the current trends in the industry, the director's participation in Board and Committee meetings during the year and such other responsibilities associated with their respective position.

The remuneration to Executive Director includes fixed salary and variable compensation as commission as determined by the Nomination & Remuneration Committee based on performance of the Company and achieving of various parameters set out in the agreed annual goals.

The stock option amount included in the remuneration of Directors as given in Form MGT-9 represents the perquisite value of the options exercised during the Financial Year 2018 - 19.

c) STAKEHOLDERS RELATIONSHIP COMMITTEE:

C. P. Gurnani
Managing Director & CEO

Independent Auditors' Certificate on Compliance with the Corporate Governance requirements under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To the Members of Tech Mahindra Limited

1. This certificate is issued in accordance with the terms of our engagement letter dated 1 June 2018.
2. This report contains details of compliance of conditions of Corporate Governance by Tech Mahindra Limited ('the Company'), for the year ended 31 March 2019, as stipulated in regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') pursuant to the Listing Agreement of the Company with Stock exchanges.

Management's responsibility

3. The compliance with the terms and conditions contained in the Corporate Governance is the responsibility of the management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Auditor's responsibility

4. Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31 March 2019.
6. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes, Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India ('ICAI') and the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate. The Guidance Note on Reports or Certificates for Special Purposes requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Service Engagements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above- mentioned Listing Regulations.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restrictions on Use

10. The certificate is addressed and provided to the Members of the Company solely for the purpose to enable the Company to comply with the requirement of the Listing Regulations, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

MANAGEMENT DISCUSSION AND ANALYSIS

Company and Performance Overview

Tech Mahindra Limited is a leading provider of digital transformation, consulting and business re-engineering services and solutions and is a part of the USD 21 Billion Mahindra Group; a global federation of companies divided into 11 business sectors. Befitting its size, the Mahindra Group operates in 20 key industries, providing insightful and ingenious solutions that are global in their ramifications. The Companies Act as a federation, with an optimum balance of entrepreneurial independence and synergy. From Mobility to Rural Prosperity and Information Technology (IT), from Financial Services to Clean Energy and Business Productivity, they are empowering enterprise everywhere. Headquartered in Mumbai, India, the Group has an operational presence in over 100 countries and employs more than 200,000 people. The Group operates across vast geographies and the governing spirit of “Rise” binds it as one Mahindra.

Rise: House of Mahindra

Tech Mahindra represents the connected world, offering innovative and customer-centric information technology experiences, enabling Enterprises, Associates and the Society to Rise™. It is a USD 4.9 billion company with 121,000+ professionals across 90 countries, helping over 935 global customers including Fortune 500 companies. The company's convergent, digital, design experiences, innovation platforms and reusable assets connect across a number of technologies to deliver tangible business value and experiences to its stakeholders. Tech Mahindra is the highest ranked non-US company in the Forbes Global Digital 100 list (2018), and also featured in the Forbes Fab 50 companies in Asia (2018).

Businesses are impacted more and more by new technologies

Tech Mahindra progresses forward with the philosophy of “Connected World, Connected Experiences”. The

company continues to offer a portfolio of services, to include, amongst others, Next Generation Solutions, Customer experience, Enterprise Architecture, Enterprise-of-Future (Network Services, Infrastructure & Cloud Services, Mobility solutions, Performance engineering), Platforms, Analytics and connected enterprise solutions. Alongside these offerings, there have been a wave of disruptive business influences, which have now emerged as more crucial aspects of business than ever before. The company has developed capabilities helping customers deploy such technologies across its businesses.

Tech Mahindra's revenue was at ₹ 347,421 Million (USD 4,970.5 Million) for the financial year ended March 31, 2019, registering a growth of 12.9% (4.2% in USD terms) on a YoY basis. The company's Profit After Tax (PAT) was at ₹ 42,976 Million (USD 614.6 Million) for financial year 2018-19 registering a growth of 13.1% (4.5% in USD terms).

Tech Mahindra is a Public Listed Company, incorporated and domiciled in India and has its registered office in Mumbai, Maharashtra, India. It has a primary listing on The National Stock Exchange of India Limited (NSE) and BSE Limited (BSE).

Industry Structure and Development

India continues to provide thought leadership in various growing and evolving areas across the entire spectrum of the technology ecosystem, with focus on re-skilling and digital transformation.

As per NASSCOM Strategic Review Report 2019, India's IT-BPM industry stands at USD ~177 billion market (registering 6.1% annual growth) and employs around 4.14 Million people.

The year has been christened as ‘The Year of Digital Acceleration’, wherein the industry was able to fast-forward its journey to be the digital solutions partner across the different sectors.

2018-19 was an exciting year for the industry, as the export sector crossed USD 137 billion of revenues. Interestingly, the industry sectors have also expanded beyond IT Services and together are almost half the industry revenues in 2018-19.

Digital technology is throwing up a new set of opportunities for the technology industry and over the past few years, the business has seen a shift (a) in revenue share (currently, digital share is between 18%-20% and increasing), (b) talent (India accounts for 75% share in global digital talent), (c) business models (partnerships, As-a-Services, etc.), (d) revenue source (IP-led, platforms, cloud) and (e) organizational structure (dedicated BUs, CoEs, etc.).

The key themes for the year included solutions across emerging technologies, especially those that are AI and Automation based. Skilling has been a priority for organizations in the industry, to adapt to the digitally transforming operations and the industry now has over 600,000 digitally skilled professionals.

Setting up Centers of Excellence & Innovation Hubs in key markets and enhanced focus on products and platforms are key investments being made by the industry for digital capabilities. The year 2018 marked a decade post the financial crisis of 2008 and witnessed global technology growth as a result of revived customer and business confidence. The decade has witnessed a complete transformation of the technology and services industry in India. As we stand at the cusp of the next decade, the IT-BPM industry will continue to accelerate the digital journey and focus on its vision of Transforming Businesses and Transforming India.

Outlook

According to Gartner Inc., the world's leading information technology research and advisory company, the worldwide IT spending is projected to total USD 3.79 trillion in 2019, an increase of 1.1% from 2018. The shift of enterprise IT spending from traditional (non-cloud) offerings to new, cloud-based alternatives is continuing to drive growth in the Enterprise software market. In 2019, the market is expected to reach USD 427 billion, up ~ 7% from USD 399 billion in 2018. However, Gartner expects increased growth for the Infrastructure software segment in the near-term, particularly in integration platform as a service (iPaaS) and application platform as a service (aPaaS).

As per India's IT-BPM Industry Association – NASSCOM, the outlook for the Indian information technology (IT) sector is expected to be steady, with a positive bias for FY2019. Industry is expected to grow marginally above NASSCOM guidance of 7-9% in constant currency. Export revenues are estimated to grow to ~USD 135-137 billion from the USD 126 billion in FY 2018, a growth of 8.3%. The domestic revenues are expected to grow 7.9% percent to ~INR 28-29 billion in the financial year 2018-19 while digital is seen to be growing at 30% year-on-year and is estimated to touch USD 33 billion in 2018-19 due to investment in digital transformation and the use of automation.

Opportunities and Risks

Opportunities

The Information technology market has been in a state of flux due to emerging technological changes. The marketplace is exploding all over the world, with myriad disruptions, changing buyer behaviour. IT solution providers of all shape and size can no longer rely on the successes of the past to guarantee their future.

The technological changes are rewriting the rules of business. There is little doubt that the connected future is taking shape faster than most businesses anticipated. The question remains – are companies prepared for the new realities of this connected future? IT services providers will need to reinvent themselves to stay relevant. The new imperatives of success for service providers are: business outcome enablement; new business models and new engagement models to support client expectations; new operating models that increase speed and agility; and building and creating smarter solutions that are programmable. We, at Tech Mahindra are committed to bridging the gap between today's capabilities and tomorrow's endless possibilities.

More than five decades ago, the world witnessed its first chat-bot ELIZA created by Joseph Weizenbaum. Today, the chat-bot market has skyrocketed. The market is projected to cross USD 5 billion by 2023, supporting sectors such as BFSI, healthcare, IT, telecom, retail, utilities and notably, governments. This is just one of the multitude of examples on technology's unmatched pace. Technology will continue to remain a key enabler in whatever we do.. AR/ VR, ML, Analytics, Cloud, IoT, Design are nothing but the key parts of the technology bandwagon we shall need for our flight to the future.

In addition to technology, deeper business involvement, customizable yet repeatable solutions and re-skilling of workforce to keep pace with new technologies and trends will be of utmost importance.

This overhaul across areas shall present opportunities unknown to today's world and full of uncertainties. The only answer to this new paradigm is being prepared and well-equipped to face the new future. Your company has taken several initiatives to address these opportunities

Blockchain :

Tech Mahindra has architected and implemented a comprehensive strategy to position itself as one of the world's leading Blockchain companies. As part of this strategy, Tech Mahindra has identified and is working on a holistic framework called 'Block Ecosystem', which creates industry-leading applications that are architected on innovation and human excellence to unlock significant value for all stakeholders. This framework has enabled us to not only promote Blockchain adoption by clients but also successfully deploy several cutting-edge solutions across our clients' businesses during the last 12 months.

The key components of our Block Ecosystem are as below:

1. **Block Studio:** It has the potential to evolve into the world's first Blockchain Decentralized Apps (dApps) marketplace.

2. **Block Talk:** It is a Blockchain Thought Leadership forum that aims to evangelize Blockchain technology to internal employees and to clients.
3. **Block Engage:** Tech Mahindra envisions to engage with the Government and Analyst firms to develop the Blockchain ecosystem. In the course of last one year, we have been recognized by the leading analyst firms as one of the leading Blockchain Service Providers in the industry.
4. **Block Geeks:** Tech Mahindra reiterates its commitment to provide best-in-class training to its employee base and nurture a significant talent pool.
5. **Block Accelerate:** Through Block Accelerate, Tech Mahindra commits to building the Blockchain ecosystem by encouraging the growth of startup companies and incubators through strategic investments, thereby triggering accelerated revenues and valuation.
6. **Block Access:** This focuses on tapping into 3rd party innovation through collaboration with Start-ups, Blockchain Protocol Developers & Industry Associations. Last year, we collaborated with 13+ startup partners, 6 protocol developers and 4 consortium members.
7. **Block Value:** Through Block Value we focus on generating revenues and profitability across our clients' businesses.

Cyber Security:

As the businesses digitize, security and privacy issues have taken center stage. Cyber Security attacks have begun to severely impact businesses of affected organizations. The main cyber threats are loss of intellectual property due to nation state actors, loss of services due to denial of service attacks by hackers, extortion due to ransomware, theft of customer data, fines and penalties due to noncompliance to regulations and lastly the increasing sensitivity of customers to security and privacy issues.

Without being assured of a comprehensive security posture, our customers would not be keen to outsource large projects or sensitive areas of their business. Given the spate of cyber security incidents, customers contractual agreements are more stringent and audited at regular intervals. In addition, laws around data protection and data privacy are evolving and this is creating a growing market for service providers like us.

The scope of Information Security Management at Tech Mahindra includes all business processes, delivery management functions, support services, Infrastructure services and IT domains – Hardware,

Software, Applications and Services. It covers all our corporate functions and Strategic business units delivering to over 900 accounts.

Your company follows a Requirements-to-Outcome model as summarized below:

The Information Security process is certified to the ISO 27001:2012 security management standard and to the Business Continuity Management System ISO22301:2012.

Augmented Reality (AR)/ Virtual Reality (VR):

The world is rapidly shifting to embrace the paradigm of extended reality. Tech Mahindra have successfully nurtured requisite skills and capabilities ranging from creating Enterprise Gamification to creating augmented insights of data and services for customers.

Machine Learning (ML) & Artificial Intelligence (AI):

The mission of our research arm, referred as Makers lab, is to make smart machines of the future. Our research in algorithms is a combination of current AI /ML algorithms going further in the neuroscience domain where we look at how the brain works and how does thought and memory occur. The research is to either develop a simplistic machine model or an algorithm which would use lesser data and would understand at a primal level the actions and insights. While we conduct research in the area of ML/ AI, we also solve practical customer challenges using various AI algorithms. We also put our solutions and IPs to test within the organization. We launched a program on AI and botification within the organization. Under this charter we have opened three of our IPs viz. Acumos (joint IP with customer), Entellio (conversational AI assistant) and Uno (RPA agent) to each one of our associates and who use these technologies for providing value to our customers.

Quantum Computing:

Quantum Computing has been a recent foray by Tech Mahindra, under the aegis of Makers Lab. The most prominent use cases in the field of Quantum Computing has been in the area of E-security, wherein we delivered a first use case of Quantum-Enabled Application. There is a lot more happening in the Quantum world with respect to the realm of AI and Distributed Ledgers, to enable companies solve complex classical optimization problems.

Strategy

Tech Mahindra implemented the 3-4-3 strategy that focuses on disruptive trends and transformative technologies in order to help customers in various industries with focussed approach solutions and clear outcomes. This means addressing the 3 megatrends happening in the market, 4 bets that Tech Mahindra would take to address those mega trends and which fits into 3 areas of CXO's priorities. The company has customized this 3-4-3 strategy to cater to specific market needs in each of the verticals it targets. We diversified successfully over past five years to the extent that Communications vertical represents less than half of total revenue. Also, Manufacturing is now a billion dollar vertical for us.

The Core "3-4-3 strategy" in depicted in a nutshell below:-

One of the cornerstones of our strategy has been enabled by developing a strong ecosystem of new-age partners through TechMNxt. The key focus of this initiative is to re-position Tech Mahindra as a Next Gen Services company that executes with Next Gen technologies, Next Gen business model and most importantly, Next Gen associates.

TechMNxt is all about leveraging industry leaders & start-ups, academia and partners to effectively deliver solutions to the clients in areas of AI, ML, Cyber Security, next-gen networks, Big Data, IoT, CX and new delivery models leveraging micro services and crowd sourcing and more.

While implementing 3-4-3 strategy in each industry vertical, we had a guiding structure to pick up initiatives across the spectrum in from Wave 1-4 summarised below:

Wave 1: The Company continues to transform the current business and make it efficient with use of Automation and Artificial Intelligence while adopting to changes in industry landscape.

Wave 2: We target high growth non-linear business by focusing on key platforms, many of which the company developed internally. These platforms cut across in three segments Utility, Technology and Vertical focused. Today with 20+ platforms, Tech Mahindra augments its service delivery through these platforms to offer a complete solution.

We have also refreshed our approach to Digital. In line with the movement of the expectations of our customers moving from IT-outcome focussed approach to a business outcome based approach, here are the 6 themes across which Tech Mahindra sees Digital opportunities:

Wave 3: We believe in collaborative disruption wherein the company focuses on portfolio companies, M&A and alliances to develop a powerful ecosystem of partners by investments in innovation and startups.

Wave 4: With the current model of operations, we are solving problems of today for a better tomorrow. However, the problems of tomorrow will need us to respond at an intersection. Tech Mahindra focusses on addressing such problems of tomorrow in each of our verticals by experimental approach towards developing transformational solutions.

Risks

Some of Tech Mahindra’s key risks and their corresponding mitigation strategies have been highlighted below.

Key Risk	Impact of risk	Mitigation / strategy
High concentration in communication Vertical	For the Financial year 2018-19 (FY19), Communication Vertical had a revenue share of ~41.2% of the total business. This is much higher when compared to leading Indian and global IT peers of Tech Mahindra and is one of the highest top-vertical revenue concentration amongst peers.	<p>The Communication industry is one of the largest spenders on the IT and Network Services and the nature of these spends keeps evolving and changing as new technologies get introduced.</p> <p>Tech Mahindra has made significant investments in being relevant and benefiting from new age technologies. Tech Mahindra has also entered into several partnerships to disrupt these technologies. The concentration has been coming down gradually over years and stands at 41.2% for FY19 versus 52% in FY16.</p>
Communication vertical cyclicality	Historically, IT services spend in Communications industry has been cyclical, resulting in periods of prolonged and tepid spends. This increasing the risk of secular growth for ~41% of the business, going forward.	<p>While IT services spends growth have been tepid in the Global Communications space, Tech Mahindra has been able to grow in line with its peers in the Communication vertical over longer periods, which captures both the up and down cycles.</p> <p>The Company is one of the few Global IT Company, which has a complete end-to-end span of services in the Communications vertical and has been able to leverage its expertise and unique positioning to grow faster.</p> <p>The Company today provides its services to almost all the key Global Communications Companies. Further, the Company has made a foray in to the USD ~40 billion Network Services market, which has helped open up a completely new and untapped market with huge growth opportunities.</p> <p>Further, the Communication Service Providers are consolidating and getting in to areas like Media & Entertainment, Cable and Content. These would provide significant opportunities to Tech Mahindra in the future, by capitalising on the investment in these emerging opportunities.</p>
Global economy risk	Tech Mahindra’s export revenues are over 94% and it derives 47.3% revenue from Americas, 29.3% from Europe and 23.5% from the Rest of the World. One aspect of the company’s growth strategy is to continue to expand in key markets around the world. The Economic growth activity in these markets could directly or indirectly affect Tech Mahindra customers’ IT spends. A slowdown in these economies would pose lower growth or deferred IT spends, thus impacting growth for Tech Mahindra.	<p>Tech Mahindra has been operating in volatile business environment for over three decades and its business model has evolved to deal with these changes in the business environment and IT spend outlook of its clients.</p> <p>However, severe adverse Global Economic activities risks and any recessionary trends can impact any Company including Tech Mahindra and remains a business risk, akin to any other IT services business.</p>

Key Risk	Impact of risk	Mitigation / strategy
Regulatory changes risk/ Visa Risk	<p>The Company has operations in over 90 countries and its employees work onsite at client facilities and locations on visas granted for extended or short term work.</p> <p>Protectionism is rising in few economies like USA, UK, Australia, Singapore, etc.</p> <p>Any changes in immigration laws or any local regulations can impact the profitability and growth.</p>	<p>Tech Mahindra has been in the software services business for over three decades and has been familiar and complying with the local regulations across its working locations.</p> <p>The Company has adequate and well defined internal processes, including contingency plans to deal with the changing regulatory environment.</p> <p>The Company has delivery centres in overseas geographies including USA and also has been hiring local employees from time to time.</p> <p>Tech Mahindra has been engaging with its clients on a regular basis to discuss and deal with any critical regulatory issues, which might have an impact on its business.</p>
M&A and Integration risk	<p>The Company has a focused M&A strategy. The Company has acquired multiple companies in the past several years. M&As and its integrations by nature involve risks relating to failure to achieve strategic objectives, financial loss, cultural and financial integration etc.</p>	<p>Acquisitions and M&As have not been new to the Company.</p> <p>The Company has well laid out defined plans on acquisitions. It uses M&A to fill up gaps in its portfolio of competency / services, verticals and client / geography access.</p> <p>Tech Mahindra has a dedicated and professional M&A team led by executive Leadership.</p> <p>The Company undertakes extensive due diligence and deals are evaluated by the senior management and the Board. Company also engages with Investment bankers, subject matter experts and advisors in the required areas.</p> <p>Management's experience with most of the acquisitions done until now has been quite satisfactory and in-line with its expectations.</p>
Competition risk	<p>The global IT services industry is highly competitive with competition from Indian IT companies and MNC IT services companies having sizable presence in low cost geographies, deep pockets, strong client relationships, in-house and Captive services companies etc.</p> <p>This stiff competition can lead to pressure on pricing, vendor consolidation and hence can impact the Company's growth and profitability.</p>	<p>IT services companies including Tech Mahindra have been operating under competitive environment for several years.</p> <p>Tech Mahindra has not only been able to become competitive from a multi-pillar services and competency perspective, but has also been able to move up in the IT services value chain.</p> <p>The Company has deep domain knowledge, skilled workforce, delivery capabilities and efficient sales force and relationship managers to help retain its competitive positioning amongst peers.</p>

Key Risk	Impact of risk	Mitigation / strategy
Technology risk	The industry is seeing a shift to new age technologies which are continually evolving. This shift, coupled with changes in delivery models and consumer spending patterns could be a threat to the growth in traditional IT spends and technology obsolescence.	<p>Tech Mahindra has been a specialist provider of connected solutions and has been investing in competencies required for a digital enterprise.</p> <p>The company has made significant investments in service areas like IoT, Cloud, microservices, Artificial Intelligence, Automation, Blockchain, Cyber Security Services etc.</p> <p>The Company invests in Centres of Excellence (CoE's) and provides many opportunities to its employees through internal and external training on technology and domain skill upgrades and also focuses on reskilling and upskilling employees. One of the key focus areas for this year was nurturing talent and Company has tied up with world class content partners, and with AI based personalized learning aggregators, to ensure that its human capital / intellectual machinery gets reskilled and honed to become the workforce of the future.</p>
Employee related / Supply Side risks	With the evolving IT industry, right skillset and talent is required to respond quickly to the ongoing changes. Cost effective hiring and retaining increased number of professionals with the required skillset is a challenge.	<p>Tech Mahindra has been diversifying its fresher talent pools by recruiting science graduates, diploma holders and certified skilled undergrads, while increasing hiring of local people in onsite locations.</p> <p>Tech Mahindra has a comparable remuneration structure, matured HR process and various employee friendly incentives.</p> <p>The Company focuses on reskilling and runs various programmes for employee enhancement and growth like the Global Leadership Cadre (GLC), Young CEO program, Shadow board, 1000 Leaders program etc. The Company has also invested in various learning platforms to provide training to the employees on the new and digital technologies.</p>
Currency risks	The exchange rate of Tech Mahindra's major billing currencies like GBP, USD, Euro and AUD has fluctuated widely in the recent past and may continue to fluctuate significantly in the future thus resulting in wide fluctuation in not only revenues but also Foreign Exchange losses and gains. Adverse currency movements could also lead to impact on Company's profitability being hit.	<p>Tech Mahindra has a well-established hedging policy which has been followed consistently over the past years.</p> <p>Hedging is undertaken to protect the Company from unfavourable currency movements & the Company does not undertake any speculative hedging. More than half of Company's revenue is contributed by its onsite activities and a substantial portion of overall cost is incurred is onsite, which provides as a natural hedge.</p> <p>The Company has a dedicated Treasury Department, which seeks advice from expert professionals and banks for its hedging decisions.</p>

Key Risk	Impact of risk	Mitigation / strategy
Data Privacy Risk	<p>Many countries have stringent Data Protection and Privacy Laws.</p> <p>There is cyber security risk related to company's corporate and client data, which may hamper company's relationship with customers and company's brand value.</p>	<p>Tech Mahindra's Information Security (IS) policy is 'to ensure confidentiality, integrity and availability of required information that is acquired, developed and provided to all relevant stakeholders.</p> <p>Tech Mahindra's Information and Data Security initiatives are in line with ISO/IEC 27001:2005 standard and code of practice ISO 27002. Tech Mahindra is one among the five companies in India to be certified and the requirements of the specification are implemented through the Information Security Management System (ISMS).</p> <p>Tech Mahindra has its own security risk assessment and management methodology that is designed based on the generally accepted methods within the industry.</p>
Litigation Risk	<p>Company has been working with over 900 customers across 90 countries and is prone to risk of litigation arising out of contract execution, Intellectual Property related, regulatory compliances, employment related, adverse rulings, mergers etc.</p>	<p>Businesses carry an inherent risk of litigations. To mitigate same, the company has an in-house Legal Team, spread across regions and catering to all the kinds of risks relevant to the IT business. The company also seeks expertise from external Global Law firms, Taxation and Compliance experts in the relevant areas wherever required.</p> <p>Further, the company has a robust process and framework for dealing appropriately and in a timely manner, to all the litigation related risks arising either external or internal to the company.</p>
Cyber attack risk	<p>Reputation loss and penalties due to data theft of customer data or TM personal data by external hackers</p>	<p>The company invests in best cyber security tools to defend its environment from cyber security threats such as advanced persistence threats, phishing attacks and other forms of malicious attacks. We also use best of the breed controls such as encryption, 2FA, mobile device management, data leakage protection to keep Intellectual property and customer data safe.</p> <p>People form a key part in our journey towards a secure organisation. We invest in comprehensive training with assessment for the entire workforce. This covers security, data protection and secure delivery. Employees sign appropriate agreement to protect the confidentiality and integrity of data and are employment screened and reference checked.</p>

Discussion on Financial Performance with respect to Operational Performance

Overview

The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013 and as per Indian Accounting Standards (IND AS) for the year ended March 31, 2019.

The financial statements of TechM and its subsidiaries have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses, after eliminating intra group transactions and any unrealized gains or losses in accordance with the Indian Accounting Standard - 110 on "Consolidated Financial Statements" (IND AS 110).

The discussion on financial performance in the Management Discussion and Analysis relate primarily to the standalone accounts of Tech Mahindra Limited. Wherever it is appropriate, information pertaining to consolidated accounts for Tech Mahindra Limited & its subsidiaries is provided for the current year and previous year. For purpose of comparison with other firms in this industry as well as to see the positioning and impact that Tech Mahindra Limited has in the marketplace, it is essential to take the figures as reflected in the Consolidated Financial Statements.

A. STANDALONE FINANCIAL POSITION

1. Share Capital

The authorized share capital of the Company is ₹ 7,932 Million, divided into 1,586,300,000 equity shares of ₹ 5 each. The paid up share capital stood at ₹ 4,917 Million as on March 31, 2019 compared to ₹ 4,897 Million as on March 31, 2018. The increase in paid up capital during the year is due to issue of 3,628,662 shares on account of conversion of options into shares (₹18 Million) by employees under the Employee Stock Option Plans.

2. Reserves and Surplus

a) Securities premium account

The addition to the securities premium account of ₹ 1,607 Million during the year is due to amount transferred from share option outstanding account on exercise of stock options to the tune of ₹ 1,262 Million, transfer on allotment of equity shares ₹ 343 Million and ₹ 2 Million allotment of shares by ESOP Trust to employees. Reduction is due to Contractual obligation for Buyback ₹ 19,453 Million.

b) Retained Earnings

The surplus in the Statement of Profit and Loss as on March 31, 2019 was ₹ 171,950 Million compared to ₹ 150,495 Million as on March 31, 2018.

3. Borrowings including Current Maturities

Borrowings including Current Maturities as on March 31, 2019 were ₹ 126 Million, as compared to ₹ 2,548 Million as on March 31, 2018.

4. Fixed Assets

The movement in Fixed Assets is shown in the table below:

₹ in Million

FIXED ASSETS	As at March 31	
	2019	2018
Gross Book Value		
Land - Freehold	477	472
Buildings	19,357	19,317
Lease hold Improvements	840	929
Plant & Equipments		
Leased	167	207
Owned	14,226	13,973
Computer equipments:-		
Leased	346	3,999
Owned	14,244	13,567
Office Equipments	1,695	1,560
Furniture and fixtures	6,708	6,580
Vehicles:-		
Leased	2	2
Owned	201	207
Intangible assets	14,808	13,967
Total	73,071	74,780
Less: Accumulated depreciation & amortization	46,357	43,764
Net block	26,714	31,016
Add: Capital work-in-progress	2,713	2,354
Net fixed assets	29,427	33,370

The Net Block of Fixed Assets and Capital Work in Progress stood at ₹ 29,427 Million as on March 31, 2019 as against ₹ 33,370 Million as on March 31, 2018. During the year, the Company incurred capital expenditure (gross) of ₹ 3,194 Million (previous year ₹ 13,361 Million includes ₹ 8,939 Million IPR). The major items of Capital Expenditure include addition to Computer equipment, Software, Plant and Equipment, & Furniture.

5. Investments

The summary of Company's investments is given below

₹ in Million

INVESTMENTS	As at March 31	
	2019	2018
Non Current Investments		
Investment in Subsidiaries	61,163	58,085
Investment in Non convertible debentures, Associates & others	7,060	11,473
Total Investments	68,223	69,558
Less: Provision for diminution of value	1,936	907
Net Non Current Investments	66,287	68,650
Investment (in Property)	1,141	1,289
Total Non-Current Investments	67,428	69,939
Current Investments		
Investment in mutual funds	37,508	25,479
Term Deposits with Financial Institutions	11,000	5,500
Investment in non-convertible debentures and commercial papers	14,812	2,952

B. RESULTS OF OPERATIONS

The following table sets forth certain income statement items as well as these items as a percentage of our total income for the periods indicated:

Particulars	Fiscal 2019		Fiscal 2018	
	₹ in Million	% of Total Income	₹ in Million	% of Total Income
INCOME				
Revenue from Services	272,196		236,922	
Other Income	9,601		17,280	
Total Income	281,797	100%	254,202	100%
EXPENDITURE				
Personnel Cost	84,440	29.96%	81,240	31.96%
Subcontracting Expenses	101,207	35.91%	90,257	35.51%
Operating and Other Expenses	34,859	12.37%	26,432	10.40%
Depreciation	6,587	2.34%	6,563	2.58%
Finance Cost	431	0.15%	708	0.28%
Total Expenditure	227,524	80.74%	205,200	80.72%
Profit before tax and exceptional items	54,273	19.26%	49,002	19.28%
Provision for Taxation	10,469		9,063	
Net profit for the year	43,804	15.54%	39,939	15.71%

1. Revenue

The Company derives revenue principally from technology services provided to clients from various industries.

The revenue increased to ₹ 272,196 Million in fiscal 2019 from ₹ 236,922 Million in fiscal 2018. The increase in revenue is mainly due to increase in number of clients served & increase in amount of business from these clients.

Consolidated Revenue

Consolidated Revenue for fiscal 2019 was ₹ 347,421 Million compared to ₹ 307,729 Million in fiscal 2018, growth of 12.9%.

Consolidated revenue by Geography

Revenue from Americas was 47.2% in fiscal 2019 compared to 46.6% in fiscal 2018 while the share of revenue attributable to Europe was 29.3% in fiscal 2019 compared to 29.8% in the previous year. Revenue from Rest of the World (including India) as a percentage of total revenue was 23.5% in fiscal 2019 compared to 23.6% in fiscal 2018.

Consolidated revenue by Vertical

For fiscal 2019, revenue from Communications was 41.2 % compared to 43.3% in previous year. Revenue from Manufacturing was 20.2 % in fiscal 2019 compared to 19.2% in fiscal 2018. Revenue from Technology, Media & Entertainment was 7.2% in fiscal 2019 compared to 6.5% in fiscal 2018. Revenue from Banking, financial services & insurance was 13.4% in fiscal 2019 compared to 13.7% in fiscal 2018. Revenue from Retail Transport & Logistics was 6.4% in fiscal 2019 compared to 6.8% in fiscal 2018. Revenue from Others

was 11.5% in fiscal 2019 compared to 10.6% in previous year.

Consolidated Revenue by Segment

For fiscal 2019, 91.9% of revenue came from IT services, whereas 8.1% of revenue came from BPO services. The revenue share for fiscal 2018 from IT & BPO services was 92.8% & 7.2% respectively.

2. Other Income (Standalone)

Other income includes interest income, dividend income, foreign exchange gain/loss and net gain on disposal of assets.

Interest income mainly consists of interest received on bank deposits. Dividend income includes dividend received on long term investments as well as that received on current investments. Exchange gain/loss consists of mark to market gain/loss on ineffective hedges, realized gain/loss and revaluation gain/loss on translation of foreign currency assets and liabilities. Other income was ₹ 9,601 Million in fiscal 2019 compared to ₹ 17,280 Million in fiscal 2018. The decrease in other income was mainly due to lower foreign exchange gain in current fiscal year and gain on disposal of immovable property in last fiscal year.

3. Expenditure (Standalone)

Particulars	Fiscal 2019		Fiscal 2018	
	₹ in Million	% of Total expenditure	₹ in Million	% of Total expenditure
Personnel Cost	84,440	37.1%	81,240	39.6%
Subcontracting Expenses	101,207	44.5%	90,257	44.0%
Operating and Other Expenses	34,859	15.3%	26,432	12.9%
Depreciation	6,587	2.9%	6,563	3.2%
Finance Cost	431	0.2%	708	0.3%
Total Expenses	227,524	100.00%	205,200	100.00%

Personnel cost includes salaries, wages and bonus, allowances paid to associates deputed outside India, contribution to provident fund and other funds and staff welfare costs. The increase in personnel cost in absolute value is due to annual increments.

Subcontracting expenses include cost of direct contractors and agency contractors to support current and future business growth.

Operating and other expenses mainly include travelling expenses, rent, repairs and maintenance, communication expenses, office establishment costs, software packages and professional fees.

4. Profit before tax

Profit before tax and exceptional item was ₹ 54,273 Million in fiscal 2019 compared to ₹ 49,002 Million in fiscal 2018. Profit before tax as a percentage of total revenue was 19.9% in fiscal 2019 compared to 20.7% in fiscal 2018.

5. Income taxes

The provision for income tax for the year ended 31st March 2019 was ₹ 10,469 Million as compared to ₹ 9,063 Million in the previous year. The effective tax rate in these years was 19.3% and 18.5% respectively.

6. Profit after tax

Profit after tax was ₹ 43,804 Million in fiscal 2019 as compared to ₹ 39,939 Million in fiscal 2018. Profit after tax as a percentage of revenue was 16.1% in fiscal 2019 and 16.9% in fiscal 2018.

Consolidated PAT

Consolidated PAT (owners of the company) for fiscal 2019 was ₹ 42,976 Million as compared to ₹ 37,998 Million last fiscal 2018. PAT as a percentage of revenue is 12.4% in fiscal 2019 & 12.3% in fiscal year 2018.

C. CASH FLOW

₹ in Million

Particulars	Fiscal Year	
	2019	2018
Net cash flow from operating activities	36,344	32,730
Net cash flow from (used in) investing activities	(15,425)	(21,848)
Net cash flow from (used in) financing activities	(20,359)	(12,095)
Increase/(Decrease) in Cash and Cash Equivalents	560	(1,213)
Effect of exchange rate changes on cash and cash equivalents	129	388
Cash and cash equivalents at the beginning of the year	8,892	9,717
Cash and cash equivalents at the end of the year	9,581	8,892

D. In accordance with the SEBI (Listing Obligations and Disclosure Requirements 2018) (Amendment) Regulations, 2018, the Company is required to give details of significant changes (change of 25% or more as compared to the immediately previous financial year) in key financial ratios.

Sr. No.	Key Financial Ratios*	Fiscal 2019	Fiscal 2018
1	Debtors Turnover	3.6	3.7
2	Inventory Turnover	NA	NA
3	Interest Coverage Ratio	159.4	209.2
4	Current Ratio	2.3	2.9
5	Debt Equity Ratio	0.5	0.4
6	Operating Profit Margin (%)	20.1%	21.0%
7	Net Profit Margin (%)	16.1%	16.9%
8	Return on Net Worth	21.8%	21.9%

* Ratios are based on standalone financials

As movements are not greater than 25%, they are not material.

E. Internal Control Systems

The Company maintains adequate internal control system, which provides, among other things, reasonable assurance of recording the transactions of its operations in all material aspects and of providing protection against significant misuse or loss of Company's assets. The Company uses an Enterprise Resource Planning (ERP) package, Business Intelligence and Analytics package, which enhances the internal control mechanism. The Company also has a Chief Information Risk Officer (CIRO) and Chief Information Officer (CIO) for overseeing the Internal Control and Systems.

F. Material developments in human resources including number of people employed

Being an organization that focuses on staying at the cutting edge of technology through

our people, we strive at attracting the best talent through intensive recruitment drives in premier engineering and management institutes. During the year, Tech M saw a net addition of 8,275 professionals through campus recruitment, lateral hiring and acquisitions. The global headcount of the Company as on March 31, 2019 was 121,082 as compared to 112,807 as on March 31, 2018.

The IT attrition was 20.8% during the year as compared to 18.1% in the previous year. The Company has been working towards retaining talent by investing in career development programs, talent engagement initiatives, employee well-being (personal and professional), rewards and recognition as well as an empowered work environment.

Cautionary Statement

Certain statements made in the management discussion and analysis report relating to the Company's objectives, projections, outlook, expectations, estimates and others may constitute 'forward-looking statements' within the meaning of applicable laws and regulations. Actual results may differ from such expectations, projections and so on, whether express or implied. Several factors could make a significant difference to the Company's operations. These include economic conditions affecting demand and supply, government regulations and taxation, natural calamities and so on over which the Company does not have any direct control.

BUSINESS RESPONSIBILITY REPORT

(As per Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

SECTION A: GENERAL INFORMATION ABOUT THE COMPANY

1. Corporate Identity Number (CIN) of the Company -

L64200MH1986PLC041370

2. Name of the Company -

Tech Mahindra Limited

3. Registered address -

Gateway Building, Apollo Bunder,
Mumbai – 400 001. Tel: +91 22-2289-5500

4. Website -

www.techmahindra.com

5. E-mail id-

investor.relations@TechMahindra.com ;
CorporateSustainability@TechMahindra.com

6. Financial Year reported –

April 01, 2018 - March 31, 2019

7. Sector(s) that the Company is engaged in (industrial activity code-wise) - Computer Programming, Consultancy and Related services

8. List three key products/services that the Company manufactures/provides (as in balance sheet)

Telecom Services; Consulting; Application Outsourcing, Infrastructure Outsourcing, Engineering Services, Business Services Group, Platform Solutions and Mobile Value Added Services

9. Total number of locations where business activity is undertaken by the Company

Refer to pages 72 in the Annual report

Markets served by the Company – Local/State/National/International –

Refer to Management Discussion and Analysis Report on page no. 72 in the Annual report

SECTION B: FINANCIAL DETAILS OF THE COMPANY

1. Paid up Capital (INR Mn) 4,917

2. Total Turnover (INR Mn) 272,196

3. Total profit after taxes (INR Mn) 43,804

4. Total Spending on Corporate Social Responsibility (CSR) as percentage of profit after tax (%) - 2%

5. List of activities in which expenditure in 4 above has been incurred:-

Refer Annexure X of Directors Report

SECTION C: OTHER DETAILS

1. Does the Company have any Subsidiary Company/ Companies?

Yes. The Company has 155 Subsidiary companies as on 31st March 2019

2. Do the Subsidiary Company/Companies participate in the BR Initiatives of the parent company? If yes, then indicate the number of such subsidiary company(s)

Yes. Our policies on Code of Conduct and Corporate Governance are followed across all Tech Mahindra Limited entities including the 30 wholly owned subsidiaries of Tech Mahindra Ltd.

3. Do any other entity/entities (e.g. suppliers, distributors etc.) that the Company does business with, participate in the BR initiatives of the Company? If yes, then indicate the percentage of such entity/entities? [Less than 30%, 30-60%, More than 60%]

Yes, more than 60% of the entities that the company does business with participate in the BR initiatives of the Company. The Suppliers and vendors are important stakeholders of our company and we value our collaborations with them. We have a Supply Chain Management policy and a Supplier Code of Conduct policy, which extends to all suppliers who conduct business with us. We also have capacity building workshops for our top suppliers on the importance of human rights, labor laws, a sustainable supply chain and the global trend in the green supply chain. The Company aims to help suppliers understand the importance of sustainable development as well as create a platform for all stakeholders to discuss their concerns and challenges.

SECTION D: BR INFORMATION

1. Details of Director/Directors responsible for BR

(a) Details of the Director/Director responsible for implementation of the BR policy/policies

1. DIN 00018234
2. Name – Mr. C. P. Gurnani
3. Designation - Managing Director & CEO

(b) Details of the BR head

NO.	PARTICULARS	DETAILS
1	DIN Number (if applicable)	NA
2	Name	Sandeep Chandna
3	Designation	Chief Sustainability Officer
4	Telephone number	9810314114
5	e-mail id	sandeepch@techmahindra.com

2. Principle-wise (as per NVGs) BR Policy/policies

Tech Mahindra has in place the Business Responsibility Policy http://www.techmahindra.com/investors/corporate_governance.aspx which addresses the 9 principles as per the National Voluntary Guidelines on Social, Environmental and Economic Responsibilities

of Business. This policy is applicable to all Tech Mahindra associates and ensures our business practices are governed by these principles.

P1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability.

P2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

P3: Businesses should promote the wellbeing of all employees.

P4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized.

P5: Businesses should respect and promote human rights.

P6: Businesses should respect, protect, and make efforts to restore the environment.

P7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner.

P8: Businesses should support inclusive growth and equitable development.

P9: Businesses should engage with and provide value to their customers and consumers in a responsible manner.

Note 1: There is no distinct policy on public advocacy. However, the company is aligned to the Mahindra philosophy on policy advocacy

Note 2: As per the approval matrix of the company, policies are approved by the concerned Unit Heads.

Note 3: All Tech Mahindra policies are uploaded on the BMS site on the Tech Mahindra intranet for the information and implementation by the internal stakeholders. They are also available on the Tech Mahindra website

http://www.techmahindra.com/investors/corporate_governance.aspx;

<http://www.techmahindra.com/company/Sustainability.aspx>;

<http://techmahindrafoundation.org/csr-policy/>

Governance related to BR

(a) Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year

Within 3-6 months

(b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

Tech Mahindra has been publishing its standalone Sustainability Reports since 2013-14. The Reports as per the GRI framework are published annually and are accessible on the Company website <http://www.techmahindra.com/company/Sustainability.aspx>

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

The policy relating to ethics, bribery and corruption covers not only Tech Mahindra Limited, but extends beyond the company to our stakeholders too. The Company has well-defined policies on Anti-corruption and bribery as well as Code of Conduct, which extends to all stakeholders of the company (internal and

external) and cover all issues relating to ethics, bribery and corruption. Tech Mahindra also has a separate Supplier Code of Conduct policy for all our suppliers, vendors, and companies who provide us with products and services.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

There were 507 CEBC whistle blow complaints received during 2018-19. All whistle blows were redressed for investigation and suitable actions were taken wherever necessary.

Principle 2

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

1	Smart Cities – Smart Solutions	Tech Mahindra has implemented multi-dimensional Smart Solutions for Jaipur Development Authority, Gandhinagar and Kanpur Smart Cities. Smart solutions like Intelligence Transport Management, Adaptive Traffic Control, Smart Waste management, Environment Sensors, Public announcement System, Emergency Call box and E-Governance applications have improved the efficiency of municipal services, enhanced the security of citizens and promoted a better quality of life. All these solutions are integrated to the ICCC (Integrated Command and Control Centre), which enables real time monitoring and helps in responding to day-to-day & emergency situations throughout the city seamlessly. These multidimensional projects have thus brought in Environmental Improvement, enhanced Social Infrastructure and encouraged Sustainable Development.
2	Blockchain solution for Spam calls in India	Tech Mahindra has successfully deployed a cutting-edge solution leveraging Blockchain Technology for one of the leading telecom players in India, which has a base of 300Mn+ subscribers. The solution aims at mitigating the issue of unsolicited commercial communication (UCC) or spam calls and messages. We designed this holistic blockchain-based solution, for the Indian telecom sector, in compliance with the regulations and guidelines published by TRAI (Telecom Regulatory Authority of India) in Jul 2018. The solution enables the telecom providers prevent unauthorized access of their subscribers' data.
3	Next Gen Emergency Management System	Next Gen EMS is a holistic and comprehensive platform, which interlaces various next generation technologies to provide end-to-end flow of information and enable emergency response teams to provide high quality care without compromising on the speed of the care delivery. Next gen EMS solution disrupts the current native emergency response system, transforming it into an end-to-end platform, which enables emergency response organizations to deploy scalable and next gen technologies like mobile apps and unmanned aerial vehicles for improving the emergency responses. This disruption into a platform contributes to improved utilization of key resources like ambulances (ALS, BLS) and reduced response time through nullification of the impact of external environment variables on transit time. It also reduces the risk through instant establishment of communication medium for real time and seamless flow of information among various stakeholders (like ambulatory team, Hospitals, Specialists) of the emergency response team.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):
 - (a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Tech Mahindra being a Software Services company, our products are not resource intensive and hence reduction is negligible

3. Does the company have procedures in place for sustainable sourcing (including transportation)?

Yes

(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Tech Mahindra has a Sustainable Supply Chain Management Policy and the Suppliers Code of Conduct policy, which have to be stringently followed by our vendors. Tech Mahindra prefers suppliers with sustainable practices and ability to deliver on key strategic growth initiatives.

Our approach to sustainable sourcing is:

- a) Sourcing with the highest possible standards aligned with responsible business practices
- b) Raising awareness of sustainable sourcing with our key suppliers through workshops and webinars
- c) Assessment of vendors focusing on social, ethical and environmental aspects

90% of inputs are sourced sustainably. Specifications of CAPEX items are finalized by considering the vendor's sustainability aspects and they have to supply items with desired specifications. Our supplier analysis also takes into account the sourcing strategy of the supplier and proximity of the supplier to the location where the order request has been raised. This helps improve logistics and saves time, cost and emissions from unwanted transportation through longer routes.

We conduct supplier audits, which help us understand the potential risks within the Supply Chain from ESG perspective.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

The Tech Mahindra Sustainable Supply Chain Management Policy includes a clause on procurement of goods and services from local and small communities. During supplier evaluation process, if all other factors are on par between potential suppliers and assessment of risks associated with them, then the company will give preference to the local supplier or

small producer and procure goods locally. Most IT requirements are from Original Equipment Manufacturers (OEMs) procured globally and so they cannot be sourced locally. However, the company encourages sourcing of operational requirements and consumable services through local distributors and suppliers. This also helps us in better inventory, shorter lead-time and logistics control while reducing transportation emissions

(a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Development of Local Vendors is a continuous process and their empanelment is done on a regular basis based on references, direct contacts and interactions with them. Tech Mahindra conducts capacity-training workshops for the suppliers touching upon topics such as Human rights and labor laws, the global trend in green supply chain and Anti-corruption. Tech Mahindra aims to help suppliers understand the importance of sustainable development as well as create a platform for all stakeholders to discuss their concerns and challenges.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Yes, >10%. The company has a mechanism to recycle waste but we don't deal with product recycling as we do not manufacture products.

We have a robust waste management system of segregation at source, collection and management of both hazardous and non-hazardous waste. Scrap waste comprising of plastic, office waste, packaging and paper is given to vendors for recycling. The organic waste is converted into manure through the process of Vermicomposting or in the Organic Waste Composter at our major locations. Vermicomposting of wet waste has yielded 32.5 ton of manure that was used for landscaping.

The e-waste generated includes defunct computers, monitors and servers, electronic and electrical items and is disposed of for recycling through government-authorized certified vendors. FY 18-19 had 209.3 ton of E-waste sent for recycling through an authorized vendor.

Sewage Treatment Plants are set up at all major facilities to recycle and treat wastewater, which is reused for non-operational purposes like landscaping and for flushing in washrooms. More than 606461 kl of treated STP water helped in reducing fresh water withdrawal. We also have

rainwater harvesting plants and pits that help in charging more than 950 kl of ground water yearly.

Principle 3

(These are the details of only TML)

1. Please indicate the Total number of employees. **103822**
2. Please indicate the Total number of employees hired on temporary/contractual basis. **19523**
3. Please indicate the Number of permanent women employees. **31900**
4. Please indicate the Number of permanent employees with disabilities **218**
5. **Do you have an employee association that is recognized by management?**

Tech Mahindra recognizes the right to freedom of association & encourages associates to connect, discuss ideas and raise issues through readily available internal tools and platforms. Although in India our associates are not part of any trade Unions, there are internal tools also, readily available to all associates to share their views, opinions and ideas across managerial levels and across the organization. Tech Mahindra follows the local rules and regulations in the country of our operations and adheres to these collective bargaining agreements in European countries where applicable.

6. **What percentage of your permanent employees is members of this recognized employee association?**
NA
7. **Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.**

No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1	Child labour / forced labour / involuntary labour	0	0
2	Sexual harassment	26	0
3	Discriminatory Employment	0	0

8. **What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?**

(We have also included the Behavioral trainings given to the non-IT employees here).

- (a) Permanent Employees **85.66%**
- (b) Permanent Women Employees **85.82%**
- (c) Casual/Temporary/Contractual Employees **56.64%**
- (d) Employees with Disabilities **95.69%**

Principle 4

1. **Has the company mapped its internal and external stakeholders? Yes/No**

Yes

2. **Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?**

Yes

Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

The CSR vision of Tech Mahindra Foundation (TMF) is 'Empowerment through Education'. Under this broad theme, TMF works with the disadvantaged community in each area of work including education and employability.

The Foundation's SMART (Skills for Market Training) employability programme is our flagship programme that trains & educates young men & women to create a skill-based cadre who could contribute to India's economic productive strength. The Foundation supports 100 SMART centres across 11 cities of India, training more than 19,000 youth annually and successfully plugging the demand and supply gap in multiple manufacturing and service industries.

Tech Mahindra SMART Academies cater to the skilling agenda that aims at creating a cadre of well-qualified, trained healthcare professionals through a number of paramedical diploma and certificate courses. The Foundation runs 3 SMART Academies for Healthcare in Delhi, Mohali, and Mumbai and 1 Digital Media Academy in Visakhapatnam. 1054 youth enrolled across all the 4 SMART Academies in 2018-19.

TMF works with Government Primary Schools by supporting initiatives that lead to sustainable transformation. The Education programme works with schools, teachers and the community to impart quality education and encourage holistic development to children from vulnerable communities, with a focus on improving learning outcomes.

The Foundation also works with children and youth with disabilities in the areas of education and skill development. Activities under the disability programme focus on the dignity and independence of persons with disabilities.

TMF strongly encourages volunteering activities to supplement its skilling and education programmes. In 2018-19, 31830 volunteers clocked 164278 hours in various activities.

Please refer to <http://techmahindrafoundation.org/> for further details.

Principle 5

- 1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?**

Policies on Human Rights, including the Code of Ethical Business Conduct, Prevention of Sexual Harassment and the Whistleblower policies along with the group Business Responsibility Policy cover all aspects on Human Rights for the Company and extend to all stakeholders of Tech Mahindra.

- 2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?**

There have been no complaints on Human Rights received in the past financial year.

Principle 6

- 1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.**

The company has various policies related to environmental protection. The Supply Chain Management policy includes environment protection and covers suppliers. The Green procurement policy encourages suppliers to deliver products/services with minimal negative impact on environment. The Environment policy applies to all levels of the organization across Tech Mahindra facilities excluding Sales and Client Offices. The Company aims to help suppliers/contractors understand the importance of sustainable development as well as create a platform for all stakeholders to discuss their concerns and challenges.

Tech Mahindra policies are in sync with the Mahindra & Mahindra Group environmental policies. Our ideology of Environmental Sustainability is reflected in our rigor and strategic thinking across the organization. We believe that our operations should not adversely affect the future of our society, its ecological balance and life support functions.

- 2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.**

Yes, the company has strategies/ initiatives to address global environmental issues such as climate change & global warming. Our approach towards reducing GHG (Green House Gas) emissions is to not only improve our energy efficiency but also increase our share of renewables.

Please refer to the details in the Sustainability Report on the below web-link: <http://www.techmahindra.com/company/Sustainability.aspx>

- 3. Does the company identify and assess potential environmental risks? Y/N**

Yes, we have integrated multi-disciplinary company-wide risk identification, assessment, and management processes across our locations. At Tech Mahindra, Risk assessment is entrusted with the Enterprise Risk Management Team in conjunction with various business functions. The environment risks identified are on the below aspects

- Climate Change
- Weather-related
- Natural Disasters
- Water Quality and Security
- Occupational Health and Safety
- Brand Reputation
- Changing consumer behavior
- Technology and transition

- 4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?**

No

- 5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.**

We have various emission reduction initiatives taken across the organization to reduce emissions a) Installation of energy efficient equipment (motion sensors, LEDs, energy efficient laptops/servers), consolidation of operations to increase system efficiency, energy savings and better maintenance quality. (b) Increase in renewable energy share of the company operations through onsite installation and Open Access source. (c) Increase in virtual server infrastructure thus reducing dependency

on physical servers (d) Replacement of existing data centres with more efficient HVAC containment & airflow reduction systems and utilizing natural cooling techniques wherever possible. (e) Encouraging virtual meetings to reduce Business travel and logistics.

Please refer to the details in the Sustainability Reports on the below web-link: <http://www.techmahindra.com/company/Sustainability.aspx>.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

An approval for consent to Expansion of project and Environment clearance for one location is pending with MPCB & EC as on end of financial year.

Principle 7

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Tech Mahindra is a member of the following major associations

- (a) National Association of Software and Services Companies (NASSCOM)
- (b) Confederation of Indian Industry (CII)
- (c) United Nations Global Compact (UNGC)

Tech Mahindra is also part of the following forums through our association with the larger M&M group.

- (a) World Business council for Sustainable Development (WBCSD)
- (b) Global Reporting Initiative (GRI)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Tech Mahindra collaborates with the Government and Industry bodies in the following areas

- Sustainability and climate change actions.
- Environmental degradation, climate change and inclusion.

- Transformation through policy advocacy, knowledge creation, knowledge dissemination and 'on-ground' model projects.
- Member of the Smart Grid Task Force which help accelerate the development of smart grid technologies in the Indian power sector.
- Workshops aimed to facilitate the development of best practice implementing a voluntary corporate carbon pricing program and report on GHG emissions considering GRI protocols.
- Collaboration with NITI Aayog and Smart City Development Corporation.

Principle 8

1. Does the company have specified programmes/ initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

All social initiatives and projects of Tech Mahindra are handled by the Tech Mahindra Foundation which focuses on three areas of development – school education, employability, and technical education. It has been running 150+ projects with 100+ partners across India and has impacted more than 400,000 lives (since its inception). The Foundation has an inclusive approach wherein it supports disabled children and youth in its programmes. Through SMART+ and ARISE+ programmes, the Foundation helps persons with disabilities gain an education, earn an income and live independently.

Tech Mahindra volunteering activities are carried out directly by our associates with the help and support of our partner NGOs. The Foundation strongly encourages volunteering activities to inculcate our associates with the right attitude towards individual social responsibility while also furthering the TMF skilling and education programmes. In 2018-19, 31830 volunteers clocked 164278 hours under various activities.

The internal associates' team, JOSH also takes up social activities as part of its programs and encourages volunteering by associates in the nearby areas. Tech Mahindra HR invites associates to be part of the Employee Social Responsibility Options (ESRO) initiative where the associate can get funding for the NGOs where they have been volunteering over a sustained period of time.

2. Are the programmes/projects undertaken through in-house team/own foundation/ external NGO/government structures/any other organization?

Tech Mahindra Foundation implements its projects in direct mode (Direct Implementation Projects) as well as through partner NGOs (Partner Implementation Projects). There are also some projects done in collaboration with government organizations.

- a) Direct Implementation Projects for Tech Mahindra Foundation
Mahindra Educational Institutions (MEI); Tech Mahindra SMART Academy for Healthcare, New Delhi, Mohali and Mumbai; Tech Mahindra SMART Academy for Digital Media, Visakhapatnam.
- b) Partner Implementation Projects of Tech Mahindra Foundation
SMART, SMART+, ARISE and ARISE+ programmes are implemented in partnership with NGO partners across 11 locations in India.
- c) Projects with Government organizations: Shikshaantar (an educator capacity building programme) is implemented directly in New Delhi, Mumbai, Thane and Pune in partnership with their respective State Municipal Corporations.

3. Have you done any impact assessment of your initiative?

Yes. The Employability (SMART) programme has been assessed by KPMG; the In-Service Teacher Education Institute (ITEI) by Kantar Public and Grant Thornton conducted a 10-year impact study of Tech Mahindra Foundation's work.

4. What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

Tech Mahindra Foundation spent INR 65.59 crore on its Education and Employability programmes during this financial year. Please refer to <http://techmahindrafoundation.org/> for details of our CSR projects.

The spend on Technical Education by Mahindra Educational Institutions is INR 24.77 crore.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

Community involvement is one of the key elements in the design of our CSR programmes. The community is involved at multiple stages from inception to implementation of programmes. The SMART programme (Skills for Market Training) along with the SMART Academies provide employability skills to young

people from vulnerable urban communities. They, in turn, become advocates for skilling among their peers and communities. ARISE and ARISE+ also include elements of community outreach, awareness, and mobilisation.

Principle 9

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

For FY-2018-19, we have addressed all customer complaints and there are no major customer grievances pending.

Our customer centric culture spans across the organization ensuring better services, experience and a better value for money for our customers. Customer escalations and complaints are treated with utmost importance in the organization. The Customer Centricity Office tracks all critical customer escalations and expedites the necessary actions required to close these complaints quickly. We have a Chief Customer Officer who proactively manages all customer escalations. His contact details are updated on the external Tech Mahindra website http://www.techmahindra.com/company/customer_centricity_office.aspx for easy access and connect with all our customers.

2. Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./Remarks(additional information)

N.A. Tech Mahindra delivers IT services and is not a product company.

3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

There has been no case filed by any stakeholder against Tech Mahindra regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years.

4. Did your company carry out any consumer survey/ consumer satisfaction trends?

Yes, our customer-centric initiatives include meeting customers pro-actively to understand the pulse on the ground, monitoring customer concerns and measuring customer satisfaction through a customer survey known as NPS (Net Promoter Score) or CaPS (Customer as Promoter score) via a third party. We also run the P-Sat (Project Satisfaction Survey) for all our projects.

Standalone Financial Statements

Tech
Mahindra

INDEPENDENT AUDITORS' REPORT

To the Members of Tech Mahindra Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Tech Mahindra Limited ("the Company"), which comprise the standalone balance sheet as at 31 March 2019, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to note 35 (B) of the standalone financial statements, which describes in detail, certain matters relating to erstwhile Satyam Computer Services Limited ("erstwhile Satyam"), amalgamated with the Company with effect from 1 April 2011. The Company's management on the basis of current legal status and external legal opinion, has concluded that claims made by 37 companies in the City Civil Court, for alleged advances amounting to ₹ 12,304 million, to erstwhile Satyam and presented separately under 'Suspense account (net)' will not sustain on ultimate resolution by the Court as explained in the aforesaid note.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter	How the matter was addressed in our audit
<p>Revenue recognition – Fixed price development contracts</p> <p>The Company engages in fixed price development contracts, wherein revenue is recognized using the percentage of completion method based on management's estimate of contract efforts. These contracts may also involve recognizing onerous obligations that require critical estimates to be made by the management.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtained an understanding of the systems, processes and controls implemented by the Company for calculating and recording revenue and the associated contract assets and liabilities. • Evaluated the design and operating effectiveness of internal controls relating to recording of the contract value, efforts incurred and process around estimation of efforts required to complete the performance obligations. • On selected sample of contracts, tested revenue recognition, and our procedures included:

The key audit matter	How the matter was addressed in our audit
<p>Further, the new revenue standard – Ind AS 115 “Revenue from contracts with customers” which became applicable from 1 April 2018, establishes a comprehensive framework for recognition of revenue and involves making judgements and estimates, which affect the accounting for such contracts.</p> <p>(Refer notes 2.3 (i), 2.8 and 44 to the standalone financial statements)</p>	<ul style="list-style-type: none"> - evaluating the identification of performance obligations; - considering the terms of the contracts to determine the transaction price; and - testing Company’s calculation of efforts incurred, estimation of contract efforts including estimation of onerous obligation, through a retrospective review of efforts incurred with estimated efforts. <ul style="list-style-type: none"> • Tested aged contract assets to assess possible delays in achieving milestones, which may require a change in estimated efforts to complete the remaining performance obligations. • Performed analytical procedures over revenue and receivables.
<p>Evaluation of uncertain tax position:</p> <p>The Company operates in multiple global jurisdictions which require it to estimate its income tax liabilities according to the tax laws of the respective tax jurisdiction. Further, there are matters of interpretation in terms of application of tax laws and rules to determine current tax provision and deferred taxes.</p> <p>The Company’s tax positions are challenged by the tax authorities on a range of tax matters including corporate tax and transfer pricing. The Company has uncertain tax positions including erstwhile Satyam tax litigations.</p> <p>This requires the management to make significant judgements to determine the possible outcome of uncertain tax positions and consequently has an impact on related accounting and disclosures in the financial statements.</p> <p>Refer notes 2.3 (ii), 2.12, and 30.4 to the standalone financial statements.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtained an understanding of the key uncertain tax positions. • Obtained a list of updates to tax assessments and tax litigations during the year, including management’s assessment of the impact of these updates on the uncertain tax positions and assessment of possible outcomes. As a part of this procedure, we also considered external legal opinions and consultations made by the Company for key uncertain tax positions. • Involved our tax experts to test the current tax provisions, inspect key correspondence and considered legal precedence and other tax rulings in evaluating the management’s assessment of uncertain tax positions. • Assessed Company’s estimates of the possible outcome of the disputed cases, including erstwhile Satyam tax litigations. • Evaluated the key assumptions in estimating current tax provisions and deferred taxes.

Information other than the Standalone Financial Statements and Auditors’ Report Thereon (“Other Information”)

The Company’s management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company’s annual report, but does not include the standalone financial statements and our auditors’ report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the Standalone Financial Statements

The Company’s management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows

of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its standalone financial statements - Refer Note 30 to the standalone financial statements;
- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 24 to the standalone financial statements; and
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

(C) With respect to the matter to be included in the Auditor's Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT – 31 MARCH 2019

With reference to the Annexure referred to in paragraph 1 in "Report on Other Legal and Regulatory Requirements" of the Independent Auditors' Report to the Members of the Company on the standalone financial statements for the year ended 31 March 2019, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular program of physical verification of its fixed assets, by which its fixed assets are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, title deeds of immovable properties/lease agreements in respect of immovable properties taken on lease, are held in the name of the Company, except for the following:

Particulars of immovable property	Gross Block at 31 March 2019 (INR Million)	Net Block at 31 March 2019 (INR Million)	Remarks
Freehold land located at Bahadurpally, Survey No. 62/1A, Qutubullapur Mandal, Bahadurpally Village, District- Ranga Reddy, Hyderabad – 500043 measuring 581,711 square meters	190	190	As per the information and explanations provided to us, after payment of the stamp duty to the Registrar of the State of Andhra Pradesh, the state split into Andhra Pradesh and Telangana, due to which the jurisdiction of the registration office has changed. The final demand has not crystallized and the Andhra Pradesh High Court order is not adjudicated.
Leasehold Land located at Survey no. 1(P), 3(P), 8(P), 40(P), 71(P), 109, 152(P), MIHAN SEZ Area, Nagpur - 441108, admeasuring 518,241 square meters	470	429	As per the information given to us, the Company has not yet received the adjudication certificate. Mutation proceedings will be initiated after the adjudication certificate is received from the authority.
Leasehold land located at Plot No. S - 1, Maitree Vihar Road, Chandrasekharapur, Bhubaneswar-751023, admeasuring 55,600 square meters	5	4	As per the information given to us, the General Administration Department of Government of Odisha has not yet issued the letter communicating the transfer fees to be paid by the Company. On such payment, the property will be registered in the revenue records.

- (ii) The Company is a service company primarily engaged in providing information technology and related services. Accordingly, it does not hold any physical inventories. Thus, paragraph 3 (ii) of the Order is not applicable.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly, paragraph 3 (iii) (a), (b) and (c) of the Order is not applicable to the Company.
- (iv) In our opinion and according to the information and explanations given to us, based on a legal opinion obtained by management, the Company has complied with the provisions of sections 185 and 186 of the Companies Act 2013 in respect of loans, investments, guarantees and security.
- (v) As per the information and explanations given to us, the Company has not accepted any deposits from the public in accordance with the provisions of sections 73 to 76 of the Act and the rules made thereunder. Accordingly, the provisions of paragraph 3(v) of the Order are not applicable to the Company.
- (vi) The Central Government has not prescribed the maintenance of cost records under section 148 of the Act, for any of the services rendered by the Company. Accordingly paragraph 3(vi) of the order is not applicable.

- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Duty of Customs, Cess, Goods and Services Tax and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Duty of Customs, Cess, Goods and Services Tax and other material statutory dues were in arrears as at 31 March 2019, for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no dues of Income Tax, Service Tax, Sales Tax, Value Added Tax, Duty of Customs and Goods and Services Tax which have not been deposited by the Company on account of any disputes except for the following:

Name of the Statute	Nature of Dues	Gross amount ₹ million*	Amount paid under protest ₹ million	Period to which the amount relates	Forum where the dispute is pending

* Income tax demands are after set-off against carry forward losses of earlier years.

** The above excludes Income-tax Draft Notices of Demand amounting to ₹ 7,952 Million and ₹ 9,637 Million for financial years 2001-2002 and 2006-2007 respectively, issued by the Additional Commissioner of Income-tax under section 143(3) read with section 147 of the Income-tax Act, 1961, against which the Company has filed its objections with the Dispute Resolution Panel, which is pending disposal.

The Company is not aware whether the Department has filed an appeal against the same.

- (viii) In our opinion and according to the information and explanations given to us, the Company did not have any outstanding dues to any bank, government or financial institutions or any debenture holders during the year.
- (ix) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) or term loans during the year. Accordingly, paragraph 3(ix) of the Order is not applicable to the Company.
- (x) According to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) In our opinion and according to the information and explanation given to us and based on our examination of the records of the Company, the Company has paid/ provided managerial remuneration in accordance with requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with related parties are in compliance with sections 177 and 188 of the Act, where applicable, and the details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partially convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them during the year. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India, 1934.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF TECH MAHINDRA LIMITED FOR THE YEAR ENDED 31 MARCH 2019

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013

(Referred to in paragraph 1 A(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Tech Mahindra Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions

and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Share Application Money pending Allotment:

Money received as advance towards allotment of share capital is recorded as share application money pending allotment.

Capital Reserve :

Capital Reserve has been created pursuant to scheme of amalgamation of entities with Tech Mahindra Limited, as approved by the Courts.

Securities Premium :

Securities premium reserve is used to record the premium on issue of shares. The fair value of employee stock options is recognised in Securities Premium once the shares have been allotted on exercise of the options.

Share Option Outstanding Account :

It represents the fair value of services received against employees stock options outstanding as at balance sheet date.

Special Economic Zone reinvestment Reserve :

The Special Economic Zone reinvestment reserve has been created out of the profits of eligible SEZ units in terms of the provisions of section

10AA(1)(ii) of the Income-tax Act, 1961. The reserve needs to be utilised by the Company for acquiring new plant and machinery for the purpose of its business in the terms of section 10AA(2) of the Income-tax Act, 1961.

Retained Earnings:

Retained earnings represents the undistributed profits of the Company accumulated as on Balance Sheet date.

Cash Flow Hedging Reserve :

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. Such gains or losses will be reclassified to statement of profit and loss in the period in which the hedged transaction occurs.

Equity Instruments through Other Comprehensive Income:

It represents gain/loss earned on investment in equity instruments valued at fair value through other comprehensive income.

Mumbai, India, May 21, 2019

Mumbai, India, May 21, 2019

Notes forming part of the Financial Statements for the year ended March 31, 2019

1. Corporate Information:

Tech Mahindra Limited (referred to as "TechM" or the "Company") is a leading provider of consulting-led integrated portfolio services to customers which are Telecom Equipment Manufacturers, Telecom Service Providers and IT Infrastructure Service Providers, Business Process Outsourcing Service Providers as well as Enterprise Solutions Services (BFSI, Retail & Logistics, Manufacturing, Energy and Utility (E&U), and Healthcare, Life Sciences, etc.) of Information Technology (IT) and IT-enabled services delivered through a network of multiple locations around the globe. It also provides comprehensive range of IT services, including IT enabled services, application development and maintenance, consulting and enterprise business solutions, extended engineering solutions and infrastructure management services to a diversified base of corporate customers in a wide range of industries including insurance, banking and financial services, manufacturing, telecommunications, transportation and engineering services.

The Company is a public limited company incorporated and domiciled in India. The address of its registered office is Gateway Building, Apollo Bunder, Mumbai – 400 001. The Company is listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

The Board of Directors approved the financial statements for the year ended March 31, 2019 and authorised for issue on May 21, 2019.

2. Significant accounting policies:

2.1 Statement of Compliance:

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis for preparation of financial statements:

These financial statements are presented in Indian rupees ("INR") which is also the Company's functional currency. All amounts have been reported in Indian Rupees Million, except for share and earnings per share data, unless otherwise stated. These financial statements have been prepared on the historical cost basis and on an accrual basis, except for certain financial instruments which are measured at fair values at the end of each reporting period,

as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability that market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purpose in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 *Share-based Payments*, leasing transactions that are within the scope of Ind AS 17 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as 'value in use', in Ind AS 36 *Impairment of assets*.

2.3 Use of Estimates:

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Critical accounting estimates

i) Revenue Recognition

The Company applies the percentage of completion method in accounting for its fixed price development contracts. Use of the percentage of completion method requires the Company to estimate the efforts or costs expended to date (input method) as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

The company exercises judgments while determining the transaction price allocated to performance obligations using the expected cost plus margin approach.

ii) Income taxes and deferred taxes

The major tax jurisdiction for the Company is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.12.

iii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as

well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.4.

iv) Impairment testing

Investments in subsidiaries and intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which these pertain is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to dispose. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions. The policy for the same has been explained under Note 2.7.

v) Provisions

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.16.

vi) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.11.

vii) Expected credit losses on financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.7.

viii) Other estimates

The share based compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest.

2.4 Property, Plant & Equipment and Intangible assets:

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset and estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological

changes. The estimated useful lives of assets are as follows:

Particulars	Life
Buildings	28 years
Plant and Equipment	3 to 5 years
Furniture and Fixtures	5 years
Vehicles	5 years
Computers	3 years
Office Equipments	5 years

The estimated useful life of intangible assets (software) is 1 to 10 years.

The estimated useful life and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under finance lease and leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Project specific intangible assets are amortised over their estimated useful life on a straight line basis or over the period of the license/project period, whichever is lower.

Intellectual Property Rights ('IPR') comprise right to use for licensed software. The Company has recognised the IPR based on consideration paid. Subsequent to initial recognition, the intangible asset is measured at cost, less any accumulated amortization and accumulated impairment losses. The IPR's are amortised over their estimated useful life of 10 years on a straight line basis.

An item of Property, Plant & Equipment and intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

2.5 Investment Property:

Investment properties are measured initially at

cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment losses, if any in accordance with Ind AS 16 *Property, Plant and Equipment*.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Useful life of investment properties:

Particulars	Life
Buildings	28 years
Plant and Equipments	3 to 5 years
Furniture and Fixtures	5 years
Office equipment	5 years

2.6 Leases:

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date. The arrangement is, or contains a lease if, fulfilment of the arrangement is dependent on the use of a specific asset or assets, even if that right is not explicitly stated in the arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

i. Finance lease:

Where the Company, as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment.

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability

and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

ii. Operating lease:

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating lease. Lease rentals under operating lease are recognised in the Statement of Profit and Loss on a straight line basis over the lease term except where the rentals are structured to increase in line with expected general inflation.

2.7 Impairment of Assets:

i) Financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets. Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using effective interest rate.

Loss allowances for trade receivables are measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes into account historical credit loss experience adjusted for forward looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case, those are measured at lifetime expected credit loss.

ii) Non-financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the

Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

2.8 Revenue recognition:

Revenue from information technology and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and fixed price development contracts.

Effective April 1, 2018, the Company adapted Ind AS 115 "Revenue from contracts with customers" which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information has not been restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The adoption of the standard did not have any significant impact on the financial statements of the Company.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items.

Revenue from time and material contracts is recognised as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognised as unbilled revenue.

Revenue from fixed price maintenance contracts is recognised ratably over the period of the contract in accordance with its terms.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed

cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Company does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognised only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognised in the statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Company may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Company is acting as the principal or as an agent of the customer. The Company recognises gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability ("Unearned revenue") arises when there are billing in excess of revenue.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Company has applied the guidance in Ind AS 115 by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Company is unable to determine the standalone selling price, the Company uses the expected cost plus margin approach in estimating the standalone selling price. Fixed price development contracts and related services, the performance obligation is satisfied as and when the services are rendered

since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a 'right to use' the licenses is recognised at the time the license is made available to the customer. Revenue from licenses where the customer obtains a 'right to access' is recognised over the access period. The Company has applied the principles of Ind AS 115 to account for revenues for these performance obligations.

The Company recognises revenue for a sales-based or usage-based royalty promised in exchange for a license of intellectual property only when (or as) the subsequent sale or usage occurs.

The Company accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Company recognises the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Company recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Deferred contract costs are upfront costs incurred for the contract and are amortized on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

The Company disaggregates revenue from contracts with customers by nature of services, geography and industry verticals.

Dividend income is recognised when the Company's right to receive dividend is established. Interest income is recognised using effective interest rate method.

Rental income from the investment property is recognised in statement of profit and loss on a straight-line basis over the term of lease except where the rentals are structured to increase in line with expected general inflation.

2.9 Foreign currency transactions:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognised in the profit or loss.

2.10 Financial Instruments:

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses,

if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in 'other comprehensive income', for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 *Financial Instruments*, has made an irrevocable election to present in 'other comprehensive income', subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment as per Ind AS 27 *Consolidated and Separate Financial Statements*.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

ii) Derivative financial instruments and hedge accounting

The Company is exposed to foreign currency fluctuations on foreign currency

assets, liabilities and forecasted cash flows denominated in foreign currency. The Company uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Company designates some of these forward contracts / options as hedge instruments and accounts for them as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109.

The use of foreign currency forward contracts / options is governed by the Company's risk management policy approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The counter party to the Company's foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/ option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in other comprehensive income and accumulated under 'effective portion of cash flow hedges' (net of taxes), and the ineffective portion is recognised immediately in the statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in effective portion of cash flow hedges are reclassified to the statement of profit or loss in the same period in which gains/ losses on the item hedged are recognised in the statement of profit or loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified as effective portion of cash flow hedges is classified to statement of profit

and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in effective portion of cash flow hedges is transferred to the statement of profit and loss for the period.

iii) Derecognition of financial instruments

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company retains substantially all the risk and rewards of transferred financial assets, the Company continues to recognise the financial asset and also recognises the borrowing for the proceeds received.

The Company derecognises financial liabilities when, and only when, the Company's obligation are discharged, cancelled or have expired.

iv) Financial Guarantee contracts

Financial guarantee contracts issued by the Company are initially measured at fair value and subsequently measured at the higher of the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

2.11 Employee Benefits:

a. Defined benefit plans:

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

b. Defined contribution plans:

(i) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company. The Company has no further obligations for future provident fund.

(ii) Superannuation and ESIC:

Contributions to Superannuation fund and employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the statement of profit and loss on an accrual basis.

The Company has no further obligations for future superannuation fund benefits other than its annual contributions.

c. Compensated absences:

The Company provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number years of service of an employee. It is measured at the balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the statement of profit and loss in the period in which they occur.

The Company also offers a short term benefit in the form of encashment of unavailed accumulated compensated absences above certain limits for all of its employees and same is recognised as undiscounted liability at the balance sheet date.

d. Other short term employee benefits:

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for services rendered by employees, are recognised in the statement of profit and loss during the period when the employee renders the service.

2.12 Taxation:

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income after taking credit for tax relief available for export operations in Special Economic Zones (SEZs). Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The proportionate credit for the taxes paid outside India are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for

deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India. MAT credit is recognised for future economic benefits in the form of adjustment of future income tax liability and is considered as an asset if there is probable evidence that the Company will pay normal income tax.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

In cases, where the tax on dividend from a foreign subsidiary is allowed as a set off against the Company's own dividend distribution tax (DDT) liability, then the amount of tax paid on foreign dividend is recognised in the statement of changes in equity.

The Company recognises interest levied and penalties related to income tax assessments in interest expenses.

2.13 Employee Stock Option Plans:

Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The equity instruments generally vest in a graded manner over the vesting period. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortization). The share based compensation expense is determined based on the Company's estimate of equity instruments that will eventually vest.

The expense is recognised in the statement of profit and loss with a corresponding increase to the 'share option outstanding account', which is a component of equity.

2.14 Research and development:

Research costs are recognised as an expense in the statement of profit and loss in the period they are incurred. Development costs are recognised in the statement of profit and loss unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete the development project and use the asset and the costs can be measured reliably.

2.15 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

2.16 Provisions :

A provision is recognised when the Company has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

2.17 Recent Indian Accounting Standards (Ind AS):

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified the following new Accounting Standards ('Ind AS') and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning April 1, 2019:

Ind AS 116 - Leases

Ind AS 116 will replace the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The Company will adopt Ind AS 16, effective annual reporting period beginning April 1, 2019. The Company will apply the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company will not restate comparative information, instead, the cumulative effect of initially applying this Standard will be recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. On that date, the Company will recognise a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement date, but discounted using the lessee's incremental borrowing rate as at April 1, 2019. In accordance with the standard, the Company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value.

On transition, the Company will be using the practical expedient provided the standard and therefore, will not reassess whether a contract, is or contains a lease, at the date of initial application.

The Company is in the process of finalising changes to systems and processes to meet the accounting and reporting requirements of the standard.

With effect from April 01, 2019, the Company will recognise new assets and liabilities for its operating leases of premises and other assets. The nature of expenses related to those leases will change from lease rent in previous periods to a) amortization change for the right-to-use asset, and b) interest accrued on lease liability.

Previously, the Company recognised operating lease expense on a straightline basis over the term of the lease, and recognised assets and liabilities only to the extent that there

was a timing difference between actual lease payments and the expense recognised.

As a lessor, sublease shall be classified an operating lease if the head lease is classified as a short term lease. In all other cases the sublease shall be classified as a finance lease.

On preliminary assessment, the Company does not expect a significant impact to opening retained earnings on adoption of Ind AS 116.

Ind AS 12 - Income taxes (amendments relating to income tax consequences of dividend and uncertainty over income tax treatments)

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company does not expect any impact from this pronouncement.

The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The Company does not expect any significant impact of the amendment on its financial statements.

Ind AS 109 – Financial Instruments (Prepayment Features with Negative Compensation)

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending

on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments.

The Company does not expect any significant impact of the amendment on its financial statements.

Ind AS 19 – Employee Benefits (Plan Amendment, Curtailment or Settlement)

The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the remeasurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect any significant impact of the amendment on its financial statements.

Ind AS 23 – Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings.

The Company does not expect any significant impact of the amendment on its financial statements.

Ind AS 28 – Long-term Interests in Associates and Joint Ventures

The amendments clarify that an entity applies Ind AS 109 Financial Instruments, to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied. The Company does not currently have any long-term interests in associates and joint ventures and hence does not expect impact of the amendment on its financial statements.

Ind AS 103 – Business Combinations and Ind AS 111 – Joint Arrangements

The amendments to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation, it re-measures previously held interests in that business. The amendments to Ind AS 111 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Company currently does not have control / joint control of a business that is a joint operation and hence does not expect impact of the amendment on financial statements.

TML Benefit Trust	96,000,000	10	96,000,000	10

- i) Aggregate number of fully paid-up Equity Shares allotted by way of Bonus Shares in the immediately preceding five years: 240,161,577 Equity Shares of ₹10 each fully paid-up (equivalent to 480,323,154 Equity Shares of ₹ 5 each fully paid-up) were allotted as Bonus shares during the year ended March 31, 2015.
- ii) Each Equity Share entitles the holder to one vote and carries an equal right to dividend.
- iii) Refer note 50 for details relating to stock options.
- iv) The shareholders at the Annual General Meeting held on July 31, 2018 approved dividend of ₹ 14 per equity share for year ended March 31, 2018 which was subsequently paid during the quarter ended September 30, 2018. The amount was recognized as distributions to equity shareholders, the total appropriation was ₹ 16,411 Million including corporate dividend tax of ₹ 2,682 Million.
- v) On May 21, 2019 the board of directors of the company have proposed a final dividend of ₹ 14 per share in respect of year ended March 31, 2019 subject to the approval of shareholders at the Annual General Meeting. If approved, the dividend would result in cash outflow of ₹ 16,597 Million inclusive of dividend distribution tax of ₹ 2,830 Million.
- vi) The Board of Directors of the Company at its meeting held on February 21, 2019 approved a proposal to buyback upto 20,585,000 equity shares of the Company for an aggregate amount not exceeding ₹ 19,556 Million being 2.09% of the total paid up equity share capital at ₹ 950 per equity share. Letter of Offer was issued to all eligible shareholders holding shares as on March 6, 2019. The period for tendering of shares for buyback was from March 25, 2019 to April 5, 2019. The intimation regarding acceptance or non-acceptance of tendered equity shares to the stock exchange was made on April 12, 2019, the bids were settled and payment was made to shareholders on April 15, 2019. The unaccepted shares were returned to eligible shareholders on April 16, 2019. Pursuant to the issuance of Letter of Offer, the Company has recorded a payable of ₹ 19,556 Million as at March 31, 2019 as contractual financial liability. (refer note 22)
- vii) The Company manages its capital to ensure that it will be able to continue as a going concern while maximizing the return to stakeholders through the optimisation of the debt and equity balance. The Company is not subject to any externally imposed capital requirements. The Company's risk management committee reviews the capital structure of the Company on an ongoing basis. As part of this review, the committee considers the cost of capital and the risks associated with capital.

30 Commitments and Contingencies

30.1 Capital Commitments

The estimated amount of contracts remaining to be executed on capital account (net of capital advances) as at March 31, 2019 is ₹ 1,288 Million (March 31, 2018: ₹ 1,046 Million).

30.2 Purchase commitments in respect of investments

- i. During the year ended March 31, 2016, the Company had entered into a subscription agreement for a Limited Partnership interest with a USA based fund namely Northgate FinTech Innovations Partners, L.P (Northgate). The Company would invest upto USD 40 Million (₹ 2,766 Million) as a limited partner in Northgate. There is an ongoing arbitration between Northgate and the Company pertaining to the Company's capital commitment. Management believes that this matter will be resolved in the Company's favour during the arbitration proceedings.
- ii. The Company has entered into an agreement to acquire 100% stake in Dynacommerce Holdings B.V. vide Share Purchase Agreement dated January 31, 2019 with purchase consideration of EUR 0.48 Million (₹ 37 Million). The purchase price allocation for the business combination is under process as on the date the financial statements are approved for issue and hence the fair value of net assets acquired and the goodwill to be recognized from the business combination has not been finalized.

30.3 Bank guarantees and letters of comfort

- i. Bank Guarantees outstanding as at March 31, 2019: ₹ 18,602 Million (March 31, 2018: ₹ 18,470 Million).
- ii. Letters of support/letters of comfort of USD 79 Million : ₹ 5,463 Million (March 31, 2018: USD 75 Million, ₹ 4,855 Million) to banks for loans availed by step down subsidiaries of the Company.

30.4.2 Footnotes to the Schedule

i. Petition before Hon'ble High Court of Judicature at Hyderabad: Financial years 2002-2003 to 2007-2008

Erstwhile Satyam had filed various petitions before Central Board of Direct Taxes (CBDT) requesting for stay of demands aggregating to ₹ 6,170 Million for the financial years 2002-2003 to 2007-2008 till the correct quantification of income and taxes payable is done for the respective years. In March 2011, the CBDT rejected the petition and erstwhile Satyam filed a Special Leave Petition before the Hon'ble Supreme Court which directed erstwhile Satyam to file a comprehensive petition/representation before CBDT and to submit a Bank Guarantee (BG) for ₹ 6,170 Million which was complied by erstwhile Satyam. The BG has been extended upto October 14, 2019.

The Assessing Officer served an Order dated January 30, 2012, for provisional attachment of properties under Section 281B of the Income-tax Act, 1961 attaching certain immovable assets of erstwhile Satyam. Erstwhile Satyam filed a writ petition in the Hon'ble High Court of Andhra Pradesh that has granted a stay on the provisional attachment order.

ii. Appointment of Special Auditor and re-assessment proceedings

- In August, 2011, the Additional Commissioner of Income-tax issued the Draft of Proposed Assessment Orders accompanied with the Draft Notices of demand resulting in a contingent liability of ₹ 7,948 Million and ₹ 9,637 Million for the financial years 2001-2002 and 2006-2007, respectively, proposing adjustments to the total income, including adjustments on account of Transfer Pricing. Erstwhile Satyam has filed its objections to the Draft of Proposed Assessment Orders for the aforesaid years on September 16, 2011 with the DRP, Hyderabad, which is pending disposal.
- Consequent to the letter of erstwhile Chairman of the erstwhile Satyam, the Assessing Officer had commissioned special audits for the financial years 2001-2002, 2002-2003, 2006-2007, 2007-2008 and 2008-2009 on various dates. Erstwhile Satyam had filed petitions before Hon'ble High Court of Andhra Pradesh challenging the special audits, which are pending disposal.

30.5 Other Claims on the Company not acknowledged as debts

- Claims against erstwhile Satyam not acknowledged as debts: ₹ 1,411 Million (March 31, 2018 ₹ 1,389 Million).
- Claims made on the Company not acknowledged as debts: ₹ 213 Million (March 31, 2018 ₹ 113 Million).
- The Company has received an order passed under section 7A of Employees Provident Fund & Miscellaneous Provisions Act, 1952 for the period March 2013 to April 2014 from Employees Provident Fund Organization (EPFO) claiming provident fund contribution amounting to ₹ 2,448 million for employees deputed to non-SSA (Countries with which India do not have Social Security Agreement) countries. The Company has assessed that it has legitimate grounds for appeal, and has contested the order by filing an appeal which is pending before Central Government Industrial Tribunal. The Company has also submitted a bank guarantee of ₹ 500 million towards this order.

The Company has also received a notice based on inquiry under section 7A for the period May 2014 to March 2016 indicating a claim of ₹ 5,668 Million on (a) employees deputed to non – SSA countries and (b) certain allowances paid to employees. Further based on recent Supreme Court Judgement, the Company has reassessed the components to be included in basic salary for the purpose of contribution towards Provident Fund and based on legal advice believes that there would be no additional liability on the Company.
- Others ₹ 407 Million (March 31, 2018 ₹ 407 Million).
- Claim against the Company for transfer of land in SEZ at Nagpur considered by Maharashtra Airport Development Company Limited (MADC) as 'non-formal transfer' as per its Transfer Policy and claiming the transfer fee of ₹ 152 Million.

30.6 Delay in Conveyance of Immovable Properties

Pursuant to the Scheme of Amalgamation and Arrangement ('the Scheme') sanctioned by the Hon'ble High Courts of Andhra Pradesh and Bombay, Venturbay Consultants Private Limited (Venturbay), CanvasM Technologies Limited (CanvasM) and Mahindra Logisoft Business Solutions Limited (Logisoft), the wholly owned subsidiaries of the Company, and Satyam Computer Services Limited (Satyam) (through Venturbay) and C&S System Technologies Private Limited (C&S) a wholly owned subsidiary of erstwhile Satyam, merged with the Company with effect from April 1, 2011 ('the appointed date'). Pursuant to the Scheme, the title deeds for the immovable properties pertaining to the amalgamating companies are pending conveyance in the name of the Company. The Company has initiated the name change formalities.

31 Provision for Claims

The details of provision for claims are as follows:

₹ In Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Opening balance	70	269
Provision made during the year	78	398
Reversals during the year	-	(21)
Utilisation during the year	(25)	(576)
Closing balance	123	70

32 Provision for contingencies

The Company carries a provision for contingencies towards various claims made/anticipated against the Company based on the Management's assessment. The movement in the said provisions is summarized below:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Opening Balance	327	372
Utilisation during the year	-	(45)
Closing Balance	327	327

33 Merger/Amalgamation of entities

Following companies have been merged with the Company by approved schemes and have been accounted as per 'pooling of interests' method in accordance with Appendix C of Ind AS 103 'Business Combinations'. Comparatives have been restated from the beginning of the previous year i.e. from April 1, 2017 as required by IND AS 103.

- All assets and liabilities of Sofgen India Private Limited have been taken over as per approved high court scheme of merger.
- Certain assets and liabilities of Sofgen UK Limited have been taken over as per approved scheme of merger.

34 Diminution in value of Investments in Subsidiaries and Associates

The Company's Management assesses the operations of the subsidiaries/entities, including the future projections, to identify indications of diminution, other than temporary, in the value of the investments recorded in the books of account and, accordingly no additional provision is required to be made, other than the amounts already provided for in the books of account.

During the year ended March 31, 2019, the Company established a provision of ₹ 9 Million for diminution in value of investment in Tech Mahindra Growth Factories Limited, a 100% subsidiary of the company and in IQS Information Solutions WLL, an Associate of the company.

The Company based on market conditions and business projections, assessed the recoverable amount for investment in Tech Mahindra Servicos De Informatica Ltda (wholly owned subsidiary in Brazil), which represents a single cash generating unit (CGU) as at March 31, 2019. This resulted in an impairment charge of ₹ 1,020 Million recognised in statement of profit and loss account.

35A. Certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam):

In the letter dated January 7, 2009 Mr. B. Ramalinga Raju, the then Chairman of erstwhile Satyam, stated that the Balance Sheet of erstwhile Satyam as at September 30, 2008 carried inflated cash and bank balances, non-existent accrued interest, an understated liability and an overstated debtors position. Consequently, various regulators/investigating agencies such as the Serious Fraud Investigation Office ('SFIO')/Registrar of Companies ('ROC'), Directorate of Enforcement ('ED'), Central Bureau of Investigation

('CBI') had initiated investigations on various matters and conducted inspections and issued notices calling for information including from certain subsidiaries which have been responded to.

In 2009, SFIO initiated two proceedings against erstwhile Satyam for violations of Companies Act, 1956, which were compounded.

Further, ED issued show-cause notices for certain non-compliances of provisions of the Foreign Exchange Management Act, 1999 ('FEMA') and the Foreign Exchange Management (Realisation, Repatriation and Surrender of Foreign Exchange) Regulations, 2000 by the erstwhile Satyam. These pertained to

- a) alleged non-repatriation of American Depository Receipts ('ADR') proceeds aggregating to USD 39.2 Million; and
- b) non-realisation and repatriation of export proceeds to the extent of foreign exchange equivalent to ₹ 506 Million for invoices raised during the period from July 1997 to December 31, 2002.

These have been responded to by the erstwhile Satyam/the Company, the Company has not received any further communication in this regard and with the passage of time, the Company does not expect any further proceedings in this regard.

As per the assessment of the Management, based on the forensic investigation and the information available, all identified/required adjustments/disclosures arising from the identified financial irregularities, were made in the financial statements of erstwhile Satyam as at March 31, 2009. Considerable time has elapsed after the initiation of investigation by various regulators/agencies and no new information has come to the Management's notice which requires adjustments to the financial statements. Further, as per above, the investigations have been completed and no new claims have been received which need any further evaluation/adjustment/disclosure in the books of account.

B. Proceedings in relation to 'Alleged Advances':

Erstwhile Satyam received letters from 37 companies seeking confirmation by way of acknowledgement of receipt of certain alleged amounts by the erstwhile Satyam (referred to as 'alleged advances'). These letters were followed by legal notices from these companies dated August 4 and August 5, 2009, claiming repayment of the alleged advances aggregating ₹ 12,304 Million stated to be given as temporary advances but without any evidence in support of the nature of these transactions. This was also borne out in the internal forensic investigation. The legal notices also claimed damages/compensation @18% per annum from the date of the advances till the date of repayment. The erstwhile Satyam has not acknowledged any liability to any of the 37 companies and has replied to the legal notices stating that the claims are legally untenable.

The 37 companies have filed petitions/suits for recovery against the erstwhile Satyam before the City Civil Court, Secunderabad (Court), of which one petition has been converted into suit and balance 36 petitions are at various stages of pauperism/suit admission.

The Hon'ble High Court in its Order approving the merger of the erstwhile Satyam with the Company, further held that in the absence of Board resolutions and documents evidencing acceptance of unsecured loans, i.e. alleged advances, by the former Management of the erstwhile Satyam, the new Management of the erstwhile Satyam is justified in not crediting the amounts received in their names and not disclosing them as creditors and in disclosing such amounts as 'Amounts pending investigation suspense account (net)' in the financial statements. The Hon'ble High Court held, inter-alia, that the contention of the 37 companies that Satyam is retaining the money, i.e. the alleged advances, of the 'creditors' and not paying them does not appear to be valid and further held that any right of the objecting creditors can be considered only if the genuineness of the debt is proved beyond doubt which is not so in this case.

The said 37 companies have filed appeals before the Division Bench of the Hon'ble High Court of Andhra Pradesh, against the Orders of the Hon'ble High Court of Andhra Pradesh and the Hon'ble High Court of Bombay sanctioning the scheme of merger of Satyam Computer Services Limited (Satyam) with the Company w.e.f. April 1, 2011, which are yet to be heard. One of the aforesaid companies has also appealed against the Order rejecting the Petition for winding-up of the erstwhile Satyam. These matters have been combined for hearing.

The Directorate of Enforcement (ED) while investigating the matter under the Prevention of Money Laundering Act, 2002 (PMLA) had directed the erstwhile Satyam not to return the alleged advances until further instructions. In furtherance to the investigation, certain fixed deposits of the Company with

certain banks, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Judicature at Hyderabad quashed the said Provisional attachment Order and directed Banks to release the Fixed deposits to the Company vide its Order dated December 31, 2018. Accordingly, these deposits have been released by the Banks.

Criminal prosecution was initiated by the ED against SCSL, since merged with Tech Mahindra Limited (Company) under Section 3 of The Prevention of Money-Laundering Act, 2002 for alleged money laundering along with 212 accused persons. Upon an application challenging the prosecution against the Company, the Hon'ble High Court of Andhra Pradesh quashed the proceedings by its Order dated December 22, 2014. The appeal preferred by the ED challenging the order of quashing the prosecution before the Division Bench of the Hon'ble High Court was dismissed by an order dated March 30, 2017 and confirmed the order of quashing. A Special Leave Petition was filed by ED before the Hon'ble Supreme Court of India. By an order dated December 8, 2017, the Hon'ble Supreme Court dismissed the SLP filed by the ED and affirmed the order of the Single Judge quashing the prosecution against the Company.

In view of the aforesaid developments and based on an independent legal opinion, the Management believes that the claim by the 37 companies for repayment of the alleged advances, including interest thereon is not legally tenable. Consequently, pending the final outcome of the proceedings, as a matter of prudence, the Company has accounted and disclosed the amount of ₹ 12,304 Million as 'Suspense Account (net)'.

36 Claims by certain Shareholders of erstwhile Satyam

In terms of the Settlement of claims made by Aberdeen Asset Management PLC., UK and Aberdeen Claims Administration Inc., USA, (together referred to as 'Aberdeen') the erstwhile Satyam had deposited a total amount of USD 80.16 Million towards the Settlement Amount and interest in an Escrow Account during the financial year ended March 31, 2013.

In the meanwhile, Commissioner of Income Tax Mumbai has filed two writ petitions before the Hon'ble High Court of Bombay, seeking to set aside the orders of Authority for Advance Ruling dated February 15, 2016, which ruled that no withholding tax is applicable for remittance of Settlement Amount. The above writ petitions have been disposed off by the Prothonotary authority of non-removal of office objections.

Considering the disposal of writs filed by the Commissioner of Income Tax Mumbai and no subsequent action being taken by the Income tax department to restore such writs / file fresh writ petitions before the Hon'ble High Court of Bombay. The Company is in discussions with Aberdeen trusts to obtain letters of indemnity from the claimants, indemnifying the Company in regard to future actions by Indian Income tax department. Post receipt of such letters, the Company seeks to remit the Settlement amounts to Aberdeen trusts.

37 Details of the investment property and its fair value

The Company has assessed the fair valuation of its investment property as at March 31, 2019 from a Government registered independent valuer.

The fair values of investment properties are given below:

Description	₹ in Million	
	As at March 31, 2019	March 31, 2018
Land	801	691
Building	793	815
Plant & Machinery	535	603
Furniture & Fixtures	92	106
Office Equipment	2	3
Total	2,223	2,218

38 Dispute with Venture Global Engineering LLC

Pursuant to a Joint Venture Agreement in 1999, the erstwhile Satyam and Venture Global Engineering LLC ('VGE') incorporated Satyam Venture Engineering Services Private Limited ('SVES') in India with an objective to provide engineering services to the automotive industry.

On March 20, 2003, numerous corporate affiliates of VGE filed for bankruptcy and consequently the erstwhile Satyam, exercised its option under the Shareholders Agreement (the 'SHA'), to purchase VGE's shares in SVES. The erstwhile Satyam's action, disputed by VGE, was upheld in arbitration by the London Court of International Arbitration vide its award in April 2006 (the 'Award'). VGE disputed the Award in the Courts in Michigan, USA.

The Courts in Michigan, USA, confirmed and directed enforcement of the Award. They also rejected VGE's challenge of the Award. In 2008, the District Court of Michigan further held VGE in contempt for its failure to honour the Award and inter-alia directed VGE to dismiss the nominees of VGE on its Board and replace them with individuals nominated by the erstwhile Satyam. This Order was also confirmed by the Sixth Circuit Court of Appeals in 2009. Consequently, erstwhile Satyam's nominees were appointed on the Board of SVES and SVES confirmed their appointment at its Board meeting held on June 26, 2008. The erstwhile Satyam was legally advised that SVES became its subsidiary with effect from that date.

In the meantime, while proceedings were pending in the USA, VGE filed a suit in April 2006, before the District Court of Secunderabad in India for setting aside the Award. The City Civil Court, vide its judgment in January 2012, has set aside the Award, against which the erstwhile Satyam preferred an appeal (Company Appeal) before the Hon'ble High Court.

VGE also filed a suit before the City Civil Court, Secunderabad inter alia seeking a direction to the Company to pay sales commission that it was entitled to under the Shareholders Agreement. In the said suit, two ex-parte Orders were issued directing the Company and Satyam to maintain status quo with regard to transfer of 50% shares of VGE and with regard to taking major decisions which are prejudicial to the interests of VGE. The said suit filed by VGE is still pending before the Civil Court. The Company has challenged the ex-parte Orders of the City Civil Court Secunderabad, before the Hon'ble High Court (SVES Appeal).

The Hon'ble High Court of Andhra Pradesh consolidated all the Company appeals and by a common Order dated August 23, 2013 set aside the Order of the City Civil Court, Hyderabad setting aside the award and also the ex-parte Orders of the City Civil Court, Secunderabad. The Hon'ble High Court as an interim measure ordered status quo with regard to transfer of shares. VGE has filed special leave petition against the said Order before Supreme Court of India, which is currently pending. The Supreme Court by an interim Order dated October 21, 2013 extended the Hon'ble High Court Order of status-quo on the transfer of shares. The Company has also filed a Special Leave Petition ('SLP') before the Supreme Court of India challenging the judgment of the Hon'ble High Court only on the limited issue as to whether the Civil Court has jurisdiction to entertain VGE's challenge to the Award. The said Petitions are pending before the Supreme Court. The Hon'ble Bench of Supreme Court, in view of the difference of opinion by an order dated November 1, 2017 has directed the registry to place the SLP's before the Chief Justice of India for appropriate further course of action.

In a related development, in December 2010, VGE and the sole shareholder of VGE (the Trust, and together with VGE, the Plaintiffs), filed a complaint against the erstwhile Satyam in the United States District Court for the Eastern District of Michigan (District Court) inter alia asserting claims under the Racketeer Influenced and Corrupt Organization Act, 1962 (RICO), fraudulent concealment and seeking monetary and exemplary damages (the Complaint). The District Court vide its order in March 2012 has dismissed the Plaintiffs Complaint. The District Court also rejected VGE's petition to amend the complaint. In June 2013, VGE's appeal against the order of the District Court has been allowed by the US Court of Appeals for the Sixth Circuit. The matter is currently before the District Court and the Company has filed a petition before District Court seeking dismissal of the Plaintiff's Complaint. The said petition is pending before the District Court. On March 31, 2015, the US District Court stayed the matter pending hearing and decision by the Indian Supreme Court in the Special Leave Petitions filed by VGE and the Company.

39 Foreign currency receivables

In respect of overdue foreign currency receivables for the period's upto March 31, 2009 pertaining to erstwhile Satyam, the Company is taking steps under the provisions of FEMA, for recovery and/or permissions for write-offs as appropriate. The Management has fully provided for these receivables.

- 40 Segment information has been presented in the Consolidated Financial Statements in accordance with Indian Accounting Standard Ind AS 108, Operating Segments as notified under the Companies (Indian Accounting Standard) Rules, 2015.
- 41 Based on the information available with the Company, there are below outstanding amounts payable to creditors who have been identified as “suppliers” within the meaning of “Micro, Small and Medium Enterprises Development (MSMED) Act, 2006”.

₹ In Million

Expenses recognized in the Statement of Profit and Loss (refer note-26)	626	683

₹ in Million

Actuarial (Gain)/Loss recognized in Other Comprehensive Income	For the year ended	
	March 31, 2019	March 31, 2018
Actuarial (gain)/loss on defined benefit obligation	(6)	(195)
Actuarial (gain)/loss on plan assets	(6)	(1)
Net (gain)/loss recognised in Other Comprehensive Income	(12)	(196)

Principal Actuarial Assumptions (Non Funded)	As at	
	March 31, 2019	March 31, 2018
Discount Rate	7.10%	7.40%
Expected rate of increase in compensation	4% to 10%	4% to 10%
Mortality Rate	Indian assured lives Mortality (2006-08) Modified Ult	Indian assured lives Mortality (2006-08) Modified Ult
Withdrawal Rate	10% to 70%	10% to 70%

- The discount rate is based on the prevailing market yields of Indian Government Bonds as at the balance sheet date for the estimated terms of the obligations.
- The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Disclosure related to indication of effect of the defined benefit plan on the entity's future cash flows:

₹ in Million

Payout in the next	March 31, 2019	March 31, 2018
1 year	449	397
1-2 years	458	444
2-3 years	516	467
3-4 years	555	531
4-5 years	620	575
5 years and beyond	2,766	2,585

Sensitivity analysis: A quantitative sensitivity analysis for significant assumption as at March 31, 2019 and March 31, 2018 is as shown below:

₹ in Million

Effect on DBO on account of 0.5 % change in the assumed rates:						
Year	Discount Rate		Salary Escalation Rate		Withdrawal Rate	
	0.5% Increase	0.5% Decrease	0.5% Increase	0.5% Decrease	5% Increase	5% Decrease
March 31, 2019	(83)	88	86	(82)	(10)	2
March 31, 2018	(76)	81	79	(76)	2	(18)

The sensitivity results above determine their individual impact on Defined Benefit Obligation. In reality, the plan is subject to multiple external experience items which may move the defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

43 Auditors' Remuneration (Exclusive of service tax/GST)

₹ in Million

Audit Fees (including quarterly audits)	38	35
For taxation matters	5	9
For other service (certifications, etc.)	14	15
For reimbursement of expenses	1	1
Total	58	60

*Includes an amount of ₹ 13 Million paid to the erstwhile auditors.

44 Disclosures for Revenue from Contracts with Customers

(i) Disaggregation of revenue

Revenue disaggregation by nature of services is as follows:

₹ in Million

Nature of services	March 31, 2019	March 31, 2018
IT Services	253,390	222,884
BPO	18,806	14,038
Total	272,196	236,922

Revenue disaggregation by geography is as follows:

₹ in Million

Geography	March 31, 2019	March 31, 2018
Americas	138,652	118,536
Europe	79,711	71,544
India	19,576	16,070
Rest of the world	34,257	30,772
Total	272,196	236,922

Geographical revenue is allocated based on the location of the customer

Industry vertical wise:

Industry vertical	March 31, 2019	March 31, 2018
Telecommunication	105,112	95,863
Manufacturing	46,531	37,192
Media and Entertainment	19,179	17,455
Banking and Finance	34,664	30,832
Retail, Transport and Logistics	20,412	18,256
Others	46,298	37,324
Total	272,196	236,922

(ii) Remaining performance obligations

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as of the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation for contracts where the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in scope of contracts, periodic revaluations, adjustments for revenue that has not materialized and adjustments for currency.

The aggregate value of performance obligations that are completely or partially unsatisfied as of March 31, 2019 other than those meeting the exclusion criteria mentioned above, is ₹ 185,262 Million. Out of this, the Company expects to recognise revenue of around 60% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience without a substantive penalty since, based on current assessments the occurrence of the same is expected to be remote.

(iii) Contract assets and liabilities

Changes in the contract assets balances during the year ended March 31, 2019 are as follows:

₹ in Million	
Particulars	Total
Contract assets:	
Balances as of April 1, 2018	1,348
Add: Revenue recognised during the year	14,956
Less: Invoiced during the year	13,442
Balances as of March 31, 2019 (refer note 16)	2,862

Contract assets as on March 31, 2018 are included as a part of unbilled revenue.

Changes in the unearned revenue balances during the year ended March 31, 2019 are as follows:

₹ in Million	
Particulars	Total
Unearned revenue :	
Balances as of April 1, 2018	974
Less: Revenue recognised that was included in the unearned revenue at the beginning of the year	963
Add: Invoiced during the year (excluding revenue recognized during the year)	1,228
Balances as of March 31, 2019 (refer note 23)	1,239

(iv) Contract Price

Reconciliation of revenue recognised in the statement of profit and loss with the contracted price: The company has recognized revenue of ₹ 272,196 Million which is mainly adjusted by volume discounts of ₹ 6,650 Million for the year ended March 31, 2019.

45 Leases

- i. The Company has taken premises and vehicles on operating lease. The expense on such lease rentals recognized in the Statement of Profit and Loss for the year ended March 31, 2019 is ₹ 1,770 Million, including ₹ 189 Million car lease expenses classified as employee benefit expenses (year ended March 31, 2018: ₹ 1,704 Million, including ₹ 181 Million car lease expenses classified as employee benefit expenses). The future lease payments of non-cancellable operating leases are as follows:

₹ in Million

Particulars	Not later than 1 year	Later than 1 year not later than 5 years	Later than 5 years
Minimum Lease rentals payable (March 31, 2018: ₹ 862 Million, ₹ 2,424 Million and ₹ 757 Million respectively.)	1,221	1,677	556

- ii. The Company has taken computers, software, plant & equipment and vehicles on finance lease. The future lease rent payable on such finance leases is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Minimum lease payments		
- Less than one year	87	1,171
- One to five years	44	1,488
Total	131	2,659
Present value of minimum lease payments		
- Less than one year	83	1,098
- One to five years	43	1,450
Total	126	2,548

- iii. The Company has given land and building on operating lease. The rental income recognized in the Statement of Profit and Loss for the year ended March 31, 2019 is ₹ 296 Million (year ended March 31, 2018: ₹ 256 Million). The future lease rentals receivable on such non-cancellable operating leases are as follows:

₹ in Million

Particulars	Not later than 1 year	Later than 1 year not later than 5 years	Later than 5 years
Minimum Lease rentals receivable (March 31, 2018: ₹ 246 Million, ₹ 533 Million and ₹ 2,102 Million respectively.)	202	520	2,041

- iv. The Company has given computer equipment on finance lease. The future lease rentals receivable are as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Minimum lease receivables		
- Less than one year	292	205
- One to five years	180	209
Total	472	414
Present value of minimum lease receivables		
- Less than one year	275	188
- One to five years	158	191
Total	433	379

46 Financial Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

Financial Instruments by category

The carrying value and fair value of financial instruments by categories as of March 31, 2019 is as follows:

₹ in Million

Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortised cost	Total carrying value	Total Fair Value*
Assets:						
Cash and cash equivalents	-	-	-	9,581	9,581	9,581
Other balances with banks	-	-	-	2,504	2,504	2,504
Trade receivables	-	-	-	59,633	59,633	59,633
Investments (Other than in Subsidiary and interest in TML Benefit Trust)	59,270	21	-	11,000	70,291	70,291
Loans	-	-	-	68	68	68
Other financial assets	-	-	4,638	24,977	29,615	29,615
Total	59,270	21	4,638	107,761	171,692	171,692
Liabilities:						
Trade and other payables	-	-	-	28,880	28,880	28,880
Borrowings	-	-	-	126	126	126

Total	465	-	630	57,015	58,110	58,110

The carrying value and fair value of financial instruments by categories as of March 31, 2018 is as follows:

₹ in Million

Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortised cost	Total carrying value	Total Fair Value*
Assets:						
Cash and cash equivalents	-	-	-	8,892	8,892	8,892
Other balances with banks	-	-	-	10,411	10,411	10,411
Trade receivables	-	-	-	51,010	51,010	51,010
Investments (Other than in Subsidiary and interest in TML Benefit Trust)	39,693	122	-	5,500	45,315	45,315
Loans	-	-	-	2,009	2,009	2,009
Other financial assets	-	-	3,721	20,766	24,487	24,487
Total	39,693	122	3,721	98,588	142,124	142,124
Liabilities:						
Trade and other payables	-	-	-	20,679	20,679	20,679
Borrowings	-	-	-	2,548	2,548	2,548
Other financial liabilities	890	-	1,997	11,117	14,004	14,004
Total	890	-	1,997	34,344	37,231	37,231

* The fair value of cash and cash equivalents, other balances with bank, trade receivables, unbilled receivables, loans, trade payables, borrowings and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

Fair value Hierarchy:

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

The different levels have been defined as follows:

Level-1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level-2 – Inputs other than quoted prices included within level-1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level-3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Credit Risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risk. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, quoted bonds issued by government and quasi government organizations and non-convertible debentures issued by institutions with high credit ratings.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 171,692 and ₹ 142,124 Million as of March 31, 2019 and March 31, 2018 respectively, being the total of the carrying amount of trade receivables, investments, cash and cash equivalents, other balance with banks, loans and other financial assets.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company would have to pay if the guarantee is called on. (Refer Note 31.5 above).

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The Company's exposure to customers is diversified and no single customer contributes to more than 10% of outstanding accounts receivable and unbilled revenue as of March 31, 2019 and March 31, 2018. The concentration of credit risk is limited due to the fact that the customer base is large.

The expected credit loss allowance is based on the ageing of receivables and the rates in the provision matrix. Movement in the expected credit loss allowance is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Balance at the beginning of the year	5,335	6,218
Movement in the expected credit loss allowance on trade receivables and other financial assets:		
Provided during the year	2,649	1,493
Reversed/utilised during the year	(2,497)	(2,376)
Balance at the end of the year	5,487	5,335

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange currency risk.

a) Foreign Currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar, Euro, Great

Britain Pound, Australian Dollar and Canadian Dollar against the respective functional currency of the Company. The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange currency risk.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 1% against the respective functional currency of the Company.

Further the exposure as indicated below is mitigated by some of the derivative contracts entered into by the Company as disclosed in note below.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

₹ in Million			
Particulars	Currency	March 31, 2019	March 31, 2018
Financial Assets	USD	39,655	42,928
	EUR	6,338	6,505
	GBP	5,004	7,246
	AUD	5,025	4,159
	CAD	2,368	2,218
	Others	33,502	12,412
Total		91,892	75,468
Financial Liabilities	USD	15,411	16,551
	EUR	2,233	2,240
	GBP	1,057	1,431
	AUD	428	898
	CAD	517	676
	Others	19,406	3,850
Total		39,052	25,646

A reasonably possible strengthening by 1% of USD, GBP, EUR, AUD and CAD against the Indian Rupee as at March 31, 2019 and March 31, 2018 will affect the statement of profit and loss by the amounts shown below:

₹ in Million		
Currency	March 31, 2019	March 31, 2018
USD	242	264
EUR	41	43
GBP	39	58
AUD	46	33
CAD	19	15

b) Foreign Exchange Contracts and Options

Tech Mahindra Limited is exposed primarily to fluctuations in foreign currency exchange rates, credit risk and liquidity risk which may impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential effects on the financial performance of the Company.

The Company enters into foreign Exchange Forward Contracts and Currency Option Contracts to offset the foreign currency risk arising from the amounts denominated in currencies other than the Indian Rupee. The counter party to the Company's foreign currency Forward Contracts and Currency Option Contracts is generally a bank. These contracts are entered into to hedge the foreign currency risks of certain forecasted transactions. These contracts are for a period between 1 day and 3 years.

The following are the principal amounts of outstanding foreign currency exchange forward and option contracts entered into by the Company which have been designated as Cash Flow Hedges:

Type of cover	Amount outstanding in Foreign currency (in FC Million)	Fair Value Gain / (Loss) (₹ in Million)	
Forwards	GBP to USD 230 (March 31, 2018: 192)	483 (March 31, 2018: 1,158)	
	EUR to USD 266 (March 31, 2018: 168)	967 (March 31, 2018: 819)	
	AUD to USD 35 (March 31, 2018: 34)	48 (March 31, 2018: 14)	
	USD to CAD 35 (March 31, 2018: 41)	24 (March 31, 2018: 15)	
	USD to INR 1,486 (March 31, 2018: USD: 1,100)	2,361 (March 31, 2018: 3,994)	
	Options	GBP to USD 3 (March 31, 2018: 36)	4 (March 31, 2018: (202))
		EUR to USD 22 (March 31, 2018: 69)	180 (March 31, 2018: (145))
USD to INR 101 (March 31, 2018 USD: 96)		(76) (March 31, 2018: 7)	

The movement in hedging reserve for derivatives designated as Cash Flow Hedges is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
(a) Balance at the beginning of the year	847	7,287
(b) Changes in the fair value of effective portion of derivatives – Gain/(Loss)	2,743	(683)
(c) Net (Gain)/Loss reclassified to statement of profit and loss on occurrence of hedged forecasted transactions	(230)	(5,757)
(d) (Gain)/loss on cash flow hedging derivatives, net (b+c)	2,513	(6,440)
(e) Balance as at the end of the year (a+d)	3,360	847
(f) Tax Impact on effective portion of outstanding derivatives	(947)	(197)
(g) Balance as at the end of the year, net of deferred tax (e+f)	2,413	650

Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2019:

₹ in Million

Particulars	Less than 1 year	1-3 years	More than 3 years	Total
Non Derivative Financial Liabilities				
Finance lease obligation	83	43	-	126
Trade Payables	28,880	-	-	28,880
Financial Guarantees	72	144	318	534
Other financial liabilities	26,471	1,469	-	27,968
Total	55,506	1,656	318	57,480
Derivative Financial Liabilities	529	101	-	630
Total	56,035	1,757	318	58,110

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2018:

₹ in Million

Particulars	Less than 1 year	1-3 years	More than 3 years	Total
Non Derivative Financial Liabilities				
Finance lease obligation	1,098	1,359	91	2,548
Trade Payables	20,679	-	-	20,679
Financial Guarantees	75	149	404	628
Other financial liabilities	7,972	3,407	-	11,379
Total	29,824	4,915	495	35,234
Derivative Financial Liabilities	1,345	652	-	1,997
Total	31,169	5,567	495	37,231

47 Current Tax and Deferred Tax

The income tax expense for the year ended can be reconciled to the accounting profit as follows:

₹ in Million

Particulars	For the year ended	
	March 31, 2019	March 31, 2018
Profit before tax	54,273	49,002
Enacted tax rate	34.944%	34.608%
Income tax expense calculated at enacted tax rate	18,965	16,958
Effect of income that is exempt from tax*	(7,603)	(6,875)
Impact of tax exemption which may not be fully utilized	1,851	-
Effect of expenses disallowed for tax purpose	304	1,229
Effect of tax on income at different rates	218	287
Effect of income taxes related to prior years	(3,018)	(1,805)
Others	(248)	(731)
Income tax expense recognised in statement of profit and loss	10,469	9,063

*Includes allowance under section 10AA of Income Tax Act, 1961 and dividend received from subsidiaries.

The tax rate used for the above reconciliation is the rate as applicable for the respective period payable by corporate entities in India on taxable profits under the Indian income tax laws.

Current tax for the year ended March 31, 2019 includes tax expense with respect to foreign branches amounting to ₹ 1,066 Million (year ended March 31, 2018: ₹ 1,310 Million).

Deferred Tax:

The following is the analysis of Deferred Tax Assets presented in the Balance Sheet:

₹ in Million

Particulars	As At	
	March 31, 2019	March 31, 2018
Deferred tax assets	3,307	3,150
Deferred tax liabilities	(1,125)	(397)
Deferred tax assets (net)	2,182	2,753

The tax effect of significant temporary differences that has resulted in deferred tax assets are given below:

₹ in Million

Particulars	For the year ended March 31, 2019			
	Opening balance	Recognised in Profit and loss	Recognised in OCI	Closing balance
Employee Benefits	1,358	85	(4)	1,439
Property, Plant and Equipment	616	102	-	718
Provisions	818	226	-	1,044
Changes in fair value of derivatives	(397)	22	(750)	(1,125)
Other Items	358	(252)	-	106
Net Deferred Tax Assets	2,753	183	(754)	2,182

₹ in Million

Particulars	For year ended March 31, 2018			
	Opening balance	Recognised in Profit and loss	Recognised in OCI	Closing balance
Employee Benefits	832	594	(68)	1,358
Property, Plant and Equipment	1,257	(641)	-	616
Provisions	921	(103)	-	818
Changes in fair value of derivatives	(3,298)	576	2,325	(397)
Other Items	540	(182)	-	358
Net Deferred Tax Assets	252	244	2,257	2,753

Deferred tax expense for the year ended March 31, 2019 is net of MAT credit of ₹ 17 Million (year ended March 31, 2018: ₹ 270 Million).

50 Employee Stock Option Scheme**i. ESOP 2000 & ESOP 2010:**

The Company has instituted 'Employee Stock Option Plan 2000' (ESOP 2000) and 'Employee Stock Option Plan 2010' (ESOP 2010) for eligible employees and Directors of the Company and its subsidiaries. The vesting pattern of the schemes has been provided below. The options can be exercised over a period of 5 years from the date of the grant. Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company at the time of grant for ESOP 2000 and exercise price as determined by the Nomination and remuneration Committee for ESOP 2010.

ii. ESOP 2006 & ESOP 2014:

The Company has instituted 'Employee Stock Option Plan 2006' (ESOP 2006) and 'Employee Stock Option Plan 2014' (ESOP 2014) for eligible employees and Directors of the Company and its subsidiaries. In terms of the said plan, the Nomination and Remuneration Committee has granted options to the employees of the Company and its subsidiaries. The maximum exercise period is 7 years from the date of grant for ESOP 2006 and options can be exercised over a period of 5 years from the date of each vesting for ESOP 2014.

The vesting period of the above mentioned 4 ESOP Schemes, namely ESOP 2000, ESOP 2006, ESOP 2010 and ESOP 2014 are as follows:

Vesting percentage of options			
Service period from date of grant	ESOP 2000 and ESOP 2010	ESOP 2006	ESOP 2014
12 months	33.33%	10%	15%
24 months	33.33%	15%	20%
36 months	33.33%	20%	30%
48 months	-	25%	35%
60 months	-	30%	-

iii. TML ESOP – B 2013:

Erstwhile Satyam has established a scheme 'Associate Stock Option Plan – B' (ASOP - B) under which 28,925,610 options were available for grant/exercise at the time the Scheme of Amalgamation became effective. Post-merger, these options were adjusted in terms of the approved Scheme of Amalgamation. Each option entitles the holder one equity share of the Company. These options vest over a period of 1 to 4 years from the date of the grant. Upon vesting, employees have 5 years to exercise the options. Post-merger, the name of the ESOP scheme has been changed to 'TML ESOP B 2013'.

iv. TML- RSU:

The erstwhile Satyam has established a scheme 'Associate Stock Option Plan - Restricted Stock Units (ASOP – RSUs)' to be administered by the Administrator of the ASOP – RSUs, a committee appointed by the Board of Directors of the erstwhile Satyam in May 2000. Under the scheme, 1,529,412 equity shares (equivalent number of equity shares post-merger) are reserved to be issued to eligible associates at a price to be determined by the Administrator which shall not be less than the face value of the share. These RSUs vest over a period of 1 to 4 years from the date of the grant. The maximum time available to exercise the options upon vesting is five years from the date of each vesting. Post-merger, the name of the ESOP scheme has been changed to TML RSU.

v. ESOP – A:

Erstwhile Satyam had established an ESOP scheme viz., 'Associate Stock Option Plan – A' (ASOP - A) formulated prior to the SEBI Guidelines on ESOP and ESPS issued in 1999. This plan was administered through a Trust viz., Satyam Associates Trust (Satyam Trust). At the time the Scheme of Amalgamation and Arrangement became effective, the Satyam Trust was holding 2,055,320 shares of erstwhile Satyam, which post amalgamation were converted into 241,802 shares of the Company at the approved share exchange ratio and this scheme has been transitioned and renamed as ESOP-A. Satyam Trust grants warrants to the employees of the Company with an exercise price and terms of

vesting advised by the Nomination and Remuneration Committee of the Company. Each warrant shall entitle the warrant holder to one equity share. The exercise period is 180 days from the date of each vesting.

vi. Employee Stock Option Scheme – ESOS:

Erstwhile MESL has established Employee Stock Option Scheme (ESOS) - ESOS for which 1,400,000 equity shares were earmarked. ESOS Scheme is administered through a Trust viz., MES Employees Stock Option Trust. The options under this Scheme vest over a period of 1 to 3 years from the date of the grant. Upon vesting, employees have 7 years to exercise the options. As on the effective date of amalgamation, 18,084 options were outstanding under ESOS, which were converted into equivalent 30,144 options of the Company giving effect to approved share exchange ratio, split and bonus.

vii. Details of options granted during the year ended March 31, 2019:

ESOP Scheme	Method of Settlement	Number of options granted during the year ended March 31, 2019	Grant date	Weighted average fair value

*Weighted average remaining life for options exercised pending allotment as at year end has been disclosed as '0'.

xi. The employee stock compensation cost for the Employee Stock Option Plan 2010, Employee Stock Option Plan 2000, Employee Stock Option Plan- B 2013, ESOP-A, ESOP 2014 and TML-RSU schemes has been computed by reference to the fair value of share options granted and amortized over each vesting period. For the period ended March 31, 2019, the Company has accounted for employee stock compensation cost (equity settled) amounting to ₹ 1,091 Million (March 31, 2018: ₹ 713 Million). This amount is net of cost of options granted to employees of subsidiaries.

xii. The fair value of each option is estimated on the date of grant using Black-Scholes-Merton model with the following assumptions:

Assumptions	For the year ended March 31, 2019		For the year ended March 31, 2018	
	ESOP 2014	ESOP 2014	ESOP 2014	ESOP A

INDEPENDENT AUDITORS' REPORT

To the Members of Tech Mahindra Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Tech Mahindra Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its associates, which comprise the consolidated balance sheet as at 31 March 2019, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, and associates as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, and its associates as at 31 March 2019, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

1. We draw attention to Note 41 (B) of the consolidated financial statements in respect of certain matters relating to erstwhile Satyam Computer Services Limited ("erstwhile Satyam"), amalgamated with the Holding Company with effect from 1 April 2011. The Holding Company's management, on the basis of current legal status and external legal opinion, has concluded that claims made by 37 companies in the City Civil Court, for alleged advances amounting to ₹ 12,304 million, to erstwhile Satyam and presented separately under 'Suspense account (net)' will not sustain on ultimate resolution by the Court as explained in the aforesaid note.
2. We further draw attention to Note 45 of the consolidated financial statements which more fully explains that in case of one of the subsidiaries of the Group, the other auditors in their auditors' report have drawn attention to a possible charge, that may arise in respect of the on-going dispute which is currently sub-judice between the promoters of the subsidiary on various issues relating to the shareholders agreement, the outcome of which is not determinable at this stage.

Further, the auditors have drawn attention to the fact that the annual financial statements, of the said subsidiary, for the years ended from 31 March 2012 to 31 March 2018 have not yet been adopted by the members of that subsidiary in the annual general meetings in the absence of unanimous consent of both the shareholders. The financial statements as at and for the year ended 31 March 2019 have been drawn up by incorporating the opening balances based on the above mentioned financial statements. Adjustments to the opening balances, if any, will be made once the abovementioned financial statements are adopted.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter	How the matter was addressed in our audit
<p>Revenue recognition – Fixed price development contracts</p> <p>The Group engages in fixed price development contracts, wherein revenue is recognized using the percentage of completion method based on management’s estimate of contract efforts. These contracts may also involve recognizing onerous obligations that require critical estimates to be made by the management.</p> <p>Further, the new revenue standard – Ind AS 115 “Revenue from contracts with customers” which became applicable from 1 April 2018, establishes a comprehensive framework for recognition of revenue and involves making judgements and estimates, which affect the accounting for such contracts.</p> <p>(Refer notes 2.5 (i), 2.11 and 51 to the consolidated financial statements).</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtained an understanding of the systems, processes and controls implemented by the Group for calculating and recording revenue and the associated contract assets and liabilities. • Evaluated the design and operating effectiveness of internal controls relating to recording of the contract value, efforts incurred and process around estimation of efforts required to complete the performance obligations. • On selected sample of contracts, tested revenue recognition, and our procedures included: <ul style="list-style-type: none"> - evaluating the identification of performance obligations; - considering the terms of the contracts to determine the transaction price; and - testing Group calculation of efforts incurred, and estimation of contract efforts including estimation of onerous obligation, through a retrospective review of actual efforts incurred with estimated efforts. • Tested aged contract assets to assess possible delays in achieving milestones, which may require a change in estimated efforts to complete the remaining performance obligations. • Performed analytical procedures over revenue and receivables.
<p>Evaluation of uncertain tax positions</p> <p>The Group operates in multiple global jurisdictions which require it to estimate its income tax liabilities according to the tax laws of the respective tax jurisdiction. Further, there are matters of interpretation in terms of application of tax laws and rules to determine current tax provision and deferred taxes.</p> <p>The Group’s tax positions are challenged by the tax authorities on a range of tax matters including corporate tax and transfer pricing. The Group has uncertain tax positions including erstwhile Satyam tax litigations.</p> <p>This requires the management to make significant judgements to determine the possible outcome of uncertain tax positions and consequently has an impact on related accounting and disclosures in the financial statements.</p> <p>(Refer notes 2.5 (ii), 2.16 and 38.4 to the consolidated financial statements).</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtained an understanding of the key uncertain tax positions. • Obtained a list of updates to tax assessments and tax litigations during the year, including management’s assessment of the impact of these updates on the uncertain tax positions and assessment of possible outcomes. As a part of this procedure, we also considered external legal opinions and consultations made by the Group for key uncertain tax positions. • Involved our tax experts to test the current tax provisions, inspect key correspondence and considered legal precedence and other tax rulings in evaluating the management’s assessment of uncertain tax positions. • Assessed Group’s estimates of the possible outcome of the disputed cases, including erstwhile Satyam tax litigations. • Evaluated the key assumptions in estimating current tax provisions and deferred taxes.
<p>Goodwill impairment assessment</p> <p>The Group carries goodwill resulting from business acquisitions across multiple geographic locations. There is a risk that the carrying amount of goodwill is not supported by performance of the Cash Generating Unit (‘CGU’) to which goodwill is allocated.</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> • Obtained an understanding of Group’s evaluation of identification of cash generating units and allocation of goodwill to the respective cash generating units.

<p>The Group tests goodwill for impairment annually which involves significant estimates and judgements. Due to inherent uncertainties involved in forecasting of cash flows, which are the basis of the assessment of recoverability of goodwill, this is one of the key judgmental areas. (Refer notes 2.9 (iii) and 47 to the consolidated financial statements)</p>	<ul style="list-style-type: none"> • Obtained valuation reports, considered by the Group for its impairment assessment. • Engaged independent valuation specialists to assist in the evaluation of assumptions and methodologies used by the Group and its experts. • Evaluated the underlying key assumptions in estimating projections including cash flows. • Assessed the sensitivity of the outcome of impairment assessment to changes in key assumptions.

Information other than the Consolidated Financial Statements and Auditors' Report Thereon ("Other Information")

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done and audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether

due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (company and subsidiaries) as well as associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements / financial information of 83 subsidiaries, whose financial statements / financial information reflect total assets of ₹ 87,701 Million as at 31 March 2019, total revenues of ₹129,801 Million and net cash outflows amounting to ₹ 992 Million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (and other comprehensive income) of ₹ 655 million for the year ended 31 March 2019, in respect of 6 associates, whose financial statements / financial information have not been audited by us. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associates, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associates is based solely on the audit reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- A. As required by section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries and associates as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on 31 March 2019 from being appointed as a director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries and associates, as noted in the 'Other Matters' paragraph:
- i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2019 on the consolidated financial position of the Group and its associates. Refer Note 38.4 to the consolidated financial statements;
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts. Refer Note 28 to the consolidated financial statements in respect of such items as it relates to the Group and its associates; and
 - iii. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies incorporated in India during the year ended 31 March 2019.
- C. **With respect to the matter to be included in the Auditors' Report under section 197(16):**
In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company its subsidiary companies to its directors is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF TECH MAHINDRA LIMITED FOR THE YEAR ENDED 31 MARCH 2019

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013

(Referred to in paragraph A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls with reference to consolidated financial statements of Tech Mahindra Limited (hereinafter referred to as "the Holding Company") and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and such companies incorporated in India which are its subsidiary companies have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to 1 subsidiary Company, which is a Company incorporated in India, is based on the corresponding report of the auditor of such Company incorporated in India.

Share Application Money pending Allotment :

Money received as advance towards allotment of share capital is recorded as share application money pending allotment.

Capital Reserve :

Capital Reserve has been created pursuant to scheme of amalgamation of entities with Tech Mahindra Limited, as approved by the Courts.

Securities Premium :

Securities premium reserve is used to record the premium on issue of shares. The fair value of employee stock options is recognised in Securities Premium once the shares have been allotted on exercise of the options.

Share Option Outstanding Account :

It represents the fair value of services received against employees stock options outstanding as at balance sheet date.

Special Economic Zone reinvestment Reserve :

The Special Economic Zone reinvestment reserve has been created out of the profit of eligible SEZ units in terms of the provisions of section 10AAA(1)(ii) of the Income-tax Act, 1961. The reserve needs to be utilised by the Company for acquiring new plant and machinery for the purpose of its business in the terms of section 10AA(2) of Income-tax Act, 1961.

Retained Earnings:

Retained earnings represents the undistributed profits of the group accumulated as on balance sheet date.

Cash Flow Hedging Reserve :

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. Such gains or losses will be reclassified to statement of profit and loss in the period in which the hedged transaction occurs.

Foreign currency translation reserve :

The exchange differences arising from the translation of financial statements of foreign operations with functional currency other than Indian rupees is recognised in other comprehensive income and is presented within equity in the foreign currency translation reserve.

Statutory reserve :

Statutory reserve represent reserve created out of profits for compliance of local laws of subsidiary.

Capital reserve on consolidation :

The capital reserve on consolidation represent excess of net assets over consideration paid for the acquisition of a subsidiary.

General Reserve :

The general reserve is a free reserve which is used from time to time to transfer profits from retained earnings for appropriation purposes.

Equity Instruments through Other Comprehensive Income :

It represents gain/loss earned on investment in equity instruments valued at fair value through other comprehensive income.

Mumbai, India, May 21, 2019

Mumbai, India, May 21, 2019

Notes forming part of the Financial Statements for the year ended March 31, 2019

1. Corporate Information:

Tech Mahindra Limited (referred to as "TechM" or the "Company") is a leading provider of consulting-led integrated portfolio services to customers which are Telecom Equipment Manufacturers, Telecom Service Providers and IT Infrastructure Service Providers, Business Process Outsourcing Service Providers as well as Enterprise Solutions Services (BFSI, Retail & Logistics, Manufacturing, Energy and Utility (E&U) and Healthcare, Life Sciences, etc.) of Information Technology (IT) and IT-enabled services delivered through a network of multiple locations around the globe. It also provides comprehensive range of IT services, including IT enabled services, application development and maintenance, consulting and enterprise business solutions, extended engineering solutions and infrastructure management services to a diversified base of corporate customers in a wide range of industries including insurance, banking and financial services, manufacturing, telecommunications, transportation and engineering services.

The Company is a public limited Company incorporated and domiciled in India. The address of its registered office is Gateway Building, Apollo Bunder, Mumbai – 400 001. The Company is listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

The Board of Directors approved the consolidated financial statements for the year ended March 31, 2019 and authorized for issue on May 21, 2019.

2. Significant accounting policies:

2.1 Statement of Compliance:

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

2.2 Basis for preparation of financial statements:

The functional currency of the Company and its Indian subsidiaries is the Indian Rupee ("INR"). The functional currency of foreign subsidiaries is the currency of the primary economic environment in which the entity operates.

These consolidated financial statements have been prepared on historical cost basis except for certain financial instruments which are

measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle. Based on the nature of services rendered to customers and time elapsed between deployment of resources and the realisation in cash and cash equivalents of the consideration for such services rendered, the Group has considered an operating cycle of 12 months.

The statement of cash flows have been prepared under indirect method.

2.3 Basis of Consolidation:

The consolidated financial statements comprise the financial statements of Tech Mahindra Limited and its subsidiaries (the Company and its subsidiaries constitute "the Group"). The Company consolidates all entities which are controlled by it.

The Company establishes control when; it has power over the entity, is exposed or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity. The results of subsidiaries acquired, or sold, during the year are consolidated from the effective date of acquisition and up to the effective date of disposal, as appropriate.

The consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances, transactions including unrealized gain / loss from such transactions and cash flows are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company, are excluded.

Changes in the Company's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the company's interests and the non-controlling interests are adjusted to reflect changes in their relative interests

in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

An associate is an entity over which the investor has significant influence but not control. An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of investment over the Company's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included in the carrying amount of investment. Any excess of the Company's share of the net fair value of the identifiable assets and liabilities over the cost of investment, after reassessment, is recognised in capital reserve in the period in which investment is acquired.

2.4 Business Combinations:

Business combinations are accounted for using the purchase (acquisition) method. The cost of an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed and equity instruments issued at the date of exchange by the Group. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition. Transaction costs incurred in connection with a business acquisition are expensed as incurred.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent arrangement, the contingent consideration is measured at its acquisition date fair value and included as part of the consideration transferred in a business combination. Contingent consideration that is classified as an asset or liability is remeasured at subsequent reporting

dates in accordance with IND AS 109 *Financial Instruments* or IND AS 37 *Provisions, Contingent Liabilities and Contingent Assets*, with the corresponding gain or loss being recognised in profit or loss.

Business combinations arising from transfers of interests in entities that are under the common control are accounted at historical cost. The difference between any consideration given and the aggregate historical carrying amounts of assets and liabilities of the acquired entity are recorded in shareholders' equity.

Goodwill and intangible assets

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any. Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

Intangible assets acquired separately are measured at cost of acquisition. Intangible assets acquired in a business combination are measured at fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and impairment losses, if any.

2.5 Use of Estimates:

The preparation of consolidated financial statements requires the management of the Group to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of consolidated financial statements, disclosure of contingent liabilities as at the date of the consolidated financial statements, and the reported amounts of income and expenses during the reported period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Critical accounting estimates

i) Revenue Recognition

The Group applies the percentage of completion method in accounting for its fixed price development contracts. Use of the percentage of completion method requires the Group to estimate the efforts or costs expended to date (input method) as a

proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

Further, the group exercises significant judgments while determining the transaction price allocated to performance obligations using the expected cost plus margin approach.

ii) Income taxes and deferred taxes

The major tax jurisdictions for the Company are India and the United States of America. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. The policy for the same has been explained under Note 2.16.

iii) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base

of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed at the end of each reporting period. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The policy for the same has been explained under Note 2.6.

iv) Provisions

A provision is recognised when the Company has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. The policy for the same has been explained under Note 2.20.

v) Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103. Ind AS 103 requires the identifiable net assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets and their estimated useful life. These valuations are generally conducted by independent valuation experts.

vi) Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit is less than its carrying amount based on a number of factors including operating results, business plans, future cash flows and economic conditions. The recoverable amount of cash generating units is determined based on higher of value-in-use and fair value less cost to sell. The goodwill impairment test is performed at the level of the cash-generating unit

or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

vii) Defined benefit plans and compensated absences

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The policy for the same has been explained under Note 2.15.

viii) Expected credit losses on financial assets

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period. The policy for the same has been explained under Note 2.9.

ix) Other estimates

The share based compensation expense is determined based on the Group's estimate of equity instruments that will eventually vest.

2.6 Property, Plant & Equipment and Intangible assets:

Property, Plant & Equipment and intangible assets are stated at cost less accumulated depreciation/amortisation and net of impairment. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable costs of bringing the item to its working condition for its intended use and estimated cost of dismantling and removing the item and restoring the site on which it is located. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The cost of property, plant and equipment not available for use as at each reporting date is disclosed under capital work in progress.

Depreciable amount for assets is the cost of an asset, less its estimated residual value. Depreciation on Property, Plant & Equipment (including assets taken on lease), other than freehold land, is charged based on the straight line method on the estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the certain categories of assets, where the life of the assets has been assessed based on internal technical estimate, considering the nature of the asset, estimated usage of the asset, the operating conditions of the asset and past history of replacement, anticipated technological changes. The estimated useful lives of assets are as follows:

Particulars	Life
Buildings	28 to 50 years
Computers	2 to 5 years
Plant and Equipments	3 to 20 years
Furniture and Fixtures	3 to 15 years
Vehicles	3 to 5 years
Office Equipments	3 to 20 years

Intangible assets are amortised on a straight line basis over their useful lives as given below:

Particulars	Life
Brand	4 to 10 years
Customer relationships/related intangibles	2 to 7 years
Intellectual Property Rights	4 to 10 Years
Software taken on lease	2 to 5 years
Software other than taken on lease	1 to 10 years
Others	3 to 5 years

The estimated useful lives and residual values of Property, Plant & Equipment and Intangible assets are reviewed at the end of each reporting period.

Assets acquired under finance lease and leasehold improvements are amortized over the shorter of estimated useful life of the asset or the related lease term.

The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use.

Project specific intangible assets are amortised over their estimated useful lives on a straight line basis or over the period of the license/project period, whichever is lower.

Intellectual Property Rights ('IPR') comprise right to use for licensed software. The Company has recognised the IPR based on present value of consideration paid. Subsequent to initial recognition, the intangible asset is measured at cost, less any accumulated amortization and accumulated impairment losses. The IPR's are amortised over their estimated useful life of 4 to 10 years on a straight line basis.

An item of Property, Plant & Equipment and intangibles asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment and intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

When the use of a property changes from owner occupied to investment property, the property is reclassified as investment property at its carrying amount on the date of reclassification.

2.7 Investment Property:

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment losses, if any in accordance with Ind AS 16 *Property, Plant and Equipment*.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying

amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Useful life of investment properties:

Particulars	Life
Buildings	28 to 50 years
Plant and Equipments	3 to 20 years
Furniture and Fixtures	3 to 15 years
Office equipment	3 to 20 years

2.8 Leases:

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date. The arrangement is, or contains a lease if, fulfilment of the arrangement is dependent on the use of a specific asset or assets, even if that right is not explicitly stated in the arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

i. Finance lease:

Where the Group, as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment.

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such leases are capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

ii. Operating lease:

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating lease. Lease rental under operating lease are recognised in the consolidated statement of profit and loss on a straight line basis over the lease term except where the rentals are structured to increase in line with expected general inflation.

2.9 Impairment of Assets:

i) Financial assets

The Group applies the expected credit loss model for recognizing impairment loss on financial assets. Expected credit loss is the difference between the contractual cash flows and the cash flows that the entity expects to receive discounted using effective interest rate.

Loss allowances for trade receivables are measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Lifetime expected credit loss is computed based on a provision matrix which takes in to the account historical credit loss experience adjusted for forward looking information. For other financial assets, expected credit loss is measured at the amount equal to twelve months expected credit loss unless there has been a significant increase in credit risk from initial recognition, in which case those are measured at lifetime expected credit loss.

ii) Non-financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

iii) Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that goodwill may be impaired, relying on a number of factors including

operating results, business plans and future cash flows.

The Group estimates the value-in-use of the cash generating unit (CGU) based on the future cash flows after considering current economic conditions and trends, estimated future operating results and growth rate and anticipated future economic and regulatory conditions. The estimated cash flows are developed using internal forecasts. The discount rate used for the CGU's represent the weighted average cost of capital based on the historical market returns of comparable companies.

2.10 Inventories:

Hardware, Software and Product Components:

Product Components are valued at lower of cost or net realizable value. Cost is determined on First-In-First Out basis.

Projects in Progress / Work in Progress:

Hardware equipments, softwares and other items are carried at the lower of cost and net realisable value. Cost is determined on a specific identification basis. Cost includes material cost, freight and other incidental expenses incurred in bringing the inventory to the present location / condition.

2.11 Revenue recognition:

Revenue from information technology services and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and fixed price development contracts.

Effective April 1, 2018, the Group adapted Ind AS 115 "Revenue from contracts with customers" which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Group has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information has not been restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The adoption of the standard did not have any significant impact to the consolidated financial statements of the Group.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Group expect to receive in exchange for those products or services, net of indirect taxes, discounts, rebates, credits, price concessions, incentives, performance bonuses, penalties, or other similar items.

Revenue from time and material contracts is recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue.

Revenue from fixed price maintenance contracts is recognised ratably over the period of the contract in accordance with its terms.

Revenue on fixed price development contracts is recognised using the 'percentage of completion' method of accounting, unless work completed cannot be reasonably estimated. Percentage of completion is determined based on project costs incurred to date as a percentage of total estimated project costs required to complete the project. The cost expended (or input) method has been used to measure progress towards completion as there is a direct relationship between input and productivity. If the Group does not have a sufficient basis to measure the progress of completion or to estimate the total contract revenues and costs, revenue is recognized only to the extent of contract cost incurred for which recoverability is probable. When total cost estimates exceed revenues in an arrangement, the estimated losses are recognized in the consolidated statement of profit and loss in the period in which such losses become probable based on the current contract estimates.

The solutions offered by the Group may include supply of third party equipment or software. In such cases, revenue for supply of such third party products are recorded at gross or net basis depending on whether the Group is acting as the principal or as an agent of the customer. The Group recognizes gross amount of consideration as revenue when it is acting as a principal and net amount of consideration as revenue when it is acting as an agent.

Contracts assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liability ("Unearned revenue") arises when there are billing in excess of revenue.

In arrangements for hardware and software implementation and integration, related services and maintenance services, the Group has applied the guidance in Ind AS 115, by applying the revenue recognition criteria for each distinct performance obligation. For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost plus margin approach in estimating the standalone selling price. Fixed Price Development contracts and related services, the performance obligation are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Revenue from licenses where the customer obtains a 'right to use' the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a 'right to access' is recognised over the access period. The Group has applied the principles of Ind AS 115 to account for revenues for these performance obligations.

The Group recognises revenue for a sales-based or usage-based royalty promised in exchange for a license of intellectual property only when (or as) the subsequent sale or usage occurs.

The Group accounts for volume discount and pricing incentives to customers as a reduction based on ratable allocation of the discounts/incentives amount to each of the underlying performance obligation that corresponds to the progress made by the customer towards earning the discount/incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Group recognises the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognised until the payment is probable and the amount can be estimated reliably. The Group recognises changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Deferred contract costs are upfront costs incurred for the contract and are amortized on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the asset relates.

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catch up basis, while those are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

The Group disaggregates revenue from contracts with customers by nature of services, geography and industry verticals

Dividend income is recognised when the Group's right to receive dividend is established. Interest income is recognised using effective interest rate method.

Rental income from the investment property is recognised in consolidated statement of profit and loss on a straight-line basis over the term of lease except where the rentals are structured to increase in line with expected general inflation.

2.12 Foreign currency transactions:

The functional currency of the Company and its Indian subsidiaries is Indian Rupees (INR) whereas the functional currency of foreign subsidiaries is the currency of their primary economic environment.

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the date of Balance Sheet. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are recognized in the profit or loss.

2.13 Foreign Operations:

For the purpose of these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising on translation are recognised in other comprehensive income and accumulated in equity.

When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the consolidated statement of profit and loss.

2.14 Financial Instruments:

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

i) Non-derivative financial instruments:

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in 'other comprehensive income', for investment in equity instruments which are not held for trading.

The Group, on initial application of IND AS 109 *Financial Instruments* has made an

irrevocable election to present in 'other comprehensive income', subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

ii) Derivative financial instruments and hedge accounting

The Group is exposed to foreign currency fluctuations on foreign currency assets, liabilities and forecasted cash flows nominated in foreign currency. The Group uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. The Group designates some of these forward contracts / options as hedge instruments and accounts for them as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109.

The use of foreign currency forward contracts / options is governed by the Group's risk management policy approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Group's risk management strategy. The counter party to the Group's foreign currency forward contracts is generally a bank. The Group does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes

in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised in other comprehensive income and accumulated under 'effective portion of cash flow hedges' (net of taxes), and the ineffective portion is recognised immediately in the consolidated statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in effective portion of cash flow hedges are reclassified to the consolidated statement of profit and loss in the same period in which gains/losses on the item hedged are recognised in the consolidated statement of profit and loss.

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the consolidated statement of profit and loss as they arise.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument classified as effective portion of cash flow hedges is classified to consolidated statement of profit and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in effective portion of cash flow hedges is transferred to the consolidated statement of profit and loss for the period.

iii) Derecognition of financial instruments

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group retains substantially all the risk and rewards of transferred financial assets, the Group continues to recognize the financial asset and also recognizes the borrowing for the proceeds received.

The Group derecognises financial liabilities when, and only when, the Group's obligation are discharged, cancelled or have expired.

iv) Financial Guarantee contracts

Financial guarantee contracts issued by the Group are initially measured at

fair value and subsequently measured at the higher of the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 Revenue.

2.15 Employee Benefits:

a. Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling and the return on plan assets (excluding interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's last drawn salary and the tenure of the employment.

b. Defined contribution plans:

i. Provident fund:

The eligible employees of TechM and its Indian subsidiaries are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and TechM and its Indian subsidiaries make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the consolidated statement of profit and loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by TechM and its Indian subsidiaries, except in case of one subsidiary where a portion of the contribution is made to approved provident fund trust managed by that subsidiary. The contribution to trust managed by the subsidiary is accounted for as a defined benefit plan as the subsidiary is liable for any shortfall in the fund assets based on the government specified minimum rate of return.

ii. Superannuation and ESIC:

Contributions Superannuation fund and employees' state insurance scheme (ESI), which are defined contribution schemes, are charged to the consolidated statement of profit and loss on an accrual basis.

The Group has no further obligations for superannuation fund benefits other than its annual contributions.

c. Compensated absences:

The Group provides for compensated absences and long term service awards subject to Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is accrued based on the number of days of unavailed leave at each Balance Sheet date and the awards are accrued based on number years of service of an employee. It is measured at the balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the consolidated statement of profit and loss in the period in which they occur.

The Group also offers a short term benefit in the form of encashment of unavailed accumulated compensated absences above certain limits for all of its employees and same is recognised as undiscounted liability at the balance sheet date.

d. Other short term employee benefits:

Other short-term employee benefits such as overseas social security contributions and performance incentives expected to be paid in exchange for services rendered by employees, are recognised in the consolidated statement of profit and loss during the period when the employee renders the service.

2.16 Taxation:

Tax expense comprises of current tax and deferred tax. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemptions in accordance with the local tax laws existing in the respective countries.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are recognised in other comprehensive income or directly in equity, respectively.

The current income tax expense includes income taxes payable by the Company and its branches in India and overseas. The current tax payable by the Company in India is Indian income tax payable on worldwide income after taking credit for tax relief available for export operations in Special Economic Zones (SEZs). Current income tax payable by overseas branches of the Company is computed in accordance with the tax laws applicable in the jurisdiction in which the respective branch operates. The proportionate credit for the taxes paid outside India are generally available for set off against the Indian income tax liability of the Company's worldwide income.

Advance taxes and provisions for current income taxes are presented in the consolidated statement of financial position after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying unit has a legally enforceable right and intends to settle the asset and liability on a net basis.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India. MAT credit is recognized for future economic benefits in the form of adjustment of future income tax liability and is considered as an asset if there is probable evidence that the Company will pay normal income tax.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax liability (DTL) is not recognised on the accumulated undistributed profits of the subsidiary company in the consolidated financial statements of the company, if it is determined that such accumulated undistributed profits will not be distributed in the foreseeable future. When it is probable that the accumulated undistributed profits will be distributed in the foreseeable future, then DTL on accumulated undistributed profits of the subsidiary company is recognised in the consolidated statement of profit and loss of the Company.

In cases, where the dividend distribution tax (DDT) paid by a subsidiary on distribution of its accumulated undistributed profits/ tax on dividend from a foreign subsidiary is allowed as a set off against the Company's own DDT liability, then the amount of DDT paid by domestic subsidiary/ tax paid on foreign dividend is recognised in the consolidated statement of changes in equity.

The Group recognises interest levied and penalties related to income tax assessments in interest expenses.

2.17 Employee Stock Option Plans:

Equity instruments granted are measured by reference to the fair value of the instrument at the date of grant. The equity instruments generally vest in a graded manner over the vesting period. The fair value determined at the grant date is expensed over the vesting period of the respective tranches of such grants (accelerated amortization). The share based compensation expense is determined based on the Group's estimate of equity instruments that will eventually vest.

The expense is recognized in the consolidated statement of profit and loss with a corresponding increase to the 'share option outstanding account', which is a component of equity.

2.18 Research and development:

Research costs are recognized as an expense in the consolidated statement of profit and loss in the period they are incurred. Development costs are recognized in the consolidated statement of

profit and loss unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete the development project and use the asset and the costs can be measured reliably.

2.19 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for any bonus shares issued during the period.

For calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

2.20 Provisions:

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance costs.

2.21 Recent Indian Accounting Standards (Ind AS):

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified the following new Accounting Standards ('Ind AS') and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning April 1, 2019:

Ind AS 116 - Leases

Ind AS 116 will replace the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset

and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The Company will adopt Ind AS 16, effective annual reporting period beginning April 1, 2019. The Company will apply the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019). Accordingly, the Company will not restate comparative information, instead, the cumulative effect of initially applying this Standard will be recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. On that date, the Company will recognise a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement date, but discounted using the lessee's incremental borrowing rate as at April 1, 2019. In accordance with the standard, the Company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value.

On transition, the Company will be using the practical expedient provided the standard and therefore, will not reassess whether a contract, is or contains a lease, at the date of initial application.

The Company is in the process of finalising changes to systems and processes to meet the accounting and reporting requirements of the standard.

With effect from April 01, 2019, the Company will recognise new assets and liabilities for its operating leases of premises and other assets. The nature of expenses related to those leases will change from lease rent in previous periods to a) amortization change for the right-to-use asset, and b) interest accrued on lease liability.

Previously, the Company recognised operating lease expense on a straightline basis over the term of the lease, and recognised assets and liabilities only to the extent that there was a timing difference between actual lease payments and the expense recognised.

As a lessor, sublease shall be classified an operating lease if the head lease is classified as a short term lease. In all other cases the sublease shall be classified as a finance lease.

On preliminary assessment, the Company does not expect a significant impact to opening retained earnings on adoption of Ind AS 116.

Ind AS 12 Income taxes (amendments relating to income tax consequences of dividend and uncertainty over income tax treatments)

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Group does not expect any impact from this pronouncement. It is relevant to note that the amendment does not amend situations where the entity pays a tax on dividend which is effectively a portion of dividends paid to taxation authorities on behalf of shareholders. Such amount paid or payable to taxation authorities continues to be charged to equity as part of dividend, in accordance with Ind AS 12. The amendment to Appendix C of Ind AS 12 specifies that the amendment is to be applied to the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. It outlines the following: (1) the entity has to use judgement, to determine whether each tax treatment should be considered separately or whether some can be considered together. The decision should be based on the approach which provides better predictions of the resolution of the uncertainty (2) the entity is to assume that the taxation authority will have full knowledge of all relevant information while examining any amount (3) entity has to consider the probability of the relevant taxation authority accepting the tax treatment and the determination of taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates would depend upon the probability.

The Group does not expect any significant impact of the amendment on its financial statements.

Ind AS 109 – Financial Instruments (Prepayment Features with Negative Compensation)

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortised cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. The Group does not expect any significant impact of the amendment on its financial statements.

Ind AS 19 – Employee Benefits (Plan Amendment, Curtailment or Settlement)

The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the remeasurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Group does not expect any significant impact of the amendment on its financial statements.

Ind AS 23 – Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Group does not expect any significant impact of the amendment on its financial statements.

Ind AS 28 – Long-term Interests in Associates and Joint Ventures

This amendment is effective for annual reporting period beginning April 1, 2019. The amendments clarify that an entity applies Ind AS 109 Financial Instruments, to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied. The Group does not currently have any long-term interests in associates and joint ventures and hence does not expect impact of the amendment on its financial statements.

Ind AS 103 – Business Combinations and Ind AS 111 – Joint Arrangements

The amendments to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation, it re-measures previously held interests in that business. The amendments to Ind AS 111 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not re-measure previously held interests in that business. The Group currently does not have control / joint control of a business that is a joint operation and hence does not expect impact of the amendment on financial statements.

Number of shares held by each shareholder holding more than 5 percent of the Equity Shares of the Company are as follows:

Name of Shareholder	As at		As at	
	March 31, 2019		March 31, 2018	
	No. of Shares held	% of Holding#	No. of Shares held	% of Holding#
Mahindra & Mahindra Limited	256,248,704	26	256,248,704	26

- # This percentage of holding is presented with reference to Issued, Subscribed and Paid up.
- i) Aggregate number of fully paid-up Equity Shares allotted by way of Bonus Shares in the immediately preceding five years : 240,161,577 Equity Shares of ₹10 each fully paid-up (equivalent to 480,323,154 Equity Shares of ₹ 5 each fully paid-up) were allotted as Bonus shares during the year ended March 31, 2015.
- ii) Each Equity Share entitles the holder to one vote and carries an equal right to dividend.
- iii) Refer note 55 for details relating to stock options.
- iv) The shareholders at the Annual General Meeting held on July 31, 2018 approved dividend of ₹ 14 per equity share for year ended March 31, 2018 which was subsequently paid during the quarter ended September 30, 2018. The amount was recognized as distributions to equity shareholders, the total appropriation was ₹ 16,411 Million including corporate dividend tax of ₹ 2,682 Million.
- v) On May 21, 2019 the board of directors of the Company have proposed a final dividend of ₹14 per share in respect of year ended March 31, 2019 subject to the approval of shareholders at the Annual General Meeting. If approved, the dividend would result in cash outflow of ₹ 16,597 Million inclusive of dividend distribution tax of ₹ 2,830 Million.
- vi) The Board of Directors of the Company at its meeting held on February 21, 2019 approved a proposal to buyback upto 20,585,000 equity shares of the Company for an aggregate amount not exceeding ₹ 19,556 Million being 2.09% of the total paid up equity share capital at ₹ 950 per equity share. Letter of Offer was issued to all eligible shareholders holding shares as on March 6, 2019. The period for tendering of shares for buyback was from March 25, 2019 to April 5, 2019. The intimation regarding acceptance or non-acceptance of tendered equity shares to the stock exchange was made on April 12, 2019, the bids were settled and payment was made to shareholders on April 15, 2019. The unaccepted shares were returned to eligible shareholders on April 16, 2019. Pursuant to the issuance of Letter of Offer, the Company has recorded a payable of ₹ 17,879 Million as at March 31, 2019 as contractual financial liability to external shareholders. (refer note 26)
- vii) The Company manages its capital to ensure that it will be able to continue as a going concern while maximizing the return to stakeholders through the optimisation of the debt and equity balance. The Company is not subject to any externally imposed capital requirements. The Company's risk management committee reviews the capital structure of the Company on an ongoing basis. As part of this review, the committee considers the cost of capital and the risks associated with capital.

35. Following entities have not been considered for consolidation:

The Group while considering the nature and insignificant variability of its return has concluded that it does not 'control' these foundations/trusts.

- Tech Mahindra Foundation (Section 8 company)
- Mahindra Educational Institutions (Section 8 Company)
- Mahindra Satyam Foundation Trust (Trust)
- TML Odd Lot Trust (Trust)

36. Business Combinations:

A. Details of acquisitions during the year ended March 31, 2019

- i. During the year ended March 31, 2019, the Company has completed 3 business combinations (which both individually and in aggregate are not material) for a total consideration of ₹ 834 million. These transactions include (a) an engineering services company with presence in Czech Republic and Romania, (b) a Company primarily engaged in providing network services for mobile communication carriers in Japan, and (c) acquisition of certain tangible and intangible assets, assembled workforce and a multi-year service agreement, which qualify as a business combination.

The pro-forma effects of these acquisitions on the Group's results are not material. The following table presents the allocation of purchase price -

Particulars	Allocation of purchase price ₹ Million
Fair value of net assets as on date of acquisition	181
Customer Relationship	567
Goodwill #	86
Total Purchase Consideration	834

Goodwill comprises of acquired workforce and expected synergies arising from the acquisition

Note: The pro-forma effects of these acquisitions on the Group's results are not material

- ii. The Company has entered into an agreement to acquire 100% stake in Dynacommerce Holdings B.V. vide Share Purchase Agreement dated January 31, 2019 with purchase consideration of EUR 0.48 Million (₹ 37 Million).

B. Details of acquisitions during the previous year ended March 31, 2018.

* Excludes consideration allocated to deferred employee compensation of USD 7.5 Million (₹ 489 Million) recognized in statement of profit and loss account on proportionate basis over the service period.

Goodwill comprises of acquired workforce and expected synergies arising from the acquisition.

Note: The pro-forma effects of these acquisitions on the Group's results are not material.

- i. The Company on May 4, 2017, through its wholly owned subsidiary Tech Mahindra (Americas) Inc. acquired 84.7% stake in CJS Solutions Group, LLC (CJS) for an initial consideration of USD 89.5 Million (₹ 5,742 Million). Further the subsidiary of the Company has acquired call and a written put options on the 15.3% Non-Controlling Interest to be exercised over three-year period ending December 31, 2020, based on variable pricing formula determined in the share purchase agreement with an overall cap of USD 130.5 Million. During the year as per the agreement with minority stakeholders, Company has acquired additional 4.07% stake in CJS Solutions Group, LLC (CJS) for USD 7.4 Million (₹ 510 Million)

Estimated fair value of financial liability towards consideration payable for acquisition of balance stake of 11.23% from minority shareholders as at March 31, 2019 amounts to USD 17.9 Million (₹ 1,238 Million).

- ii. On August 31, 2017, Comviva Technologies B.V. through its 100% subsidiary Comviva Technologies (Australia) Pty. Ltd, has acquired 100% stake of Emagine International Holdings Pty. Ltd. and its subsidiary Emagine International Pty. Ltd., as per share purchase agreement entered dated August 31, 2017, for a consideration of AUD 9.52 Million (₹ 468 Million).

37 Disclosure as required under Ind AS 112:

- i. Non- controlling interest reported in the consolidated financial statements, based on the shareholding as stated in note 35 (i) comprises of entities which are not individually material to the Group. Therefore, disclosures as per Ind AS 112 are not given in the consolidated financial statements.
- ii. The associates forming part of the Group are not material to the Group and hence disclosure under Ind AS 112 is not given.

38 Commitments and Contingencies

38.1 Capital Commitments

The estimated amount of contracts remaining to be executed on capital account (net of capital advances) and not provided for as at March 31, 2019 is ₹ 1,351 Million (March 31, 2018: ₹ 1,193 Million).

38.2 Purchase commitments in respect of investments

During the year ended March 31, 2016, the Company had entered into a subscription agreement for a Limited Partnership interest with a USA based fund namely Northgate FinTech Innovations Partners, L.P (Northgate) for an investment upto USD 40 Million (₹ 2,766 Million) as a limited partner in Northgate. On September 26, 2016, the Partnership made a capital call of USD 1.04 Million. There is an ongoing arbitration between Northgate and the Company pertaining to the Company's capital commitment. Management believes that this matter will be resolved in the Company's favour during the arbitration proceedings.

38.3 Contingent Liabilities

- Bank Guarantees outstanding as at March 31, 2019: ₹ 4,270 Million (March 31, 2018: ₹ 5,455 Million).
- During the year ended March 31, 2019, the Company has given letters of support of USD 79 Million: ₹ 5,463 Million (March 31, 2018: USD 75 Million, ₹ 4,855 Million) to banks for loans availed by step down subsidiaries of the Company.

38.4.2 Footnotes to the Schedule

i. Petition before Hon'ble High Court of Judicature at Hyderabad: Financial years 2002-03 to 2007-08

Erstwhile Satyam had filed various petitions before Central Board of Direct Taxes (CBDT) requesting for stay of demands aggregating to ₹ 6,170 Million for the financial years 2002-03 to 2007-08 till the correct quantification of income and taxes payable is done for the respective years. In March 2011, the CBDT rejected the petition and erstwhile Satyam filed a Special Leave Petition before the Hon'ble Supreme Court which directed erstwhile Satyam to file a comprehensive petition/ representation before CBDT and to submit a Bank Guarantee (BG) for ₹ 6,170 Million which was complied by erstwhile Satyam. The BG has been extended upto October 14, 2019.

The Assessing Officer served an Order dated January 30, 2012, for provisional attachment of properties under Section 281B of the Income-tax Act, 1961 attaching certain immovable assets of erstwhile Satyam. Erstwhile Satyam filed a writ petition in the Hon'ble High Court of Judicature at Hyderabad that has granted a stay on the provisional attachment order.

ii. Appointment of Special Auditor and re-assessment proceedings

- In August, 2011, the Additional Commissioner of Income-tax issued the Draft of Proposed Assessment Orders accompanied with the Draft Notices of demand resulting in a contingent liability of ₹ 7,948 Million and ₹ 9,637 Million for the financial years 2001-2002 and 2006-2007, respectively, proposing adjustments to the total income, including adjustments on account of Transfer Pricing. Erstwhile Satyam has filed its objections to the Draft of Proposed Assessment Orders for the aforesaid years on September 16, 2011 with the DRP, Hyderabad, which is pending disposal.
- Consequent to the letter of erstwhile Chairman of the erstwhile Satyam, the Assessing Officer had commissioned special audits for the financial years 2001-2002, 2002-2003, 2006-2007, 2007-2008 and 2008-2009 on various dates. Erstwhile Satyam had filed petitions before Hon'ble High Court of Judicature of Hyderabad challenging the special audits, which are pending disposal.

38.5 Other Claims on the Company not acknowledged as debts

- Claims against erstwhile Satyam not acknowledged as debts: ₹ 1,411 Million (March 31, 2018 ₹ 1,389 Million).
- Claims made on the Company not acknowledged as debts: ₹ 263 Million (March 31, 2018 ₹ 113 Million).
- The Company has received an order passed under section 7A of Employees Provident Fund & Miscellaneous Provisions Act, 1952 for the period March 2013 to April 2014 from Employees Provident Fund Organization (EPFO) claiming provident fund contribution amounting to ₹ 2,448 million for employees deputed to non-SSA (Countries with which India do not have Social Security Agreement) countries. The Company has assessed that it has legitimate grounds for appeal, and has contested the order by filing an appeal which is pending before Central Government Industrial Tribunal. The Company has also submitted a bank guarantee of ₹ 500 million towards this order.

The Company has also received a notice based on inquiry under section 7A for the period May 2014 to March 2016 indicating a claim of ₹ 5,668 Million on (a) employees deputed to non – SSA countries and (b) certain allowances paid to employees. Further based on recent Supreme Court Judgement, the Company has reassessed the components to be included in basic salary for the purpose of contribution towards Provident Fund and based on legal advice believes that there would be no additional liability on the Company.
- Others ₹ 407 Million (March 31, 2018 ₹ 407 Million).
- Claim against the Company for transfer of land in SEZ at Nagpur considered by Maharashtra Airport Development Company Limited (MADC) as 'non-formal transfer' as per its Transfer Policy and claiming the transfer fee of ₹ 152 Million.

38.6 Delay in Conveyance of Immovable Properties

Pursuant to the Scheme of Amalgamation and Arrangement ('the Scheme') sanctioned by the Hon'ble High Courts of Andhra Pradesh and Bombay, Venturbay Consultants Private Limited (Venturbay), CanvasM Technologies Limited (CanvasM) and Mahindra Logisoft Business Solutions Limited (Logisoft), the wholly owned subsidiaries of the Company, and Satyam Computer Services Limited (Satyam) (through Venturbay) and C&S System Technologies Private Limited (C&S) a wholly owned subsidiary of erstwhile Satyam, merged with the Company with effect from April 1, 2011 ('the appointed date'). Pursuant to the Scheme, the title deeds for the immovable properties pertaining to the amalgamating companies are pending conveyance in the name of the Company. The Company has initiated the name change formalities.

39. Provision for claims

The details of provision for claims are as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Opening balance	115	319
Provision made during the year	102	398
Reversals during the year	(25)	(26)
Utilisation during the year	(25)	(576)
Closing balance	167	115

40. Provision for contingencies

The Group carries a general provision for contingencies towards various claims made/anticipated against the Group based on the Management's assessment. The movement in the said provisions is summarized below:

₹ In Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Opening Balance	882	929
Provision made during the year	215	17
Reversals during the year	-	(19)
Utilisation during the year	-	(45)
Closing balance	1,097	882

41 A. Certain matters relating to erstwhile Satyam Computer Services Limited (erstwhile Satyam):

In the letter dated January 7, 2009 Mr. B. Ramalinga Raju, the then Chairman of erstwhile Satyam, stated that the Balance Sheet of erstwhile Satyam as at September 30, 2008 carried inflated cash and bank balances, non-existent accrued interest, an understated liability and an overstated debtors position. Consequently, various regulators/investigating agencies such as the Serious Fraud Investigation Office ('SFIO')/Registrar of Companies ('ROC'), Directorate of Enforcement ('ED'), Central Bureau of Investigation ('CBI') had initiated investigations on various matters and conducted inspections and issued notices calling for information including from certain subsidiaries which have been responded to.

In 2009, SFIO initiated two proceedings against erstwhile Satyam for violations of Companies Act, 1956, which were compounded.

Further, ED issued show-cause notices for certain non-compliances of provisions of the Foreign Exchange Management Act, 1999 ('FEMA') and the Foreign Exchange Management (Realisation, Repatriation and Surrender of Foreign Exchange) Regulations, 2000 by the erstwhile Satyam. These pertained to

- alleged non-repatriation of American Depository Receipts ('ADR') proceeds aggregating to USD 39.2 Million; and
- non-realisation and repatriation of export proceeds to the extent of foreign exchange equivalent to ₹ 506 Million for invoices raised during the period from July 1997 to December 31, 2002.

These have been responded to by the erstwhile Satyam/the Company, the Company has not received any further communication in this regard and with the passage of time, the Company does not expect any further proceedings in this regard.

As per the assessment of the Management, based on the forensic investigation and the information available, all identified/required adjustments/disclosures arising from the identified financial irregularities, were made in the financial statements of erstwhile Satyam as at March 31, 2009.

Considerable time has elapsed after the initiation of investigation by various regulators/agencies and no new information has come to the Management's notice which requires adjustments to the financial statements. Further, as per above, the investigations have been completed and no new claims have been received which need any further evaluation/adjustment/disclosure in the books of account.

B. Proceedings in relation to 'Alleged Advances':

Erstwhile Satyam received letters from 37 companies seeking confirmation by way of acknowledgement of receipt of certain alleged amounts by the erstwhile Satyam (referred to as 'alleged advances'). These letters were followed by legal notices from these companies dated August 4 and August 5, 2009, claiming repayment of the alleged advances aggregating ₹ 12,304 Million stated to be given as temporary advances but without any evidence in support of the nature of these transactions. This was also borne out in the internal forensic investigation. The legal notices also claimed damages/compensation @18% per annum from the date of the advances till the date of repayment. The erstwhile Satyam has not acknowledged any liability to any of the 37 companies and has replied to the legal notices stating that the claims are legally untenable.

The 37 companies have filed petitions/suits for recovery against the erstwhile Satyam before the City Civil Court, Secunderabad (Court), of which one petition has been converted into suit and balance 36 petitions are at various stages of pauperism/suit admission.

The Hon'ble High Court in its Order approving the merger of the erstwhile Satyam with the Company, further held that in the absence of Board resolutions and documents evidencing acceptance of unsecured loans, i.e. alleged advances, by the former Management of the erstwhile Satyam, the new Management of the erstwhile Satyam is justified in not crediting the amounts received in their names and not disclosing them as creditors and in disclosing such amounts as 'Amounts pending investigation suspense account (net)' in the financial statements. The Hon'ble High Court held, inter-alia, that the contention of the 37 companies that Satyam is retaining the money, i.e. the alleged advances, of the 'creditors' and not paying them does not appear to be valid and further held that any right of the objecting creditors can be considered only if the genuineness of the debt is proved beyond doubt which is not so in this case.

The said 37 companies have filed appeals before the Division Bench of the Hon'ble High Court of Andhra Pradesh, against the Orders of the Hon'ble High Court of Andhra Pradesh and the Hon'ble High Court of Bombay sanctioning the scheme of merger of Satyam Computer Services Limited (Satyam) with the Company w.e.f. April 1, 2011, which are yet to be heard. One of the aforesaid companies has also appealed against the Order rejecting the Petition for winding-up of the erstwhile Satyam. These matters have been combined for hearing.

The Directorate of Enforcement (ED) while investigating the matter under the Prevention of Money Laundering Act, 2002 (PMLA) had directed the erstwhile Satyam not to return the alleged advances until further instructions. In furtherance to the investigation, certain fixed deposits of the Company with certain banks, then aggregating to ₹ 8,220 Million were alleged by ED to be 'proceeds of crime' and were provisionally attached vide Order dated October 18, 2012 by the ED (the Order). The Hon'ble High Court of Judicature at Hyderabad quashed the said Provisional attachment Order and directed Banks to release the Fixed deposits to the Company vide its Order dated December 31, 2018. Accordingly, these deposits have been released by the Banks.

Criminal prosecution was initiated by the ED against SCSL, since merged with Tech Mahindra Limited (Company) under Section 3 of The Prevention of Money-Laundering Act, 2002 for alleged money laundering along with 212 accused persons. Upon an application challenging the prosecution against the Company, the Hon'ble High Court of Andhra Pradesh quashed the proceedings by its Order dated December 22, 2014. The appeal preferred by the ED challenging the order of quashing the prosecution before the Division Bench of the Hon'ble High Court was dismissed by an order dated March 30, 2017 and confirmed the order of quashing. A Special Leave Petition was filed by ED before the Hon'ble Supreme Court of India. By an order dated December 8, 2017, the Hon'ble Supreme Court dismissed the SLP filed by the ED and affirmed the order of the Single Judge quashing the prosecution against the Company.

In view of the aforesaid developments and based on an independent external legal opinion, the Management believes that the claim by the 37 companies for repayment of the alleged advances,

including interest thereon is not legally tenable. Consequently, pending the final outcome of the proceedings, as a matter of prudence, the Company has accounted and disclosed the amount of ₹ 12,304 Million as 'Suspense Account (net)'.

42 Claims by certain Shareholders of erstwhile Satyam

In terms of the Settlement of claims made by Aberdeen Asset Management PLC., UK and Aberdeen Claims Administration Inc., USA, (together referred to as 'Aberdeen') the erstwhile Satyam had deposited a total amount of USD 80.16 Million towards the Settlement Amount and interest in an Escrow Account during the financial year ended March 31, 2013.

In the meanwhile, Commissioner of Income Tax Mumbai has filed two writ petitions before the Hon'ble High Court of Bombay, seeking to set aside the orders of Authority for Advance Ruling dated February 15, 2016, which ruled that no withholding tax is applicable for remittance of Settlement Amount. The above writ petitions have been disposed off by the Prothonotary authority of non-removal of office objections.

Considering the disposal of writs filed by the Commissioner of Income Tax Mumbai and no subsequent action being taken by the Income tax department to restore such writs / file fresh writ petitions before the Hon'ble High Court of Bombay. The Company is in discussions with Aberdeen trusts to obtain letters of indemnity from the claimants, indemnifying the Company in regard to future actions by Indian Income tax department. Post receipt of such letters, the Company seeks to remit the Settlement amounts to Aberdeen trusts.

43 Details of the investment property and its fair value

The Group has obtained the fair valuation of its investment property as at March 31, 2019 from a Government registered independent valuer who holds recognised and relevant professional qualification and has experience in the location and category of the investment property being valued.

The fair values of investment properties are given below:

Description	₹ in Million	
	As at	
	March 31, 2019*	March 31, 2018*
Land	1,211	1,116
Building	1,144	1,179
Plant & Machinery	535	603
Furniture & Fixtures	92	106
Office Equipment	2	3
Total	2,985	3007

*Includes effect of foreign currency rate fluctuation.

44 Dispute with Venture Global Engineering LLC

Pursuant to a Joint Venture Agreement in 1999, the erstwhile Satyam and Venture Global Engineering LLC ('VGE') incorporated Satyam Venture Engineering Services Private Limited ('SVES') in India with an objective to provide engineering services to the automotive industry.

On March 20, 2003, numerous corporate affiliates of VGE filed for bankruptcy and consequently the erstwhile Satyam, exercised its option under the Shareholders Agreement (the 'SHA'), to purchase VGE's shares in SVES. The erstwhile Satyam's action, disputed by VGE, was upheld in arbitration by the London Court of International Arbitration vide its award in April 2006 (the 'Award').

The Courts in Michigan, USA, confirmed and directed enforcement of the Award. They also rejected VGE's challenge of the Award. In 2008, the District Court of Michigan further held VGE in contempt for its failure to honour the Award and inter-alia directed VGE to dismiss the nominees of VGE on its Board and replace them with individuals nominated by the erstwhile Satyam. This Order was also confirmed by the Sixth Circuit Court of Appeals in 2009. Consequently, erstwhile Satyam's nominees were appointed on the Board of SVES and SVES confirmed their appointment at its Board meeting held on June 26, 2008. The erstwhile Satyam was legally advised that SVES became its subsidiary with effect from that date.

In the meantime, while proceedings were pending in the USA, VGE filed a suit in April 2006, before the District Court of Secunderabad in India for setting aside the Award. The City Civil Court, vide its judgment in January 2012, has set aside the Award, against which the erstwhile Satyam preferred an appeal (Company Appeal) before the Hon'ble High Court.

VGE also filed a suit before the City Civil Court, Secunderabad inter alia seeking a direction to the Company to pay sales commission that it was entitled to under the Shareholders Agreement. In the said suit, two ex-parte Orders were issued directing the Company and Satyam to maintain status quo with regard to transfer of 50% shares of VGE and with regard to taking major decisions which are prejudicial to the interests of VGE. The said suit filed by VGE is still pending before the Civil Court. The Company has challenged the ex-parte Orders of the City Civil Court Secunderabad, before the Hon'ble High Court (SVES Appeal).

The Hon'ble High Court of Andhra Pradesh consolidated all the Company appeals and by a common Order dated August 23, 2013 set aside the Order of the City Civil Court, Hyderabad setting aside the award and also the ex-parte Orders of the City Civil Court, Secunderabad. The Hon'ble High Court as an interim measure ordered status quo with regard to transfer of shares. VGE has filed special leave petition against the said Order before Supreme Court of India, which is currently pending. The Supreme Court by an interim Order dated October 21, 2013 extended the Hon'ble High Court Order of status-quo on the transfer of shares. The Company has also filed a Special Leave Petition ('SLP') before the Supreme Court of India challenging the judgment of the Hon'ble High Court only on the limited issue as to whether the Civil Court has jurisdiction to entertain VGE's challenge to the Award. The said Petitions are pending before the Supreme Court. The Hon'ble Bench of Supreme Court, in view of the difference of opinion by an order dated November 1, 2017 has directed the registry to place the SLP's before the Chief Justice of India for appropriate further course of action.

In a related development, in December 2010, VGE and the sole shareholder of VGE (the Trust, and together with VGE, the Plaintiffs), filed a complaint against the erstwhile Satyam in the United States District Court for the Eastern District of Michigan (District Court) inter alia asserting claims under the Racketeer Influenced and Corrupt Organization Act, 1962 (RICO), fraudulent concealment and seeking monetary and exemplary damages (the Complaint). The District Court vide its order in March 2012 has dismissed the Plaintiffs Complaint. The District Court also rejected VGE's petition to amend the complaint. In June 2013, VGE's appeal against the order of the District Court has been allowed by the US Court of Appeals for the Sixth Circuit. The matter is currently before the District Court and the Company has filed a petition before District Court seeking dismissal of the Plaintiff's Complaint. The said petition is pending before the District Court. On March 31, 2015, the US District Court stayed the matter pending hearing and decision by the Indian Supreme Court in the Special Leave Petitions filed by VGE and the Company.

45 Satyam Venture Engineering Services Private Limited (SVES)

45.1 Accounting for sales commission

During the financial year 2011-2012, the Board of SVES reassessed the need to accrue sales commission considering that no services were rendered by Venture Global LLC during the period from FY 2005-2006 to FY 2011-2012. Accordingly, the Board of SVES decided to write back sales commission amounting to ₹ 359 Million pertaining to the years from FY 2005-2006 to FY 2010-2011 and to not accrue for sales commission for FY 2011-2012 amounting to ₹ 170 Million. However, pending the final disposal of legal proceedings in relation to disputes between Tech Mahindra Ltd and Venture Global LLC, the Board decided to account for a contingency provision for the sales commission amounting to ₹ 529 Million covering the period from FY 2005-2006 to FY 2011-2012. Considering the Order of the Honorable High Court of Andhra Pradesh dated August 23, 2013 directing all parties to maintain status quo, the Board based on a legal opinion decided not to reverse the contingency provision made in FY 2011-2012. Further, since the matter is subjudice, sales commission for subsequent periods has been disclosed as a contingent liability amounting to ₹ 1,784 Million as on March 31, 2019 (March 31, 2018: ₹ 1,446 Million).

45.2 Adoption of financial statements

At the Annual General Meetings of the SVES held on October 29, 2012, September 10, 2013, September 22, 2014, September 07, 2015, July 29, 2016, July 19, 2017 and July 23, 2018 one of the shareholders abstained from voting on the resolution for adoption of audited financial statements as at and for the year ended March 31, 2012, March 31, 2013, March 31, 2014, March 31, 2015, March 31, 2016, March 31, 2017 and March 31, 2018 respectively. In terms of Article 66 of the Articles of Association of SVES, the

adoption of audited financial statements requires unanimous consent of both the shareholders of SVES. Therefore, the said financials have not been approved by the shareholders.

The financial statements as at and for the year ended March 31, 2019 have been drawn up incorporating the opening balances based on above said financial statements which have not been adopted by the Shareholders. Adjustments required, if any, will be made in accounts as and when determined.

46 Foreign currency receivables:

In respect of overdue foreign currency receivables for the period's upto March 31, 2009 pertaining to erstwhile Satyam, the Company is taking steps under the provisions of FEMA, for recovery and/or permissions for write-offs as appropriate. The Management has fully provided for these receivables.

47 Goodwill

Following is the summary of changes in carrying amount of goodwill:

₹ in Million

Particulars	Year ended	
	March 31, 2019	March 31, 2018
Balance at the beginning of the year	27,727	26,279
On addition/ acquisition during the year (refer note 36.A)	86	4,715
Effect of foreign currency exchange differences (net) and other adjustments	350	(3,267)
Balance at the end of the year	28,163	27,727

Allocation of goodwill by segments as of March 31, 2019 and March 31, 2018 is as follows:

Amount in ₹ Million

Particulars	As at	
	March 31, 2019	March 31, 2018
IT	24,418	23,982
BPO	3,745	3,745
Total	28,163	27,727

Allocation of goodwill to cash-generating units:

Goodwill has been allocated for impairment testing purposes to the underlying cash generating unit ('CGU') identified based on business units/geographies. The goodwill impairment test is performed at the level of the CGU or groups of cash-generating units which are benefiting from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Value-in-use is the present value of future cash flows over a period of 3-5 years expected to be derived from the CGU.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments. The key assumptions used for the calculations are as follows:

Assumption	As at	
	March 2019	31 March 2018
Terminal growth rate	2-3%	2-3%
Pre-tax discount rate	18-25%	18-25%

The management believe that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the carrying amount to exceed the recoverable amount of the respective cash generating unit.

48 Details of employee benefits as required by IND AS-19 - Employee Benefits are as under:**a) Defined Contribution Plans**

Amount recognized as an expense in the Statement of Profit and Loss for the year ended March 31, 2019 in respect of defined contribution plan is ₹ 2,990 Million (year ended March 31, 2018: ₹ 2,980 Million).

b) Defined Benefit Plan

The movement of present value of defined obligation is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Defined benefit obligation at the beginning of the year	3488	3,391
Less – Transfer on account of sale of subsidiary	-	(31)
Current Service cost	643	719
Past Service Cost	-	66
Interest cost	229	209
Actuarial (gain)/loss – experience	3	(113)
Actuarial (gain)/loss – financial assumptions	45	(46)
Benefits paid	(482)	(707)
Projected benefit obligation at the end of the year	3,926	3,488

The composition of Funded Balance as at March 31, 2019 and March 31, 2018 is as follows:

₹ in Million

Change in Fair Value of Plan Assets *	As at	
	March 31, 2019	March 31, 2018
Fair value of plan assets at the beginning of the year	163	152
Interest income on Plan Assets	7	12
Actuarial (gain)/loss on plan assets	5	(1)
Fair value of plan assets at the end of the year	175	163

*The plan assets are primarily invested in insured managed fund and approved securities.

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Defined benefit obligation	3,926	3,488
Fair Value of Plan Assets	(175)	(163)
Net defined benefit obligation disclosed as:	3,752	3,325
- Current provisions	409	348
- Non current provisions	3,342	2,977

Expense recognized in the Statement of Profit and Loss

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Service cost	643	719
Past Service Cost	-	66
Interest cost	229	209
Interest Income on Plan Assets	(12)	(14)
Expense recognized in the Statement of Profit and Loss	860	980

₹ in Million

Actuarial (Gain)/Loss recognized in OCI	As at	
	March 31, 2019	March 31, 2018
Actuarial (Gain)/Loss arising during the year	47	(162)
Actuarial (loss)/gain on plan assets	(5)	(0)
Net gain/(loss) recognised in Other Comprehensive Income	42	(162)

Principal Actuarial Assumptions (Non Funded)	March 31, 2019	March 31, 2018
Discount Rate	5.00% to 8.00%	5.00% to 8.00%
Expected rate of increase in compensation	2.00% to 12.00%	2.00% to 12.00%
Mortality rate	Indian assured lives Mortality (2006-08) Modified Ult.	Indian assured lives Mortality (2006-08) Modified Ult.
Withdrawal Rate	10.00% to 50.00%	10.00% to 50.00%

Principal Actuarial Assumptions (Funded)	March 31, 2019	March 31, 2018
Discount Rate	7.10%	7.00%
Expected rate of increase in compensation	7.00%	7.00%
Withdrawal Rate	16.00%	17.00%

The rate used to discount defined benefit obligations (both funded and unfunded) is determined by reference to market yields at the end of the reporting period on government bonds. However, for subsidiaries domicile outside India, discount rate on defined benefit obligation plan are with reference to market yield at the end of reporting period on high quality corporate bonds.

The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Disclosure related to indication of effect of the defined benefit plan on the entity's future cash flows

₹ in Million

Payout in the next	March 31, 2019	March 31, 2018
1 year	604	524
1-2 years	569	542
2-3 years	629	568
3-4 years	671	637
4-5 years	744	684
5 and beyond	3,446	3,207

Sensitivity analysis: A quantitative sensitivity analysis for significant assumption as at March 31, 2019 and March 31 2018 is as shown below:

Effect on DBO on account of 0.5 % change in the assumed rates:						
Year	Discount Rate		Salary Escalation Rate		Withdrawal Rate	
	0.5% Increase	0.5% Decrease	0.5% Increase	0.5% Decrease	5% Increase	5% Decrease
March 31, 2019	(105)	111	109	(104)	(27)	8
March 31, 2018	(94)	100	101	(96)	(21)	(19)

The sensitivity results above determine their individual impact on Defined Benefit Obligation. In reality, the Plan is subject to multiple external experience items which may move the defined Benefit Obligation in similar or opposite directions, while the Plan's sensitivity to such changes can vary over time.

49 Auditors Remuneration (exclusive of service tax/GST):

₹ in Million

Particulars	As at	
	March 31, 2019	*March 31, 2018
Audit fees (including quarterly audits)	46	39
For other services (certifications, etc)	16	16
For taxation matters	7	10
For reimbursement of expenses	2	1
Total	71	66

*Includes an amount ₹ 13 Million paid to the erstwhile auditors

50 Leases

- i. Group has taken premises and vehicles on operating lease. The expense on such lease rentals recognized in the Statement of Profit and Loss for the year ended March 31, 2019 is ₹ 4,079 Million including ₹ 294 Million car lease expenses classified as employee benefit expenses (year ended March 31, 2018: ₹ 3,789 Million including ₹ 227 Million car lease expenses classified as employee benefit expenses). The future lease payments of non-cancellable operating leases are as follows:

₹ in Million

Particulars	Not later than 1 year	Later than 1 year not later than 5 years	Later than 5 years
Minimum Lease rentals payable (March 31, 2018: ₹ 1,451 Million, ₹ 2,837 Million and ₹ 672 Million respectively)	2,490	4,347	1,134

- ii. Group has taken computers, software, plant & equipment and vehicles on finance lease. The future lease rent payable on such finance leases is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Minimum lease payments		
- Less than one year	326	1,415
- One to five years	264	1,748
Total	580	3,163
Present value of minimum lease payments		
- Less than one year	299	1,331
- One to five years	242	1,707
Total	541	3,038

- iii. Group has given premises, plant and equipment on operating lease. The rental income recognized in the Statement of Profit and Loss for the year ended March 31, 2019 is ₹ 292 Million (year ended March 31, 2018: ₹ 269 Million). The future lease rental receivable non-cancellable operating leases are as follows:

₹ in Million

Particulars	Not later than 1 year	Later than 1 year not later than 5 years	Later than 5 years
Minimum Lease rentals receivable (March 31, 2018: ₹ 346 Million, ₹ 818 Million and ₹ 2,296 Million respectively)	248	594	2,041

- iv. Group has given computer equipment on finance lease. The future lease rentals receivable are as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Minimum lease receivables		
- Less than one year	367	291
- One to five years	203	292
Total	570	583
Present value of minimum lease receivables		
- Less than one year	346	257
- One to five years	180	259
Total	526	516

51 Disclosures for Revenue from Contracts with Customers

i. Disaggregation of revenue

Revenue disaggregation by industry verticals is as follows:

₹ in million

Industry vertical	As at	
	March 31, 2019	March 31, 2018
Telecommunication	143,248	133,335
Manufacturing	70,278	59,001
Media and Entertainment	25,166	19,828
Banking and Finance	46,398	42,041
Retail, Transport and Logistics	22,357	21,007
Others	39,974	32,515
Total	347,421	307,729

Revenue disaggregation by reportable segments and by geography has been included in segment information (refer note 57).

ii. Remaining performance obligations

The remaining performance obligations disclosure provides the aggregate amount of the transaction price yet to be recognised as of the end of the reporting period and an explanation as to when the Group expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation for contracts where the entity has a right to consideration from a customer in an amount that corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in scope of contracts, periodic revalidations, adjustments for revenue that has not materialized and adjustments for currency.

The aggregate value of performance obligations that are completely or partially unsatisfied as of March 31, 2019, other than those meeting the exclusion criteria mentioned above, is ₹ 197,324 Million. Out of this, the Group expects to recognise revenue of around 60% within the next one year and the remaining thereafter. This includes contracts that can be terminated for convenience without a substantive penalty since, based on current assessments the occurrence of the same is expected to be remote.

iii. Contract assets and liabilities

Changes in the contract assets balances during the year ended March 31, 2019 are as follows:

₹ in Million	
Particulars	March 31, 2019
Contract assets:	
Balances as of April 1, 2018	4,507
Add: Revenue recognised during the year	29,165
Less: Invoiced during the year	(27,369)
Balances as of March 31, 2019 (refer note 18)	6,303

Contract assets as on March 31, 2018 are included as a part of unbilled revenue.

Changes in the unearned revenue balances during the year ended March 31, 2019 are as follows:

₹ in Million	
Particulars	March 31, 2019
Unearned Revenue:	
Balances as of April 1, 2018	2,752
Less: Revenue recognised that was included in the unearned revenue at the beginning of the year	(2,132)
Add: Invoiced during year (excluding revenue recognized during the year)	1,873
Balances as of March 31, 2019 (refer note 24 and 27)	2,493

iv. Contract Price

Reconciliation of revenue recognised in the statement of profit and loss with the contracted price: The company has recognized revenue of ₹ 347,421 Million which is mainly adjusted by volume discounts of ₹ 7,142 Million for the year ended March 31, 2019

52 Financial Instruments and Risk Review

Financial Risk Management Framework

The Group's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions.

Financial Instruments by category

The carrying value and fair value of financial instruments by categories as of March 31, 2019 is as follows:

₹ in Million						
Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortised cost	Total carrying value	Total fair value*
Assets:						
Cash and cash equivalents	-	-	-	20,427	20,427	20,427
Other balances with banks	-	-	-	3,160	3,160	3,160
Trade receivables	-	-	-	69,649	69,649	69,649
Investments (Other than associates)	61,917	21	-	11,120	73,058	73,058
Loans	-	-	-	43	43	43
Other financial assets	-	-	4,835	29,014	33,849	33,849
Total	61,917	21	4,835	133,413	200,186	200,186
Liabilities:						
Trade and other payables	-	-	-	24,893	24,893	24,893
Borrowings	-	-	-	19,955	19,955	19,955
Other financial liabilities	2,354	-	632	28,841	31,827	31,827
Total	2,354	-	632	73,689	76,675	76,675

The carrying value and fair value of financial instruments by categories as of March 31, 2018 is as follows:

₹ in Million

Particulars	Fair value through P&L	Fair value through OCI	Derivative instruments in hedging relationship	Amortised cost	Total carrying value	Total fair value*
Assets:						
Cash and cash equivalents	-	-	-	19,661	19,661	19,661
Other balances with banks	-	-	-	10,782	10,782	10,782
Trade receivables	-	-	-	65,117	65,117	65,117
Investments (Other than associates)	41,773	122	-	5,503	47,398	47,398
Loans	-	-	-	52	52	52
Other financial assets	-	-	3,868	28,121	31,989	31,989
Total	41,773	122	3,868	129,236	174,999	174,999
Liabilities:						
Trade and other payables	-	-	-	20,368	20,368	20,368
Borrowings	-	-	-	23,965	23,965	23,965
Other financial liabilities	3,189	-	2,017	13,881	19,087	19,087
Total	3,189	-	2,017	58,214	63,420	63,420

*The fair value of cash and cash equivalents, other balances with bank, trade receivables, unbilled receivables, loans, trade payables, borrowing and certain other financial assets and liabilities approximate their carrying amount largely due to the short term nature of these instruments.

Fair Value Hierarchy

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

The different levels have been defined as follows:

Level-1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level-2 – Inputs other than quoted prices included within level-1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level-3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

₹ in Million

Particulars	As at March 31, 2019			
	Level 1	Level 2	Level 3	Total

Credit Risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risk. Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

Financial instruments that are subject to concentration of credit risk principally consist of trade receivables, investments, loans, cash and cash equivalents, other balances with banks and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in liquid mutual fund units, quoted bonds issued by government and quasi government organizations and non-convertible debentures issued by institutions with high credit ratings.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was ₹ 200,186 and ₹ 176,009 Million as of March 31, 2019 and March 31, 2018 respectively, being the total of the carrying amount of trade receivables, investments, cash and cash equivalents, other balance with banks, loans and other financial assets.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company would have to pay if the guarantee is called on. (refer note 38.3.1 above).

Trade receivables

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The Company's exposure to customers is diversified and no single customer contributes to more than 10% of outstanding accounts receivable and unbilled revenue as of March 31, 2019 and March 31, 2018. The concentration of credit risk is limited due to the fact that the customer base is large.

The expected credit loss allowance is based on the ageing of receivables and the rates in the provision matrix. Movement in the expected credit loss allowance is as follows:

₹ In Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Balance at the beginning of the year	7,554	7,008
Movement in the expected credit loss allowance on trade receivables and other financial assets:		
Provided during the year	4,688	2,917
Reversed/utilised during the year	(2,939)	(2,498)
Translation Adjustment	137	127
Balance at the end of the year	9,440	7,554

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange currency risk.

a) Foreign Currency exchange rate risk

The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss and other comprehensive income and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the respective entities. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar, Euro, Great Britain Pound, Australian Dollar and Canadian Dollar against the respective functional currency of the Company. The Company, as per its risk management policy, uses derivative instruments primarily to hedge foreign exchange currency risk.

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. It hedges a part of these risks by using derivative financial instruments in line with its risk management policies.

The foreign exchange rate sensitivity is calculated by aggregation of the net foreign exchange rate exposure and a simultaneous parallel foreign exchange rates shift of all the currencies by 1% against the respective functional currency of the Company.

Further the exposure as indicated below is mitigated by some of the derivative contracts entered into by the Company as disclosed in note below.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the year are as follows:

₹ in Million

Particulars	Currency	March 31, 2019	March 31, 2018
Financial Assets	USD	42,914	45,885
	EUR	7,896	8,515
	GBP	5,122	7,756
	AUD	5,066	4,309
	CAD	2,411	2,394
	Others	35,496	14,933
Total		98,905	83,792
Financial Liabilities	USD	20,607	20,901
	EUR	3,077	2,505
	GBP	1,075	1,442
	AUD	600	1,072
	CAD	517	676
	Others	20,618	4,922
Total		46,494	31,518

A reasonably possible strengthening by 1% of USD, GBP, EUR, AUD and CAD against the Indian Rupee as at March 31, 2019 and 31 March 2018 will affect the statement of profit and loss by the amounts shown below:

₹ in Million

Currency	March 31, 2019	March 31, 2018
USD	223	250
EUR	48	60
GBP	40	63
AUD	45	32
CAD	19	17

b) Foreign Exchange Contracts and Options

The Group is exposed primarily to fluctuations in foreign currency exchange rates, credit risk and liquidity risk which may impact the fair value of its financial instruments. The Group assesses the unpredictability of the financial environment and seeks to mitigate potential effects on the financial performance of the Group.

The Group enters into foreign Exchange Forward Contracts and Currency Option Contracts to offset the foreign currency risk arising from the amounts denominated in currencies other than the Indian Rupee. The counter party to the Group's foreign currency Forward Contracts and Currency Option Contracts is generally a bank. These contracts are entered into to hedge the foreign currency risks of certain forecasted transactions. These contracts are for a period between 1 day and 3 years.

The following are the principal amounts of outstanding foreign currency exchange forward contracts entered into by the Group which have been designated as Cash Flow Hedges:

Type of cover	Amount outstanding in Foreign currency (in FC Million)	Fair Value Gain / (Loss) (₹ in Million)
Forwards	GBP to USD 230 (March 31, 2018: 192)	483 (March 31, 2018: (1,158))
	EUR to USD 266 (March 31, 2018: 170)	971 (March 31, 2018: (826))
	AUD to USD 35 (March 31, 2018: 34)	48 (March 31, 2018: 14)
	USD to CAD 35 (March 31, 2018: 41)	24 (March 31, 2018: 15)
	USD to INR 1507 (March 31, 2018: 1,121)	2,389 (March 31, 2018: 4,004)
	AUD to INR 22 (March 31, 2018: 3)	57 (March 31, 2018: 2)
	EUR to INR 5 (March 31, 2018: 5)	17 (March 31, 2018: (8))
	GBP to INR 10 (March 31, 2018: 8)	18 (March 31, 2018: (7))
Options	GBP to USD 3 (March 31, 2018: 36)	4 (March 31, 2018: (202))
	EUR to USD 22 (March 31, 2018: 69)	180 (March 31, 2018: (145))
	USD to INR 101 (March 31, 2018: 96)	(76) (March 31, 2018: 7)

The movement in hedging reserve for derivatives designated as Cash Flow Hedges is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
(a) Balance at the beginning of the year	974	7,428
(b) Changes in the fair value of effective portion of derivatives – Gain/(Loss)	2,881	(697)
(c) Net (Gain)/Loss reclassified to statement of profit and loss on occurrence of hedged forecasted transactions	(374)	(5,757)
(d) Gain/(Loss) on cash flow hedging derivatives, net (b+c)	2,507	(6,454)
(e) Balance as at the end of the year (a+d)	3,481	974
(f) Tax Impact on effective portion of outstanding derivatives	(952)	(177)
(g) Balance as at the end of the year, net of deferred tax (e+f)	2,529	797

c) Details of Interest Rate Swap Contracts

Details of Interest Rate Swap Contracts outstanding at the end of year:

₹ in Million

Particulars	Average Contracted Fixed Interest Rate		Notional Principal Value		Fair Value assets (liabilities)	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
	%	%	₹	₹	₹	₹
Cash Flow Hedges						
<i>Outstanding receive floating pay fixed contracts</i>						
Less than 1 year	1.224% to 2.373%	1.224% to 3.281%	6,362	4,562	51	47
1 to 2 years	1.224% to 2.373%	1.224% to 1.804%	4,979	3,910	20	53
2 to 5 years	-	1.224%	-	2,607	-	29
5 years +	-	-	-	-	-	-

Interest Rate Sensitivity Analysis

If interest rates had been 0.25 basis points higher/lower and all other variables were held constant, the Group's profit for the year ended March 31, 2019 would decrease/increase by ₹ 14 Million (March 31, 2018: decrease/increase by ₹ 9 Million). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

Liquidity Risk

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2019:

₹ in Million

Particulars	Less than 1 year	1-3 years	More than 3 years	Total
Non Derivative Financial Liabilities				
Finance lease obligation	299	214	28	541
Other borrowings	17,570	1,844	-	19,414
Trade Payables	24,893	-	-	24,893
Other financial liabilities	28,287	2,908	-	31,195
Total	71,049	4,966	28	76,043
Derivative Financial Liabilities	531	101	-	632
Total	71,580	5,067	28	76,675

The table below provides details regarding the contractual maturities of significant financial liabilities as of March 31, 2018:

₹ in Million

Particulars	Less than 1 year	1-3 years	More than 3 years	Total
Non Derivative Financial Liabilities				
Finance lease obligation	1,331	1,562	145	3,038
Other borrowings	14,924	6,004	-	20,928
Trade Payables	20,368	-	-	20,368
Other financial liabilities	11,994	5,075	-	17,069
Total	48,617	12,641	145	61,403
Derivative Financial Liabilities	1,363	654	-	2,017
Total	49,980	13,295	145	63,420

53 Current Tax and Deferred Tax

The income tax expense for the year ended can be reconciled to the accounting profit as follows:

₹ in Million

Particulars	Year ended	
	March 31, 2019	March 31, 2018
Profit before income taxes	55,432	48,788
Enacted tax rates in India	34.944%	34.608%
Income tax expense calculated at enacted tax rate	19,370	16,885
Effect of income that is exempt from tax	(6,774)	(5,390)
Impact of tax exemption which may not be fully utilized	1,851	-
Effect of expenses disallowed for tax purpose	1,169	1,806
Effect of tax on income at different rates	680	642
Effect of income taxes related to prior years	(3,032)	(2,573)
Others	(720)	(444)
Income tax expense recognised in profit or loss	12,544	10,926

The tax rate used for the above reconciliation is the rate as applicable for the respective period payable by corporate entities in India on taxable profits under the Indian income tax laws.

Deferred Tax:

The breakup of Deferred Tax Assets presented in the Balance Sheet is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Employee Benefits	1,953	1,841
Property, Plant and Equipment	1,450	1,105
Provisions	1,592	1,315
Changes in fair value of derivatives designated as hedges	(1,110)	(372)
Other Items*	2,206	1,877
Total	6,091	5,766

*Other items also includes deferred tax on brought forward losses.

The breakup of Deferred Tax Liability presented in the Balance Sheet is as follows:

₹ in Million

Particulars	As at	
	March 31, 2019	March 31, 2018
Other Items	(11)	(58)
Total	(11)	(58)

The tax effect of significant temporary differences that has resulted in deferred tax assets for the year ended March 31, 2019 are given below:

55 Employee Stock Option Scheme

i. ESOP 2000 & ESOP 2010:

The Company has instituted 'Employee Stock Option Plan 2000' (ESOP 2000) and 'Employee Stock Option Plan 2010' (ESOP 2010) for eligible employees and Directors of the Company and its subsidiaries. The vesting pattern of the schemes has been provided below. The options can be exercised over a period of 5 years from the date of the grant. Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company at the time of grant for ESOP 2000 and exercise price as determined by the Nomination and remuneration Committee for ESOP 2010.

ii. ESOP 2006 & ESOP 2014:

The Company has instituted 'Employee Stock Option Plan 2006' (ESOP 2006) and 'Employee Stock Option Plan 2014' (ESOP 2014) for eligible employees and Directors of the Company and its subsidiaries. In terms of the said plan, the Nomination and Remuneration Committee has granted options to the employees of the Company and its subsidiaries. The maximum exercise period is 7 years from the date of grant for ESOP 2006 and options can be exercised over a period of 5 years from the date of each vesting for ESOP 2014.

The vesting period of the above mentioned 4 ESOP Schemes, namely ESOP 2000, ESOP 2006, ESOP 2010 and ESOP 2014 are as follows:

Vesting percentage of options			
Service period from date of grant	ESOP 2000 and ESOP 2010	ESOP 2006	ESOP 2014
12 months	33.33%	10 %	15 %
24 months	33.33%	15 %	20 %
36 months	33.33%	20 %	30 %
48 months	-	25 %	35 %
60 months	-	30 %	-

iii. TML ESOP – B 2013:

Erstwhile Satyam has established a scheme 'Associate Stock Option Plan – B' (ASOP - B) under which 28,925,610 options were available for grant/exercise at the time the Scheme of Amalgamation became effective. Post-merger, these options were adjusted in terms of the approved Scheme of Amalgamation. Each option entitles the holder one equity share of the Company. These options vest over a period of 1 to 4 years from the date of the grant. Upon vesting, employees have 5 years to exercise the options. Post-merger, the name of the ESOP scheme has been changed to 'TML ESOP B 2013'.

iv. TML- RSU:

The erstwhile Satyam has established a scheme 'Associate Stock Option Plan - Restricted Stock Units (ASOP – RSUs)' to be administered by the Administrator of the ASOP – RSUs, a committee appointed by the Board of Directors of the erstwhile Satyam in May 2000. Under the scheme, 1,529,412 equity shares (equivalent number of equity shares post-merger) are reserved to be issued to eligible associates at a price to be determined by the Administrator which shall not be less than the face value of the share. These RSUs vest over a period of 1 to 4 years from the date of the grant. The maximum time available to exercise the options upon vesting is five years from the date of each vesting. Post-merger, the name of the ESOP scheme has been changed to TML RSU.

v. ESOP – A:

Erstwhile Satyam had established an ESOP scheme viz., 'Associate Stock Option Plan – A' (ASOP - A) formulated prior to the SEBI Guidelines on ESOP and ESPS issued in 1999. This plan was administered through a Trust viz., Satyam Associates Trust (Satyam Trust). At the time the Scheme of Amalgamation and Arrangement became effective, the Satyam Trust was holding 2,055,320 shares of erstwhile Satyam, which post amalgamation were converted into 241,802 shares of the Company at the approved share exchange ratio and this scheme has been transitioned and renamed as ESOP-A. Satyam Trust grants warrants to the employees of the Company with an exercise price and terms of vesting advised by the Nomination and Remuneration Committee of the Company. Each warrant shall entitle the warrant holder to one equity share. The exercise period is 180 days from the date of each vesting.

vi. Employee Stock Option Scheme – ESOS:

Erstwhile MESL has established Employee Stock Option Scheme (ESOS) - ESOS for which 1,400,000 equity shares were earmarked. ESOS Scheme is administered through a Trust viz., MES Employees Stock Option Trust. The options under this Scheme vest over a period of 1 to 3 years from the date of the grant. Upon vesting, employees have 7 years to exercise the options. As on the effective date of amalgamation, 18,084 options were outstanding under ESOS, which were converted into equivalent 30,144 options of the Company giving effect to approved share exchange ratio, split and bonus.

vii. Details of options granted during the year ended March 31, 2019:

ESOP Scheme	Method of Settlement	Number of options granted during the year ended March 31, 2019	Grant date	Weighted average fair value
ESOP 2014	Equity settled Plans	968,000	May 25, 2018	671.01
ESOP 2014	Equity settled Plans	15,000	May 25, 2018	287.24
ESOP 2014	Equity settled Plans	210,000	July 30, 2018	608.20
ESOP 2014	Equity settled Plans	479,000	October 30, 2018	600.06
ESOP 2014	Equity settled Plans	10,000	October 30, 2018	245.32
ESOP 2014	Equity settled Plans	753,000	February 4, 2019	692.89
ESOP 2014	Equity settled Plans	8,000	February 4, 2019	286.19

viii. Details of activity of the ESOP schemes

*Weighted average remaining life for options exercised pending allotment as at year end has been disclosed as '0'.

- xi. The employee stock compensation cost for the Employee Stock Option Plan 2010, Employee Stock Option Plan 2000, Employee Stock Option Plan- B 2013, ESOP-A, ESOP 2014 and TML-RSU schemes has been computed by reference to the fair value of share options granted and amortized over each vesting period. For the period ended March 31, 2019, the Company has accounted for employee stock compensation cost (equity settled) amounting to ₹ 1,263 Million (March 31, 2018: ₹ 887 Million). This amount is net of cost of options granted to employees of subsidiaries.
- xii. The fair value of each option is estimated on the date of grant using Black-Scholes-Merton model with the following assumptions:

Assumptions	For the year ended March 31, 2019	For the year ended March 31, 2018	
	ESOP 2014	ESOP 2014	ESOP A
Particulars			
Weighted average share price	653	381-599	430
Exercise Price	5-635	5-362	5
Expected Volatility (%)	27-30	27-29	29
Expected Life (in years)	2-6	2-6	3
Expected Dividend (%)	1-2	1.2	1.2
Risk Free Interest Rate (%)	7-8	6-7	6.2

xiii. **Pininfarina S.p.A. Stock Option Plan (SOP) 2016 - 2023:**

Pininfarina S.p.A. has instituted 'Stock Option Plan 2016-2023' for employees of Pininfarina S.p.A. The options can be exercised over a period of 7 years from the date of grant (November 21, 2016) each option carries with it the right to purchase one equity share of Pininfarina S.p.A. at the exercise price determined by Pininfarina S.p.A.

The vesting period of the SOP Pininfarina S.p.A. 2016 – 2023 is as follows:

Vesting percentage of options	
Service period from date of grant	SOP 2016 and SOP 2023
12 months	33.33%
24 months	33.33%
36 months	33.33%

Pininfarina S.p.A has instituted 'Stock Option Plan 2016-2023' for which 2,225,925 equity shares were earmarked.

- xiv. The fair value of SOP Pininfarnia S.p.A 2016 – 2023 option is estimated on the date of grant based on the following assumptions (on weighted average basis):

Particulars	For the year ended	
	*March 31, 2019	March 31, 2018
Weighted average share price	-	Euro 0.9959
Exercise price	-	Euro 1.1
Expected Volatility (%)	-	80
Expected life	-	3.3 Years
Expected dividend (%)	-	0
Risk free interest rate (%)	-	(0.41)

*There are no grants in FY 2018-19

The Black and Scholes valuation model has been used for computing the weighted average fair value.

56 Earnings Per Share is calculated as follows:

₹ in Million except earnings per share

Particulars	For the year ended	
	March 31, 2019	March 31, 2018
Net Profit attributable to shareholders after taxation	42,976	37,998
Equity Shares outstanding as at the end of the year (in nos.) #	889,307,673	883,318,628
Weighted average Equity Shares outstanding as at the end of the year (in nos.) #	886,568,498	883,261,979
Add: Dilutive impact of employee stock options	8,473,480	7,365,157
Add: Dilutive impact for Buy Back (refer note 19(vi))	5,542,563	-
Number of Equity Shares used as denominator for calculating Diluted Earnings Per Share	900,584,541	890,627,136
Nominal Value per Equity Share (in ₹)	5.00	5.00
- Earnings Per Share (Basic) (in ₹)	48.47	43.02
- Earnings Per Share (Diluted) (in ₹)	47.72	42.66

includes adjustment for vested options exercisable for little or no consideration

57 Ind AS 108 establishes standards for the way that companies report information about their operating segments and related disclosures, as applicable about products and services, geographic areas, and major customers.

Based on the “management approach” as defined in Ind AS 108, the management evaluates the Group’s performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments. Accordingly, information has been presented both along business segments and geographic segments.

The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the significant accounting policies. Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment. Certain expenses such as depreciation and finance cost, which form a significant component of total expenses, are not specifically allocable to specific segments as the underlying assets are used interchangeably. Management believes that it is not practical to provide segment disclosures relating to those expenses, and accordingly these expenses are separately disclosed as “unallocated” and adjusted against the operating income of the Group.

Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Group’s chief operating decision maker is the Managing Director and Chief Executive Officer.

The Group has identified business segments as reportable segments. Accordingly, Information Technology (IT) Business and Business Processing Outsourcing (BPO) has been disclosed as business segments. Geographical information on revenue and business segment revenue information is collated based on individual customers invoiced or in relation to which the revenue is otherwise recognized.

Segregation of assets (except trade and other receivables), liabilities, depreciation and other non-cash expenses into various business segments has not been done as the assets are used interchangeably between segments and TechM is of the view that it is not practical to reasonably allocate liabilities and other non-cash expenses to individual segments as the same will not be meaningful.

Information on reportable segments for the year ended March 31, 2019 is given below:

A. Business Segments

₹ in Million

Particulars	For the year ended					
	March 31, 2019			March 31, 2018		
	IT Services	BPO	Total	IT Services	BPO	Total
