

Winning Ways

PMO in a Box

Accelerate your Project Management Success

WINNING WAYS

ACCELERATE YOUR PROJECT MANAGEMENT SUCCESS

In today's complex and competitive business environment, a well-honed Project Management Office (PMO) is an imperative to enable companies to strategize dovetailing of project results with business goals. PMOs have a pivotal role in developing capabilities, processes and tools to foster attitudes and behavior amongst business executives in a bid to achieve the desired results. Far too often, many well-intentioned projects are hamstrung because of vague and unclear understanding of what it takes to execute a project in sync with the business goals. Billions of dollars are lost each year due to failure of implementing best practices in project management. With onslaught of the novel Coronavirus, projects are facing several new challenges. Many project managers might have to take a step back from original plans in order to minimize impact on project schedule and cost.

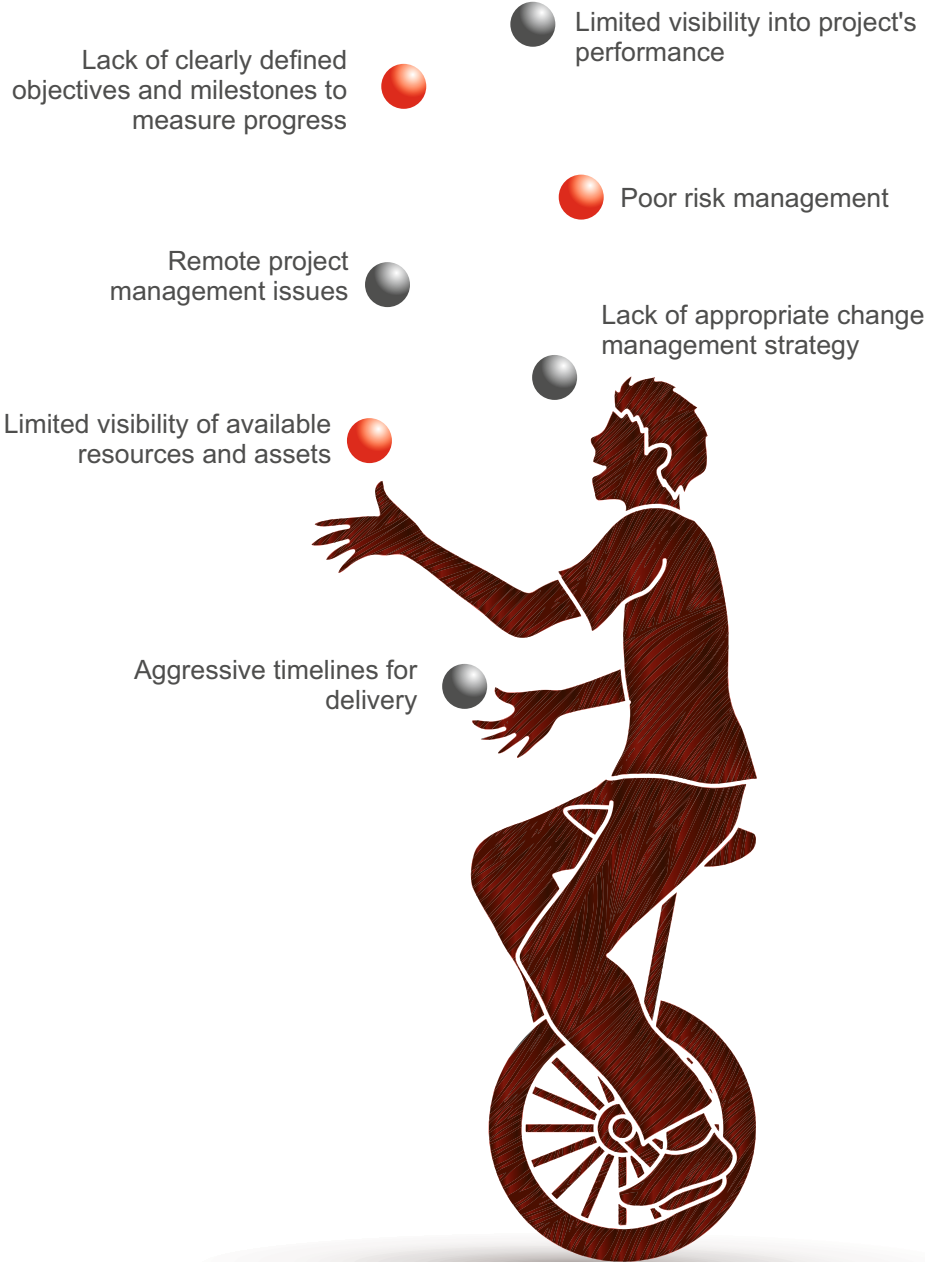

At Tech Mahindra, we assist organizations develop and improve their Project and Programme performance with our proven Project Management Consulting services. We use established methodologies, leading concepts and tools to ensure your PMO is delivering maximum value. We manage your projects from initiation to completion. No matter which industry you are in, if your active projects are missing milestones, our Project Management Consultants can help you get your projects back on track.

We show you how to win at Project Management!

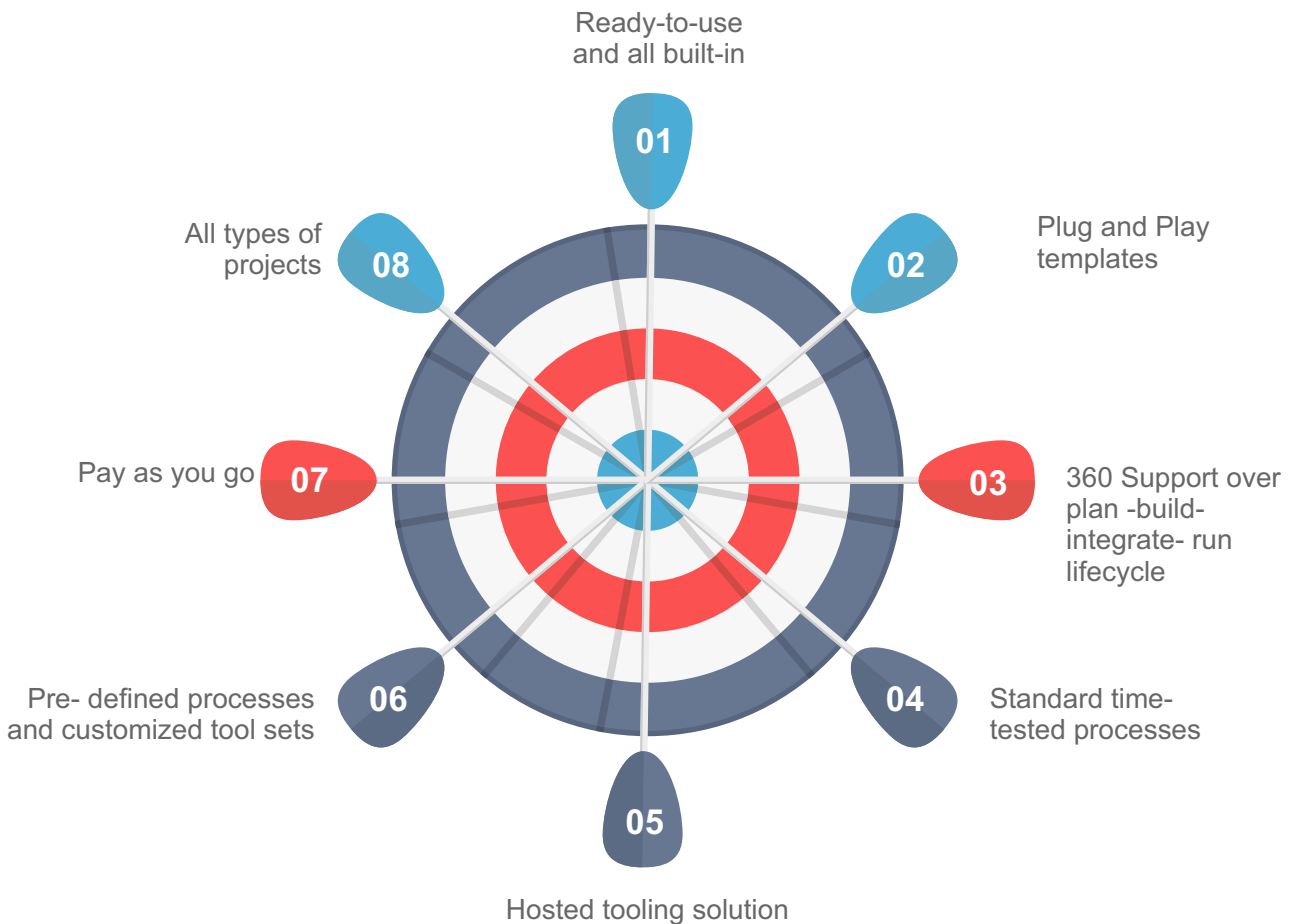

MITIGATE PMO CHALLENGES

Every project has its own set of challenges that threaten its success. At Tech Mahindra we believe your project is unique, which is why we provide comprehensive support to control the critical elements of cost, schedule, scope and risk. We aim at mitigating and addressing key challenges your business is facing.

ABOUT BE. TECH MAHINDRA CONSULTING

We are the Business Excellence team, Tech Mahindra's consulting unit. We help clients achieve business objectives in the digital era

- ❖ We work with clients to develop and implement digital transformation strategies that impact their products and business models
- ❖ We help our clients transform their operations and processes in line with this strategy
- ❖ We also help them build a key enabler for achieving these objectives: agility and automation in the technology function
- ❖ Our program and change management services ensure on-track implementation of the various transformation initiatives

All of these services are underpinned by proven methodologies, frameworks and tools. These are based on design thinking approaches that ensure stakeholder buy-in at each stage. Our clients find our global experience, collaborative approach, and the ownership we bring to ensure outcomes in every one of our engagements, as a key differentiator.
